Seventeen, fashion-obsessed, and gay, Abby Ives has always been content playing the sidekick in other people's lives. While her friends and sister have plunged headfirst into the world of dating and romances, Abby's been happy to focus on her plus-size style blog and her dreams of taking the fashion industry by storm. When she lands a great internship at her favorite boutique, she's thrilled to take the first step toward her dream career. Then she falls for her fellow intern, Jordi Perez. Hard. And now she's competing against the girl she's kissing to win the coveted paid job at the end of the internship. But really, nothing this summer is going as planned. She also unwittingly becomes friends with Jax, a lacrosseplaying bro-type who wants her help finding the best burger in Los Angeles, and she's struggling to prove to her mother/the city's celebrity health nut/that she's perfectly content with who she is. Just as Abby starts to feel like she's no longer the sidekick in her own life, Jordi's photography surprisingly puts her in the spotlight. Instead of feeling like she's landed a starring role, Abby feels betrayed. Can Abby find a way to reconcile her positive yet private sense of self with the image others have of her?

The Ninth Edition of PERSONALITY THEORIES continues to provide thorough coverage enhanced with helpful learning aids, opportunities for honing critical thinking skills, and integration of multicultural and gender-related issues. Each chapter focuses on one theory or group of theories and includes brief biographies that shed light on how the theories were formed. The author also provides criteria for evaluating each theory and cites current relevant research. A final chapter on Zen Buddhism covers a major non-Western theory of personality and serves to distinguish this program in the field. After being framed for stealing bake sale money, the five smartest boys in the eighth grade are imprisoned in a small room beneath their junior high school in Ho-Ho-Kus, New Jersey, and must use their nerdish powers to expose a conspiracy involving fast food, standardized testing, and a school full of overachieving zombies.

This book is a cumulation of a research program that began in the sum mer of 1978, when I was a doctoral student at the University of Missouri. What started as a graduate student' s curiosity about individual differ ences in need for personal control led to a personality scale, a few pub lications, some additional questions, and additional research. For reasons I no longer recall, I named this personality trait desire for control. One study led to another, and questions by students and colleagues often spurred me to apply desire for control to new areas and new questions. At the same time, researchers around the globe began using the scale and sending me reprints of articles and copies of papers describing work they had done on desire for control!. In the past decade or so, I have talked or corresponded with dozens of students who have used the scale in their doctoral dissertation and master's thesis research. I have heard of or seen translations of the Desirability of Control Scale into German, Polish, Japanese, and French. There is also a children's version of the scale. I estimate that there have now been more than a hundred studies conducted on desire for control!.
