An anthology of synchronicity by Peter Moon based upon his experiences of quantum phenomena surrounding Montauk Point. Occult secrets are discovered which lead to new revelations concerning the Egyptian pyramids, Mars and the ancient Pharaohs of Montauk. Heuristic investigation leads to the true meaning of the apocalypse and exposes the scientific facts behind the mystical Virgin Birth.

This sequel to The Montauk Project (see above) continues the pursuit of the mystery of time travel, the Philadelphia Experiment, and the Montauk Military base near New York City. It goes beyond the original time travel experiments and reveals the mysterious associations of the Cameron Clan with the genesis of American rocketry, the bizarre history of the electronic transistor and the magick of Aleister Crowley, Jack Parsons, and more.

At age 27, L Ron Hubbard clinically 'died' only to discover that he could remote view. From this state of consciousness, which would later be called 'exterior', he was able to access what he termed the answers to all of the questions that had ever puzzled philosophers or the minds of men. Transcribing this information into a work entitled Excalibur, which is still under lock and key to this day, he developed one of the most controversial movements in history: Dianetics and Scientology. The truth and import of the above can only be evaluated by the all out war which was waged by governmental forces and spy agencies to obtain the legally construed rights to the above mentioned work and all of the developments and techniques that ensued from it. 'The Montauk Book of the Dead' is the personal story of Peter Moon which not only pierces the mystery of death but gives an unbiased behind-the-scenes look at one of the most controversial figures in history and the bizarre legacy of his death. Read this book and expect to learn more than you ever thought possible.

Personal story of Preston Nichols and how radar was used to manipulate matter and time itself beginning with the Philadelphia Experiment and was further developed at Montauk. This edition includes the original text plus details over two decades worth of investigation leading to the scientific proof of actual time travel capabilities plus patent.

During WWII there was an attempt to achieve invisibility called the Philadelphia Experiment. Afterward occurred the now famous time travel experiments named after the underground base at Montauk Point on Long Island. Now this third book in the Montauk series summarises the events of the first two books and then takes the reader on an even more spectacular journey. The discovery of ancient pyramids at Montauk leads to a connection with Ancient Egypt and its position as a gateway to other dimensions. Like a psychic detective story beyond the occult, venture into an unprecedented investigation of the mystery schools of the earth and their connection to Egypt, Atlantis, Mars and the star Sirius. Chapters on new psychotronic weapons, the history of Mars, the strange death of Ian Fleming in connection with the Philadelphia Experiment, underground at the Montauk Base.

An adventure in consciousness that reveals a vast array of new information. From the German flying saucer programme to the SS mission in Tibet, we are led on a path that gives us the most insightful look ever into the Third Reich and the holy relics they sought in their ultimate quest: the ark of the covenant and the holy grail. Going beyond the spear of destiny and other attempts to unlock the mysterious occultism of the Nazis, Peter Moon peers into the lab of the ancient alchemists and their white powered gold in order to explain the secret meaning behind the Egyptian and Tibetan 'Books of the Dead'.

Chronicles the most amazing and secretive research project in recorded history. Starting with the Philadelphia Experiment of 1943, invisibility experiments were conducted aboard the USS Eldridge that resulted in full-scale teleportation of the ship and crew. Forty years of massive research ensued, culminating in bizarre experiments at Montauk Point that actually manipulated time itself. The controversial lectures by Al Bielek on the Montauk Project and the Philadelphia Experiment are similar to the information in this book. The book includes diagrams and photos of the time-travel devices themselves, plus photocopies of documents and schematic diagrams.

Relates the author's experience of alien abduction and government manipulation as he discovered his role in a time-travel experiment called the Montauk Project

For the first time, Preston reveals his employment at Brookhaven Labs and how his connections in the music industry were used for mind control and manipulation of the masses. Ultimately, Preston's real-life adventures lead to time travel, his own role in the future, and the efforts of his adversaries to arrest him and put him permanently out of commission. This includes the bone chilling story of John Ford, Preston's colleague, who is locked up without a trial for his own efforts to expose the truth. In a remarkable twist of fate, mysterious forces rescue Preston and begin a documented investigation and eventual conviction of the most politically powerful man on Long Island. This book reveals more layers of mystery in mankind's epic quest to understand the paradox of time and the imprisonment of consciousness.

"A true life adventure where the crossroads of parallel universes meet to reveal the core formula of reality.
