"You can be lonely anywhere, but there is a particular flavor to the loneliness that comes from living in a city, surrounded by thousands of strangers. The Lonely City is a roving cultural history of urban loneliness, centered on the ultimate city: Manhattan, that teeming island of gneiss, concrete, and glass. What does it mean to be lonely? How do we live, if we're not intimately involved with another human being? How do we connect with other people, particularly if our sexuality or physical body is considered deviant or damaged? Does technology draw us closer together or trap us behind screens? Olivia Laing explores these questions by travelling deep into the work and lives of some of the century's most original artists, among them Andy Warhol, David Wojnarowicz, Edward Hopper, Henry Darger and Klaus Nomi. Part memoir, part biography, part dazzling work of cultural criticism, The Lonely City is not just a map, but a celebration of the state of loneliness. It's a voyage out to a strange and sometimes lovely island, adrift from the larger continent of human experience, but visited by many - millions, say - of souls"--

All his life, Chris Butsch lived on the fast track to success. Go to school, get good grades, get a job, profit. That's how it works, right? So he thought, until he was diag-nosed with clinical depression in his early twenties. Determined to find a long-term cure, Chris began a worldwide quest to conquer the plague of unhappiness blanketing the Millennial generation. On the way, Chris interviewed hundreds of psychologists, swamis, millionaires, monks, and Millennials from thirty-one different countries, devouring decades of positive psychology research as he went. Eager to share his discoveries, Chris walks readers through the essentials of building a happy life: Discerning the difference between true happiness vs. fleeting pleasures; Tailoring your environment for optimum performance through improved sleeping habits and exercise goals; Optimizing focus and gray matter through meditation and mindfulness. With wit, humor, and charm, Chris artfully captures the struggle of Millennials nationwide while crafting intelligent, actionable, and science-backed solutions. A must-read for any young person, or anyone trying to make their way in the world, The Millennial's Guide to Making Happiness, Volume I, puts a humorous, personal, and scientific spin on the pursuit of happiness.

"Based on the latest research in reading instruction, Endeavor is designed to build adult learners' vocabulary, reading and writing skills. Each student book in the series contains ten thematic lessons that relate to students' life experiences and interests: Health, Work, Family, Community, School and education, Civics and government, Sports and recreation, Housing and transportation, Food, Consumerism and money. Each lesson includes: Lesson objectives and key vocabulary; Prereading activities and midreading questions that keep students engaged and aid comprehension; Fiction or nonfiction reading passage written specifically for adult learners; "After you read" exercises that reinforce vocabulary, reading comprehension, and writing skills; "Write about it" activities that guide students through the writing process using graphic organizers."--P.
