Please Don't Touch! is the second studio album by English guitarist and songwriter Steve Hackett. It was released in April 1978 on Charisma Records, and it is his first album released after leaving the progressive rock band Genesis in 1977. Hackett had released Voyage of the Acolyte (1975) during his time in Genesis. For his next solo release he recorded in the United States and hired various ...

Please Don't Touch is a book of poetry by the artist Moan Lisa, who was writing under the pen name Maria Morisot during the poems' conception. They are poems from the heart, on the subjects of loss, of love, and of letting go.

Teaching Self-Respect Through Example: Don't Touch My Hair is based on the experience of many children and adults who deal with microaggressions daily. The story follows a variety of children with different hair textures and protective hairstyles as they stand up to racism. The goal of this story is to teach children with curly, kinky hair to love and stand up for their hair.

An entertaining picture book that teaches the importance of asking for permission first as a young girl attempts to escape the curious hands that want to touch her hair. It seems that wherever Aria goes, someone wants to touch her hair. In the street, strangers reach for her fluffy curls; and even under the sea, in the jungle, and in space, she's chased by a mermaid, monkeys, and poked by aliens...until, finally, Aria has had enough! Author-illustrator Sharee Miller takes the tradition of appreciation of black hair to a new, fresh, level as she doesn't seek to convince or remind young readers that their curls are beautiful--she simply acknowledges black beauty while telling a fun, imaginative story.

EACH DAY IN AMERICA THOUSANDS OF INNOCENT CHILDREN, WOMEN AND MEN ARE BEING EMOTIONALLY, PHYSICALLY, AND SEXUALLY ABUSED. THE DEVASTATING IMPACT LEAVES MOST VICTIMSTRAUMATIZED FOR THE REST OF THEIR LIVES, CAUSING A HIGH PERCHANCE OF EMOTIONAL DAMAGE AND ADDING TO THE INCREASING SUICIDE RATE. AFTER THOROUGH RESEARCH AND HER OWN PERSONAL SEXUAL AND PHYSICAL ABUSE JOURNEY, AUTHOR TIONA BROWN SMITH HAS WRITTEN AN INSIGHTFUL BOOK TO HELP PROTECT OUR CHILDREN AND LOVED ONES. THIS GUIDE PROVIDES TOOLS TO RECOGNIZE SUSPICIOUS BEHAVIORS FROM PREDATORS, AS WELL AS REMOVING THE STIGMA ATTACHED TO SEXUAL ABUSE VICTIMS. THE CONVERSATION AND HEALING CONTINUES!

Funny sarcastic blank lined notebook for writing. Great gift for men and women for any occasion. 120 pages, 6"x9" handy size.

With sharp, timely insight, pitch-perfect pop culture references, and her always unforgettable voice, New York Times bestselling author, comedian, actress, and producer Phoebe Robinson is back with her most must-read book yet. In her brand-new collection, Phoebe shares stories that will make you laugh, but also plenty that will hit you in the heart, inspire a little bit of rage, and maybe a lot of action. That means sharing her perspective on performative allyship, white guilt, and what happens when white people take up space in cultural movements; exploring what it's like to be a woman who doesn't

want kids living in a society where motherhood is the crowning achievement of a straight, cis woman's life; and how the dire state of mental health in America means that taking care of one's mental health—aka “self-care”—usually requires disposable money. She also shares stories about her mom slow-poking before a visit with Mrs. Obama, the stupidly fake reassurances of zip-line attendants, her favorite things about dating a white person from the UK, and how the lack of Black women in leadership positions fueled her to become the Black lady boss of her dreams. By turns perceptive, laugh-out-loud funny, and heartfelt, *Please Don't Sit on My Bed in Your Outside Clothes* is not only a brilliant look at our current cultural moment, it's also a collection that will stay with readers for years to come.

Sabrina is entering Grade 4 and she has become a bully. She is not doing well in school and is more fascinated with boys than getting good grades. She finds herself doing things that children her age should not be doing/ Let's see how Sabrina's past will impact her life as she journeys through middle school.

Pine Cove Island is the kind of enchanting place where anything is possible . . . The Holloway women each have a special gift, passed down through generations, each one a little different. Juliette possesses a magical green thumb, which makes her job managing the local florist shop a dream. She may be a bit wild, but she knows what she wants: to save enough money to buy the shop from her boss. Then in marches Logan O'Connor, more annoyingly handsome than ever, turning all her plans upside down. Logan hasn't been back on Pine Cove Island since he was eighteen and broke Juliette's teenage heart. Now it turns out he's her boss's nephew—and will be spending his days remodeling the shop and barking orders. At her. For the sake of the business, Juliette will have to ignore their simmering attraction and work with Logan. But that doesn't mean she has to make things easy for him. Because no one knows better than she that one tiny, perfectly planted bit of garden magic could uproot Logan's own plans and keep him out of her way. And nothing would make her happier. At least that's what she thinks . . . Praise for Tara Sheets' previous book, *Don't Call Me Cupcake* “I loved this book! Beautifully written and the story has stayed with me.” —Jude Deveraux “Funny, sexy, charming and full of practical magic. . . . Fans of Sarah Addison Allen will love this novel.” —RT Book Reviews

One of music's most notorious frontmen leads a headbanging, voyeuristic odyssey into sex, drugs, and rock 'n' roll that rivals Motley Crue's *The Dirt* and Aerosmith's *Walk This Way*. He made Keith Richards look like a choirboy and Mick Jagger look like a nun. And as the head of the legendary band Motorhead, he ploughed his way through so many drugs, so many women, and so much alcohol, that he gave a whole new meaning to the term Debauchery. And he changed the face of music, conquering the rock world with such songs as “Ace of Spades,” “Bomber,” and “Overkill” and inventing a whole new form of music—speed metal. At the age of 57, Lemmy Kilmister remains a rock icon, both for his monumental talent and his hedonistic lifestyle. In *White Line Fever*, he recounts his incredible, pleasure-filled, and death-defying journey through music history. Born on Christmas Eve, 1945, in Wales, to a vicar and a librarian, Ian Fraser Kilmister learned early, he as he forthrightly puts it, “what an incredible pussy magnet guitars were.” A teenager at the birth of rock 'n' roll, Lemmy idolized Elvis and Buddy Holly and soon joined a band of his own. He would eventually head to London, where he became a roadie for Jimi Hendrix, played in Opal Butterfly, and joined space rockers Hawkwind's lineup in 1971. Four years later, speedfreak Lemmy was fired from the band for doing the wrong drugs. Vowing to form the “dirtiest rock 'n' roll band in the world,” he formed Motorhead, arguably the heaviest and loudest heavy metal band to ever take the stage. During their twenty-seven-year history, Motorhead would go on to release twenty-one albums, including the #1 record *No Sleep 'Til Hammersmith* and would earn a Grammys nomination. Lemmy would also cheat death on more than one occasion, most notoriously in 1980, when his doctor told him, “I cannot give you a blood transfusion because normal blood will kill you...and your blood would kill another human being, because you're so toxic.” But through more than two decades of notorious excess, Lemmy has lived to tell the warts-and-all tale of a life lived over the edge. *White Line Fever*, a tour of overindulgence, metal, and the search for musical integrity, offers a sometimes hilarious, often outrageous, and always unbridled ride with the leader of the loudest rock band in the world.
