Publisher Description

The late-medieval Portuguese who arrived in Africa were colonizers in the roman style, gold merchants on an imperial scale, conquistadores in the Hispanic tradition. Although their empire struggled to survive centuries of Dutch and English competition, it revived in the twentieth century on a tide of white migration. Settlers, however,

Access Free Portuguese A Linguistic Introduction Hardcover

brought racial conflict as well as economic modernisation and the Portuguese colonies went through spasms of violence which resembled those of Algeria and South Africa. Liberation eventually came but the peoples of the old colonial cities clung tightly to their acquired traditions, eating Portuguese dishes, writing Portuguese poetry and studying in Portuguese universities.

This textbook provides a user-friendly guide to the study of the phonological, morphological, and syntactic properties of Latin. It combines clear explanations with

Access Free Portuguese A Linguistic Introduction Hardcover

rich examples and offers a new approach to the study of Latin from the perspective of contemporary linguistics that will appeal to undergraduate students and researchers alike.

The Handbook of Portuguese Linguistics presents a comprehensive overview of research within the Brazilian and European variants of the Portuguese language. It includes chapters focusing on the key areas of linguistic study, including phonetics, phonology, morphology, syntax, semantics, pragmatics, linguistic change, language variation and contact, and acquisition. Essential reference

culture, and the politics of language. There are also up-to-date separate chapters on language and the brain, computational linguistics, writing, child language acquisition, and second-language learning. The breadth of the textbook makes it ideal for introductory courses on language and linguistics offered by departments of English, sociology, anthropology, and communications, as well as by linguistics departments.

This accessible introductory reference source surveys the linguistic and cultural

with confidence.

Presents an introduction to Brazilian Portuguese, covering the history of the language, pronunciation, grammar, vocabulary, Brazilian culture, and traveling in Brazil.

A masterpiece of linguistics scholarship, at once erudite and entertaining, confronts the thorny question of how—and whether—culture shapes language and language, culture. Linguistics has long shied away from claiming any link between a language and the culture

Access Free Portuguese A Linguistic Introduction Hardcover

of its speakers: too much simplistic (even bigoted) chatter about the romance of Italian and the goose-stepping orderliness of German has made serious thinkers wary of the entire subject. But now, acclaimed linguist Guy Deutscher has dared to reopen the issue. Can culture influence language—and vice versa? Can different languages lead their speakers to different thoughts? Could our experience of the world depend on whether our language has a word for "blue"? Challenging the consensus that the fundamentals of language are hard-wired in our genes and thus universal, Deutscher argues that the answer to all these

Access Free Portuguese A Linguistic Introduction Hardcover

questions is—yes. In thrilling fashion, he takes us from Homer to Darwin, from Yale to the Amazon, from how to name the rainbow to why Russian water—a "she"—becomes a "he" once you dip a tea bag into her, demonstrating that language does in fact reflect culture in ways that are anything but trivial. Audacious, delightful, and field-changing, *Through the Language Glass* is a classic of intellectual discovery.
