A Six Week Experiential Workshop Manual Presented by Phyllis Benfield, RM We as a human collective are leaving an energetic time that has been primarily ruled by masculine energy. All in life is balance. To be a fully actualized human being we, whether male or female, must embody in balance masculine and feminine energies. All manifestation begins in the vibration of the feminine energy and the practice of utilizing the feminine energies. Feminine energy is creation, intuition, emotion, visualization, unconditional love, and non-judgment. The masculine energy is expression, action, and doing. This course will bring you back to your knowing of the feminine energy that is abundant inside of you. And using that feminine energy will help you design and live your life as a soul on fire.

If it is possible for a book to be healing, spiritual, smart, and sexy at the same time, then this is it. From Bestselling author and creator of the Man Whisperer Multimedia Series comes the new book Soft is the New Power by Deya "Direct" Smith. What if everything you thought you understood about communicating with men was wrong? Would you be willing to re-calibrate your thinking to possess the love and life you desire? Do you realize that you have an innate power to attract amazing relationships through your ability to communicate using a soft and strategic strategy? Smith shows readers how to return to the organic softness that is feminine power. Many women are losing themselves in an effort to keep up with the male-dominated workplace and the new-age approaches to dating and relationships. Too many successful and ambitious career driven women for various reasons tend to use masculine or hard energy to survive or succeed, and as a result, not only are they exhausted, but they become hardened in communications. Smith encourages readers to take a stronger, yet softer position to gain what you want. Women have an innate power to attract amazing relationships through initiative, understanding and acceptance, coupled with the ability to approach life with a soft touch. Knowing how and when to turn on your power, does not negate the need to play hard ball when necessary, but it definitely gives you an advantage in work, play and at home. God made us the softer sex for a reason. Use it to your advantage! This book will help you to: Identify and embrace your feminine power and emotional intelligence; Appreciate that being soft does not make you weak it makes you wise; Maximize your soft power to attract and develop personal and professional relationships; Give yourself permission to succeed and win like a woman and not like a man; Become a 'Man Whisperer' and learn the art of speaking to a man's heart. PRAISES FOR SOFT IS THE NEW POWER: "The Man Whisperer" has created a powerful new guide. Soft is the New Power is a book that will speak to the soul of many women. Our generation has been taught that in order to achieve and succeed, we needed to deny our feminine powers. Miss Deya Direct dismisses this BS and tells the truth! We need to bring all of ourselves to rule the world from the boardroom to the bedroom. Deya presents the keys to feminine power and success. If you want to rock your mission with woman-power, then this book is for you. I will definitely

be sharing it with my life coaching clients and speaking audiences." - Abiola Abrams, ESSENCE advice columnist and founder of SacredBombshell.com "Ben & I have been married for almost 16 years...and I must say because of what Deya's book "Soft Is the New Power" is talking about every woman should go out and get it...because it's a key ingredient in that if a woman gets a hold to it she can run the world - really!" - Jewel Tankard, Star of Bravo's Thicker Than Water, Author of Millionaire Lifestyle Understanding the Price and the Process "Deya "Direct" Smith has been the resident "Man Whisperer" for the Single Wives Club, and has helped us to manifest our soft power, in her much-anticipated new book "Soft is the New Power," I am excited that women everywhere will finally get the tools they need to realize that you don't have to be masculine because you can win like a woman, being fly & feminine!" - Koereyelle Dubose, Founder of The Single Wives Club "Today's woman is stronger. She is a survivor. She is more prepared and better equipped than ever before to be a BOSS! But during this transformation some of our women have lost their, sweet, sensitive, nurturing side. You can have your respect and adoration in every aspect of your life, but you can't be all soft and you can't be all powerful. Deya teaches us in her new book, "Soft Is the New Power" how to be both at the same time." - Steven James Dixon, Founder of LoveCapacity.com"

Simply Feminine is a groundbreaking look at a rarely-explored topic: how men view women's femininity. After a decade of research and thousands of hours talking with men, Morgan Wonderly has uncovered timeless truths about femininity that were buried under negative cultural attitudes. Simply Feminine gives men a voice on a subject previously off-limits to them. This eye-opening guide confirms femininity is the greatest forces on the planet! It is femininity that influences and inspires realmen to fully show up as providers, protectors, and heroes. The author puts to rest, once and for all, the widespread notion that to be feminine is to be weak or subordinate, when nothing could be further from the truth.

A tantric guide to discovering the hidden gifts of menopause • Explains why Tantra works for menopausal women and how their bodies are naturally entering a more tantric phase focused on creative, spiritual energy • Details tantric practices and tools to connect with the body ' s inner intuitive wisdom, remove the " performance pressure " of conventional sex, and set the stage for passion and pleasure to thrive both in the bedroom and beyond • Explores what to expect physically, emotionally, and spiritually, and in relationships As women, we live so closely to the body--through menstruation, pregnancy, birthing, motherhood, and then menopause. Each of these transitions changes a woman in a multitude of ways, most of which are celebrated. Yet menopause often causes women to feel despondent, as if our bodies are broken or deficient, especially when it comes to sex and intimacy. However, as tantric teachers Diana Richardson and Janet McGeever show, menopause has many hidden gifts to offer if we learn to embrace rather than suppress the changes this natural transition brings. Shining the light of tantric intelligence on menopause, the authors reveal how to explore and experience menopause in a radically positive fashion, suffused with a sense of vital awakening and " re-wilding " of a woman ' s sexuality, creativity, and spirituality. Explaining what to expect physically, emotionally, and spiritually, as well as what it means for relationships, they detail tantric practices and tools to connect with the body ' s inner intuitive wisdom and heart energies, remove the " performance pressure " of conventional sex, and set the stage for passion and pleasure to thrive both in the bedroom and beyond. They explain why Tantra works for menopausal women and how their bodies are naturally entering a more tantric phase focused on creative, spiritual energy. They explore how, in Tantra, sex is practiced not for the sake of sex itself but as an instrument for going " beyond " sex, for better health, improved relationships, enhanced self-control and emotional balance, and even higher states of consciousness. They also offer many self-help practices, exercises, and meditations to reinforce a positive attitude toward menopause and overcome many of the physical and sexual problems, such as pain, dryness, loss of interest, and loss of libido. Providing a guide for women who are approaching, experiencing, or have gone through menopause, the authors show how a more informed, tantric approach to menopause allows each woman to deepen her trust in the perfect functioning of the female body, embrace her natural sexual response, and reconnect with her inner self.

Akasha is a precocious young girl with dreams of motherhood. She lives in a fantastical world where most of the oceans circulate in the aquamarine sky waters. Before she was born, the Helios, a tribe of angels from the sun, came to Earth to deliver the Surge, the next step in the evolution of an embryonic human race. Instead they spawned a race of hybrids and infected humanity with a hybrid seed. Horque manifests on Earth with another tribe of angels, the Solarii, to rescue the genetic mix-up and release the Surge. Akasha embarks on a journey from maiden to mother and from apprentice to priestess then has a premonition that a great flood is imminent. All three races – humans, hybrids and Solarii – face extinction. With their world in crisis, Akasha and Horque meet, and a sublime love flashes between them. Is this a cause of hope for humanity and the Solarii? Or will the hybrids destroy them both? Will anyone survive the killing waters of the coming apocalypse?
