Matrix develops grammar, vocabulary and the four main skills within an exam context. Engaging texts provide authentic input for the development of students' reading and listening skills, and provide cultural information. Each unit is theme-related, with topics chosen for their appeal to 16-19 year-olds. Grammar is presented and practised in a way that allows students to reflect on their understanding of English, and see it fall into place. Exam training is highlighted throughout the course via 'Quick tip' and 'Exam training' boxes which offer students practical advice on developing both study skills and examination techniques. Extensive vocabulary development increases students' active and passive knowledge. Frequent consolidation and recycling exercises build confidence and help students to add interest and variety to their English. Speaking is practised through a wide range of controlled and freer activities, encouraging students both to take part in more structured discussions and to express their own ideas. Listening texts are based on authentic materials and feature a variety of speakers and accents. A comprehensive writing syllabus gives students step-by-step guidance in producing a wide range of text types. The integration of practice and extension material supports mixed-ability classes. Extensive Processing Instruction (E.P.I.) principle that learners learn best from comprehensible and highly patterned input flooded with the target linguistic features, the authors have carefully designed each and every text and activity to enable the student to process and produce each item many times over. Alongside the macro-units you will find: Question-skills units: two pages on understanding and creating questions. These micro-units occur after every unit in the book, so as to recycle the same question patterns in different linguistic contexts; Revision workouts: these are retrieval practice tasks aimed at keeping the previously learnt vocabulary alive. They too occur at regular intervals, after every other unit. Please note that The Language Gym language-gym.com website is an ideal supplement to this booklet. Our website recycles every single lexical and structural item found in this book many times over via self-marking vocabulary, reading & listening workouts, in addition to engaging and fun games and a powerful Verb and Vocab Trainer.
