As high frequency words, prepositions are one of the most dynamic parts of speech. Perfect Prepositions shows the meanings and usage of prepositions in Modern English. Used in unstressed syllables and pronounced fast and softly in oral speech, prepositions are often barely distinguishable to the listener. Prepositions can also pose communication problems for English learners and even native speakers. Author Galina Kimber provides general and specific information on the meanings of prepositions as well as ideas on usage as they are applied today. Living languages constantly evolve over time, and reference books like Perfect Prepositions reflect these changes. Perfect Prepositions details different ways of defining the meanings of almost one hundred prepositions written in semantic categories and subcategories that are easy to understand and use in daily life. It's a useful resource for those desiring to improve their communication skills.

Using English provides an invaluable introduction to the study of English for students of language and linguistics. It examines the way in which the English language is used today in different contexts and in many parts of the world, by both native and non-native speakers. Issues of language use in speech and writing, in work and play, and in persuading and informing are explored and illustrated with data and readings from around the English-using world. The reader is introduced to the adaptations and variations in English language use and to debates relating to how these are perceived and evaluated by different groups of users. For this second edition, key material from the earlier bestselling book, Using English: From Conversation to Canon, has been reorganized and updated, and entirely new material has been introduced. This new content is based on recent research in the field, as well as on contemporary thinking about how speakers and writers use the English language to accomplish a huge range of purposes in a variety of linguistic and cultural settings. Drawing on The Open University's wide experience of writing accessible and innovative texts, this book: explains basic concepts, easily located through a comprehensive index, includes contributions by experts in the field, such as Mike Baynham, Adrian Beard, Guy Cook, Sharon Goodman,

SUPERwrite gives on screen help with grammar, spelling and collocation when you are writing * Hundreds of interactive exercises

This new collection by Professor Diana Eades addresses the way non-traditional language Aboriginal speakers of English use and speak English. Here she draws together some of her best writing over the past thirty years. Older chapters are brought up to date with contemporary reflections, informed by her many years' experience in research and teaching as well as the practical applications of her scholarly work. The introduction includes an overview about Aboriginal ways of speaking English and the implications for both education and the law, as well as discussing the use of the term 'Aboriginal English'. To understand Aboriginal ways of speaking English leads to be better understanding Aboriginal identity, a better engagement in intercultural communication, and learning about the complexities of how English is used by and with Aboriginal people in the legal process. This is invaluable reading for university undergraduates in a range of disciplines but also postgraduate courses where theres little information available. Educated readers and students with or without a linguistics background will find the book accessible.
