Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

It is necessary for social work students to understand fully how people develop and how the different stages of life, from birth to older adulthood, require them to use different skills and approaches. Covering all stages of the life course, this essential guide looks at the ways in which people develop before birth, as babies and children, through to adolescence and on to young, middle and older adulthood. With this knowledge embedded, social workers are able to establish and maintain effective partnerships with both service users and other professionals.

This fully updated and expanded third edition of a classic text provides a comprehensive introduction to key theory, knowledge, research and evidence relating to practice learning in social work and social care. It outlines the theories that underpin social care practice, the main assessment models and interventions, and also offers guidance on the effective implementation of assessment across a range of professional contexts. Contributors from research, policy-making and practice backgrounds offer guidance on how to apply policy and research findings in everyday practice while ensuring that the complex needs of each individual service user are met. This third edition also features new chapters on group work, social pedagogy and personalisation. The Handbook for Practice Learning in Social Work and Social Care is an essential resource for ensuring effective evidence-based practice which will be valued by students, educators and practitioners alike.

Created through a "student-tested, faculty-approved" review process with students and faculty, PSYCH 2ce is an engaging and accessible solution that accommodates the diverse lifestyles of Canadian students at a value-based price. PSYCH 2ce is an extremely concise, visually appealing text that introduces psychology concepts without any delays or distractions. Designed for today's students in every detail, this unique solution was developed through conversations, focus groups, interviews, surveys, and input from thousands of students and hundreds of faculty members like you. From its abbreviated, no-nonsense title to its engaging, effective content, PSYCH 2ce ushers in a groundbreaking new genre of introductory psychology texts that's perfect for modern learners.

Spencer A. Rathus provides a hands-on approach in the chronologically organized CHILDHOOD: VOYAGES IN DEVELOPMENT, Sixth Edition to support you in helping students understand the link between developmental theories and research as well as their application to everyday life. Using his proven pedagogical approach, interspersed with personal and humorous stories, Rathus captures the wonder of child development while portraying the field of development as the rigorous science that it is. This edition is updated throughout with hundreds of new references and relevant information from the new DSM-5. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

"Social Welfare in Canada: Understanding Income Security", Second Edtion provides an overview of the income security system in Canada - its historical development, its programs, and the major policy dbates in this field. With this introductory text, students will develop an understanding of the many income security programs and policies in Canada, how they fit together, and how they work (or fail to work) in practice.

Created through a "student-tested, faculty-approved" review process with over 150 students and faculty, PSYCH 3 is an engaging and accessible solution to accommodate the diverse lifestyles of today's learners.
