Following on from Writers at Work: The Paragraph and Writers at Work: the Short Composition, Writers at Work: The Essay will teach the basics of academic essay writing to intermediate-level students. In Writers at Work: The Essay, college and university students use the process approach to write different genres of essays common at the post-secondary level, the most important being expository writing, persuasive writing, and timed essay exams. Each chapter uses the same five-step approach to writing that is used in the two lower-level books. In each chapter, students analyze a model essay, noticing key organizational and linguistic features; brainstorm ideas; write multiple drafts; revise their work; engage in peer reviews; and share their finished work. Chapters recycle and build upon previously taught material.

Essays are a big part of schoolwork. They can be found in newspapers, books, and magazines. There are several types of essays but when you write to give information and facts about a specific topic, it ' s writing an informational essay. This book will give you all the tips on staying organized, how to perform your research, and explain the topic or process clearly for your readers. Tips on sequencing, cause and effect, and comparing and contrasting are given to ensure your next informational essay is a winner! This book will allow students to refer to details and examples in a text when explaining what the text says explicitly and when drawing inferences from the text.

Discourse and Language Education is part of the Cambridge Language Teaching Library series. Discourse analysis describes how such communication is structured, so that it is socially appropriate and linguistically accurate. This book gives practical experience in analyzing discourse and the study of written language. The analyses show the ways we use linguistic signals to carry out our discourse goals and the differences between written and spoken language as well as across languages. This text can be used as a manual in teacher education courses and linguistics and communications courses. It will be of great interest to second language teachers, foreign language teachers, and special education teachers (especially those involved with the hearing impaired).

4LTR Press solutions give students the option to choose the format that best suits their learning preferences and needs. This option is perfect for those students who focus on the textbook as their main course resource. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

All the books in this series are thoroughly researched, frequently updated, and packed with relevant content that has been prepared by authors with more than a decade of experience in the field.

This book is written for high school students and is based on my experience in teaching and practicing civil engineering. The solution of each problem includes the standard high school solution. In addition there is a check on the solution. This is followed by an alternate solution or alternate solutions. It concludes with a formula that is a general solution for problems of this type. This is followed by substituting the given data in the general formula.

For centuries we've believed that work was where you learned discipline, initiative, honesty, self-reliance--in a word, character. A job was also, and not incidentally, the source of your income: if you didn't work, you didn't eat, or else you were stealing from someone. If only you worked hard, you could earn your way and maybe even make something of yourself. In recent decades, through everyday experience, these beliefs have proven spectacularly false. In this book, James Livingston explains how and why Americans still cling to work as a solution rather than a problem--why it is that both liberals and conservatives announce that "full employment" is their goal when job creation is no longer a feasible solution for any problem, moral or economic. The result is a witty, stirring denunciation of the ways we think about why we labor, exhorting us to imagine a new way of finding meaning, character, and sustenance beyond our workaday world--and showing us that we can afford to leave that world behind.
