Apprentice mage Chance Fortunato has faced off with a lot of nasty things. Power hungry vampires, abusive alpha werewolves, and deranged cultists. But none of his training under his mentor Dr. Corwin has prepared him for the trial he is about to face: Junior Prom. While investigating an occult group, Chance discovers something truly sinister: an event known as the Rending will fall on the night of prom, and every circle of demon-worshippers in New Essex is looking for one girl: The Half-Caste Chylde. Some want to capture her, others want to kill her, for her blood is the key to controlling Mammon's Horde and collecting on the true purpose of the Rending: to break a demonic contract without giving up what was bargained for or losing one's soul. As if things weren't bad enough, Chance learns that if the Horde is not controlled by the blood of the Half-Caste Chylde, it will break free to fulfill a plan of its own, to slaughter one hundred innocents as a sacrifice to release Mammon, the original ruler of Hell. Caught between two terrible choices, Chance's job is made all the more difficult as the past begins to catch up to his mentor and himself. Old debts come due, forgotten wounds are reopened, and alliances shift in unexpected directions as Chance fights to save both his classmates and the Half-Caste Chylde, whoever she is. With the truth closer than he realizes, can Chance do the impossible, save the day and survive taking up the mantle of Prom Knight?

At fifteen, Chance Fortunato has seen more evil than most people ever will. Indentured by his father to the demon count Dulka, he's been taught dark magick and forced to do his Infernal master's dirty work for eight years. But now Chance has figured out a way to defeat his master and free himself. His new life with his mother and sister is far from easy, and freedom has its own perils. Normal life is hard enough, but even in a mundane looking high school, there are paranormal threats from both sides of the mystical fence. When his new mentor is murdered, Chance knows he is the only one who can track the killer down. To bring his mentor's killer to justice, Chance will have to fight evil on its own terms, and discover if that makes him a hero...or a monster.

Being a normal teenager is hard. For Chance Fortunato, former demon's apprentice and reforming warlock, it's almost impossible. On the outs with Shade, his alpha werewolf girlfriend, behind on his magickal studies and still hunted by the Conclave, Chance thinks his life can't get any worse. But when an empath named Dani asks him to find her missing girlfriend, Chance's life suddenly spirals out of his control. Caught by the Conclave, he finds himself facing a Trial by Ordeal. To save himself and his new mentor Dr. Corwyn, Chance must find the stolen Maxilla Asini, a powerful sword that can change the balance of power between the magi and the forces of the Nine Hells. As he searches for the Maxilla and continues his search for the missing girl, he discovers a sinister link between Dani's abducted girlfriend, the disappearances of other teens in New Essex, and the politics of the local vampire coven. Caught between multiple forces, Chance soon discovers that his only hope may be the missing Maxilla. With the forces of both good and evil aligned against him, will a bad attitude, the help of his friends and a little faith be enough to help Chance beat the biggest challenge of his life?

The Franklin Academy is the most prestigious magick school in the US, with the highest admission standards, and tuition to match. Any student would be honored to go at all, much less get a scholarship. Not Chance Fortunato. He'd much rather stay at home and study under his mentor, Dr. Corwin. But when a student is attacked and his soul is ripped from his body, Chance knows he has to stay. Not only must he prove his innocence, but he is the only person in the state who has experience fighting the ancient blood magick that is being twisted to a new and terrible purpose. The stakes have never been higher, and Chance has never faced odds like these before. Stripped of his usual

network of friends and allies, can he stop the attacks before they strike too close to home? Or will he be the next victim of a dark and terrible sorcery?

For seventeen-year-old Ashley St. Helens, senior year is an endless stressfest with no hope in sight. Since her parents' death, she's had to deal with her micro-managing step-monster and her two narcissist step-sisters, whose fashion fetishes just make Ashley feel worse about her oversized feet. With dirty dishes and stinky laundry piling up at home, it seems that the Universe has deemed her the real-life Cinderella, especially since popular Jeff Prince has forgotten she exists. With help from her drag queen fairygodwhatever—and just the right shoes—Ashley finds her voice and fights back against the "perfect" materialistic life that traps her. But will her soulful transformation translate into the life she wants to have? Will she be able to escape to college, or will she have to give up on that dream? Post-modern, colorful, and quirky, Kristen Caven paints a relatable picture of teenage insecurities that will inspire readers to spark new conversations with their families about responsibility and empathy, morality and wastefulness, life choices, cross-dressing, and best of all, cleaning the house. A must-read for anyone who loves vintage footwear! This updated fourth edition includes bonus materials such as essays by the main characters and songs from the musical.

Apprentice mage Chance Fortunato just can't catch a break. His training has gotten even harder, and his mentor Dr. Corwin is pushing him to take his mage trials early. Still, it beats his old gig working for a demon. But life takes a turn for the worse when a member of his girlfriend Shade's werewolf pack is killed by a member of a rogue pack. Adding insult to grief, the pack is forced to let the Conclave send an observer to monitor their investigation. When the Conclave allows Jacob Kain, an Alpha from the Boston clans to act in their stead, though, things become even more complicated, as Kain has an agenda of his own. As Chance and Shade fight to keep Kain from taking over, a new enemy arrives with a very personal connection to Chance. Even if he can survive this deadly combination of forces, can he survive the plans of another, hidden enemy from his past? The only thing that is certain that before it's all over, everyone's true colors will show.

Winter comes to the land only once in a hundred years. But the snow covers ancient secrets: secrets that could topple a kingdom. Mauritaine was a war hero, a captain in the Seelie Army. Then he was accused of treason and sentenced to life without parole at Crere Sulace, a dark

and ancient prison in the mountains, far from the City Emerald. But now the Seelie Queen – Regina Titania herself – has offered him one last chance to redeem himself, an opportunity to regain his freedom and his honor. Unfortunately, it's a suicide mission, which is why only Mauritaine and the few prisoners he trusts enough to accompany him, would even dare attempt it: Raieve, beautiful and harsh, an emissary from a foreign land caught in the wrong place at the wrong time; Perrin Alt, Lord Silverdun, a nobleman imprisoned as a result of political intrigues so Byzantine that not even he understands them; and Brian Satterly, a human physicist, apprehended searching for the human victims of the faery changeling trade. Meanwhile, dark forces are at work at home and abroad. In the Seelie kingdom, the reluctant soldier Purane-Es burns with hatred for Mauritaine, and plots to steal the one thing that remains to him: his wife. Across the border, the black artist Hy Pezho courts the whim of Mab, offering a deadly weapon that could allow the Unseelie in their flying cities to crush Titania and her army once and for all. With time running out, Mauritaine and his companions must cross the deadly Contested Lands filled with dire magical fallout from wars past. They will confront mounted patrols, brigands, and a traitor in their midst. And before they reach their destination, as the Unseelie Armies led by Queen Mab approach the border, Mauritaine must decide between his own freedom and the fate of the very land that has forsaken him.

Book Three of The Runelords Certain works of fantasy are immediately recognizable as monuments, towering above the rest of the category. Authors of those works, such as Stephen R. Donaldson, J.R.R. Tolkien, Robert Jordan and Terry Goodkind, come immediately to mind. Now add David Farland to that list, whose epic fantasy series began with The Runelords. Wizardborn continues the story of the struggle of Gaborn, now the Earth King, who has lost his powers but continues to lead his people. He must contend with the threat of the huge, inhuman Reavers, whose myriads Gaborn and his forces must now pursue across the nation. It has become Gaborn's fate to follow, even into the depths. Raj Ahten, the great warlord endowed with the strength and qualities of thousands of men, once the primary threat to Gaborn, now struggles to retain his own empire. His war of conquest thwarted, his very life is now threatened by the Reaver thousands. And a young girl, Averan, who has eaten a Reaver and absorbed some of its memories, becomes a keystone in the search for the dark Reaver lair.
