ABD - American Board of Dermatology | Prometric
Description. This evidence-based clinical reference for the advanced practice nurse provides a concise diagnostic, treatment, and management resource for over 60 commonly-occurring dermatological conditions frequently seen in primary care with > 120 full color photos of these conditions and unique decision trees that support diagnosis of these common skin conditions.

MCQs for ENT: Specialist Revision Guide for the FRCS is a key resource for candidates preparing to sit the FRCS (ORL-HNS). It contains over 300 single best answer questions and over 70 extended matching questions to help candidates prepare for all aspects of ENT they may face in this challenging exam. Written by expert consultants who have succeeded in the exam, this resource provides comprehensive coverage of theory and practice, including new questions on challenging topics such as electroenceurography and voice clinic procedures, and questions on rare topics such as oropharyngeal cancers. All answers have full explanations, providing candidates with high-quality self-assessment in order to maximize exam success. Providing a thorough assessment of the reader's ENT knowledge, this is an essential revision book for any candidate facing the FRCS ORL-HNS exam.

Dermatology plays a major role in postgraduate medical examination. This work contains 200 questions in 10 examination style papers, and is designed to provide examination practice and a self-testing vehicle for medical students.

Neurosurgery: The Essential Guide to the Oral and Clinical Neurosurgical Examination is the first book of its kind to cover the International and Intercollegiate FRCS Specialty Examination in Neurosurgery. It will also help you prepare for the American Board of Neurological Surgery (ABNS) examination and other neurosurgical examinations around the world. Written by neurosurgeons, this book is a hands-on guide that translates basic science and theories of neurosurgery into clinical practice. This comprehensive resource takes a standardized and logical approach to the clinical neurosurgical examination. Based on the authors ' own clinical practice, teaching and examination experiences, this book provides candidates with a firm grasp of neuroscience and the ability to solve problems under pressure. Scenario- and patient-based, the book covers history-taking, clinical examination, differential diagnosis, investigations, management, treatment options and potential complications. The text is based on the Royal College of Surgeons of England and U.S. board syllabuses. In addition to serving as a reliable preparation resource for the neurosurgical examination, it will also be invaluable in your future surgical practice.

An invaluable self-assessment tool for emergency medicine trainees in Australasia. Emergency Medicine MCQs is an essential resource for Australasia ' s emergency medicine trainees. A practical self-assessment tool, the book assists trainees as they expand and refine their knowledge of emergency medicine, and will ultimately help them pass the Australasian Emergency Medicine Fellowship examination (FACEM). The multiple-choice questions in Emergency Medicine MCQs cover both the core and non-core areas in the Australasian Emergency Medicine Fellowship. Using this text, trainees can revise alone or with their peers to identify the areas in which they need further development. The curriculum is divided into three main areas where trainees require expert level of knowledge, high level of knowledge and general level of knowledge. It covers important clinical problems encountered in everyday emergency medicine practice – from cardiovascular emergencies through to obstetric and gynaecology emergencies, disaster management and toxicology. As well as being ideal for emergency medicine trainees qualifying through AECM, the book is a useful resource for GPs taking the GEM qualification through ACEM and JMOs ' on call ' . Plus, this emergency medicine text is accompanied by an app – a separate product containing 180 randomised multiple-choice questions on all the topics within the book.

*This revision builds on the success of 1e: review questions and answers that mimic the EM in-service residency exam and the EM boards. These questions cover a wide range of topics in emergency medicine, identity, trauma, obstetrics, pediatrics, toxicology, environmental, radiology, dermatology, EMS, and bioterrorism. Concise rationale for the correct and incorrect answers is discussed. Sources for answer explanations include all currently available authoritative EM textbooks. 1) 1000 questions, randomly divided into 10 tests of 100 questions. 2) topics include all areas of Emergency Medicine, including internal medicine and surgery specialty areas, dentistry, trauma, obstetrics, pediatrics, toxicology, environmental, radiology, dermatology, EMS, and bioterrorism. 3) questions are case-based, and 10% involve interpreting an image"--Provided by publisher.

A new edition targeted especially for third year medical students after completing clinical rotations and before taking the USMLE Step 2. This popular review book includes recent changes in the exam, a general updating of the content, and more illustrations. Chapters contain high-yield review of material commonly tested on Step 2, organized by body system. The different disorders described in the text are presented in an icon and template system that consists of signs and symptoms; labs; diagnosis; and, treatment and prevention. Last chapter provides an ultra high-yield summary of the material in each chapter.

Milady's Standard Professional barbering is the primary resource for Barbering students preparing for their state licensing exam and a successful career in the professional market. It is the only textbook available that offers an integrated set of supplements to enhance the teaching and learning process. This new edition is the most stunning and versatile barbering education tool in the industry. Packed with hundreds of brand new full-color photos and procedures, students will be provided with the latest in infection control, hair replacement technologies, career preparation instruction and step-by-step shaving. Milady has been the trusted choice of Barbering educators for nearly sixty years and this new edition continues that trend with in-depth and engaging coverage of the most current topics in the profession. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Review and retain the information you need for success on the boards with Nelson Pediatrics Board Review: Certification and Recertification. This highly practical review tool follows the American Board of Pediatrics (ABP) general pediatrics content outline, with topics weighted to correlate with the exam. Must-know information is presented in a way that ' s easy to study and remember, and is backed by the Nelson family of references that you know and trust for current, authoritative information in your field. Equips residents and physicians with an efficient, comprehensive system for study, designed specifically to help you perform at your best on the board exam. Presents information in a bulleted, high-yield format, with topics matching ABP content guidelines. Provides a real-world balance of necessary fundamental information and cutting-edge advances – all carefully written and reviewed by editors and contributors from the world renowned Children ' s Hospital of Philadelphia (CHOP). Features over 600 board-style questions with full, discursive answers online. Includes reader-friendly features that promote testing success: tables that show differences between diagnoses, genetic disorders grouped by key features in phenotypic presentation rather than in alphabetical order, and more – all designed to help you recall key information when taking exams. Provides online links to the Nelson Textbook of Pediatrics that offer a complete presentation of the content, including evidence-based treatment and management.

A classic resource that has helped nurses pass the NCLEX exam for over 60 years, Mosby's Comprehensive Review of Nursing for the NCLEX-RN® Examination, 20th Edition is fully updated to reflect the newest NCLEX-RN test plan. Content review is presented in a concise and full-color outline format organized by the core areas of medical-surgical, pediatric, maternity/women's health, and mental health nursing, with a practice test following each unit. More than 4,200 practice questions and rationales – including more than 600 questions in the newest alternate item formats – are written by a team of trusted NCLEX experts led by author Patricia M. Nugent. This title includes additional digital media when purchased in print format. For this digital book edition, media content may not be included.

This innovative book prepares students for the NCLEX-PN exam with thorough content review and 3,000 practice questions. Silvestri provides readers with information on NCLEX-PN preparation, test-taking strategies and the NCLEX-PN from students' perspectives. A free CD-ROM contains all 1,600 questions from the book plus 1,400 additional questions.
