Sensation vs.

Perception

# Download Free Psychology

Sensation is what happens when our sensory modalities (vision, hearing, taste, etc.) are activated vs. Perception is how we understand these senses. 2

# Download Free Psychology

Monroy ...

answered Feb 21,  
2019 by leannm72.

Sensation, in a psychological sense, is one of the two ways in which we interpret the world around us. The second way is through perception. Both of these things work together to play two roles;

# Download Free Psychology

however these  
roles also  
compliment one  
another, even  
though they are  
different and  
separate.

Following the text's  
content, Richard

# Download Free Psychology

Straub offers a Chapter Overview and Chapter Review, which is divided by major section. Each group of fill-in-the-blank and short-answer questions is preceded by the relevant objective from the text. The Study Guide also includes three self-

# Download Free Psychology

tests (one of which encourages students to think critically about the chapter's concepts), answers (with page references for the self-tests and explanations of why a choice is correct or incorrect), and a Focus on Language and Vocabulary section, which

# Download Free Psychology

explains idioms and other phrases used by David Myers in the text that may not be clear to some readers.

For every major content section, longtime author Richard Straub has divided each module by major topic; each section

# Download Free Psychology

includes a Preview  
(objectives that  
require short  
answers) and  
"Stepping Through  
the Section" (which  
include detailed, fill-  
in-the-blank  
questions). The  
Study Guide also  
includes self-tests,  
critical-thinking  
exercises,  
vocabulary and
