BOOKS IN BRIEF: FICTION & POETRY - The New York Times Purple Hibiscus was a pleasant surprise. Paced well, long enough to get the point across without overstaying its welcome, I highly recommend it. I bought it on a whim and having read it I was chagrined Adichie did not get more recognition for it. It's a prodigiously good debut and her only problem might be matching or surpassing it.

" One of the most vital and original novelists of her generation. " —Larissa MacFarquhar, The New Yorker From the bestselling author of Americanah and We Should All Be Feminists Fifteen-year-old Kambili and her elder brother Jaja lead a privileged life in Enugu, Nigeria. They live in a beautiful house, with a caring family, and attend an exclusive missionary school. They're completely shielded from the troubles of the world. Yet, as Kambili reveals in her tender-voiced account, things are less perfect than they appear. Although her Papa is generous and well respected, he is fanatically religious and tyrannical at home—a home that is silent and suffocating. As the country begins to fall apart under a military coup, Kambili and Jaja are sent to their aunt, a university professor outside the city, where they discover a life beyond the confines of their father ' s authority. Books cram the shelves, curry and nutmeg permeate the air, and their cousins ' laughter rings throughout the house. When they return home, tensions within the family escalate, and Kambili must find the strength to keep her loved ones together. Purple Hibiscus is an exquisite novel about the emotional turmoil of adolescence, the powerful bonds of family, and the bright promise of freedom.

With her award-winning debut novel, Purple Hibiscus, Chimamanda Ngozi Adichie was heralded by the Washington Post Book World as the " 21st century daughter " of Chinua Achebe. Now, in her masterly, haunting new novel, she recreates a seminal moment in modern African history: Biafra ' s impassioned struggle to establish an independent republic in Nigeria during the 1960s. With the effortless grace of a natural storyteller, Adichie weaves together the lives of five characters caught up in the extraordinary tumult of the decade. Fifteen-year-old Ugwu is houseboy to Odenigbo, a university professor who sends him to school, and in whose living room Ugwu hears voices full of revolutionary zeal. Odenigbo ' s beautiful mistress, Olanna, a sociology teacher, is running away from her parents ' world of wealth and excess; Kainene, her urbane twin, is taking over their father ' s business; and Kainene ' s English lover, Richard, forms a bridge between their two worlds. As we follow these intertwined lives through a military coup, the Biafran secession and the subsequent war, Adichie brilliantly evokes the promise, and intimately, the devastating disappointments that marked this time and place. Epic, ambitious and triumphantly realized, Half of a Yellow Sun is a more powerful, dramatic and intensely emotional picture of modern Africa than any we have had before.

From the globally acclaimed, best-selling novelist and author of We Should All Be Feminists, a timely and deeply personal account of the loss of her father, "Essential." —Booklist Notes on Grief is an exquisite work of meditation, remembrance, and hope, written in the wake of Chimamanda Ngozi Adichie's beloved father ' s death in the summer of 2020. As the COVID-19 pandemic raged around the world, and kept Adichie and her family members separated from one another, her father succumbed unexpectedly to complications of kidney failure. Expanding on her original New Yorker piece, Adichie shares how this loss shook her to her core. She writes about being one of the millions of people grieving this year: about the familial and cultural dimensions of grief and also about the loneliness and anger that are unavoidable in it. With signature precision of language, and glittering, devastating detail on the page—and never without touches of rich, honest humor—Adichie weaves together her own experience of her father ' s death with threads of his life story, from his remarkable survival during the Biafran war, through a long career as a statistics professor, into the days of the pandemic in which he ' d stay connected with his children and grandchildren over video chat from the family home in Abba, Nigeria. In the compact format of We Should All Be Feminists and Dear Ijeawele, Adichie delivers a gem of a book—a book that fundamentally connects us to one another as it probes one of the most universal human experiences. Notes on Grief is a book for this moment—a work readers will treasure and share now more than ever—and yet will prove durable and timeless, an indispensable addition to Adichie's canon.
