This text on advanced business maths uses objective testing in the form of multiple choice questions (MCQs) for self-testing, progress assessment and exam preparation. It is not designed to be syllabus-specific - although ideal for the multiple choice elements of ACCA foundation and CIMA stage 1 exams. It includes brief refresher notes and overviews, around 300 graded multiple choice questions, a marking plan, performance analysis, and discussion of solutions.

This book is essential for academics that enter the field of higher education and training, as it focuses on preparing teachers and trainers to respond appropriately to student success challenges. Student success is a burning issue, both globally and locally. While student achievement is determined by a combination of factors, teachers and their teaching practices do matter. Higher education teachers are expected to fulfil different roles at different times, such as planning for curriculum implementation, mentorship and coaching, facilitating learning, resource development, and student assessment. Against this background the primary purpose of Empowering novice academics for student success: Wearing different hats is building the capacity of novice teachers and trainers to play an influential role in increasing student success throughout.
