Real English Conversation: Big Life Changes - YouTube

English learners who are serious and self-motivated about learning and using English. People looking for tips, resources and creative activity ideas to make learning English fun and relevant. English learners who want to feel confident and comfortable using English naturally in real-life situations.

In Real Life: An Online Love Story is the first of its kind—a bilingual novel-in-poetry written by popular Spanish-language poet Leticia Sala. In Real Life is not only about a young Barcelona woman who finds romance online thousands of miles away in New York City, it is also an ode to the titanic effort required in staying loyal to a commitment and her own individuality in the silicon age. Told in a poetic key, the fate of this couple, whose relationship begins with love at first like, offers a fractured mosaic of essential moments crowded with insecurities and urban neuroses, both contemporary and universal. The characters in the work of Leticia Sala seek light in the chaos churned out by modern culture and are always treated by the author with compassion, regard, and respect for their unfolding desires. In Real Life captures our infatuation with technology and finding new ways of relating to one another, our fascination with travel and language, and our age-old obsession with that right to love and feel loved.

Siya is based on a real life inspirational story of a rape victim. This simple girl from Fatehpura village in Chittorgarh district of Rajasthan has been to hell and back. Kidnapping, rape, physical disability and abandonment - Siya has faced each of these horrific situations with fortitude and emerged a stronger person. Not one to be cowed down, Siya not only fought for justice and sent her violators to prison but today she is rebuilding her life from scratch.

English is full of expressions that convey slang meanings, sarcastic meanings, informal meanings, and many other meanings that are not immediately apparent by defining the single words in an expression. This book was written for the advanced ESL learner who wants to explore the next level of English proficiency: understanding how English native speakers communicate daily needs, feelings and desires

using expressions. FREE AUDIO VERSION OF THIS BOOK AVAILABLE AT foebooks.com

A FINALIST for the Booker Prize, the National Book Critics Circle John Leonard Prize, the VCU/Cabell First Novelist Prize, the Lambda Literary Award, the NYPL Young Lions Award, and the Edmund White Debut Fiction Award "A blistering coming of age story" —O: The Oprah Magazine Named a Best Book of the Year by The New York Times, The Washington Post, New York Public Library, Vanity Fair, Elle, NPR, The Guardian, The Paris Review, Harper's Bazaar, Financial Times, Huffington Post, BBC, Shondaland, Barnes & Noble, Vulture, Thrillist, Vice, Self, Electric Literature, and Shelf Awareness A novel of startling intimacy, violence, and mercy among friends in a Midwestern university town, from an electric new voice. Almost everything about Wallace is at odds with the Midwestern university town where he is working uneasily toward a biochem degree. An introverted young man from Alabama, black and queer, he has left behind his family without escaping the long shadows of his childhood. For reasons of self-preservation, Wallace has enforced a wary distance even within his own circle of friends—some dating each other, some dating women, some feigning straightness. But over the course of a late-summer weekend, a series of confrontations with colleagues, and an unexpected encounter with an ostensibly straight, white classmate, conspire to fracture his defenses while exposing long-hidden currents of hostility and desire within their community. Real Life is a novel of profound and lacerating power, a story that asks if it's ever really possible to overcome our private wounds, and at what cost.

As high frequency words, prepositions are one of the most dynamic parts of speech. Perfect Prepositions shows the meanings and usage of prepositions in Modern English. Used in unstressed syllables and pronounced fast and softly in oral speech, prepositions are often barely distinguishable to the listener. Prepositions can also pose communication problems for English learners and even native speakers. Author Galina Kimber provides general and specific information on the meanings of prepositions as well as ideas on usage as they are applied today. Living languages constantly evolve over time, and reference books like Perfect Prepositions reflect these changes. Perfect Prepositions details different ways of defining the meanings of almost one hundred prepositions written in semantic categories and subcategories that are easy to understand and use in daily life. It's a useful resource for those desiring to improve their communication skills.

Nabokov's first novel in English, one of his greatest and most overlooked, with a new Introduction by Michael Dirda.
