NEW YORK TIMES BESTSELLER • Pierce Brown's relentlessly entertaining debut channels the excitement of *The Hunger Games* by Suzanne Collins and *Ender's Game* by Orson Scott Card. "Red Rising ascends above a crowded dystopian field."—USA Today ONE OF THE BEST BOOKS OF THE YEAR—Entertainment Weekly, BuzzFeed, Shelf Awareness "I live for the dream that my children will be born free," she says. "That they will be what they like. That they will own the land their father gave them." "I live for you," I say sadly. Eo kisses my cheek. "Then you must live for more." Darrow is a Red, a member of the lowest caste in the color-coded society of the future. Like his fellow Reds, he works all day, believing that he and his people are making the surface of Mars livable for future generations. Yet he toils willingly, trusting that his blood and sweat will one day result in a better world for his children. But Darrow and his kind have been betrayed. Soon he discovers that humanity reached the surface generations ago. Vast cities and lush wilds spread across the planet. Darrow—and Reds like him—are nothing more than slaves to a decadent ruling class. Inspired by a longing for justice, and driven by the memory of lost love, Darrow sacrifices everything to infiltrate the legendary Institute, a proving ground for the dominant Gold caste, where the next generation of humanity's overlords struggle for power. He will be forced to compete for his life and the very future of civilization against the best and most brutal of Society's ruling class. There, he will stop at nothing to bring down his enemies . . . even if it means he has to become one of them to do so. Praise for *Red Rising* "[A] spectacular adventure . . . one heart-pounding ride . . . Pierce Brown's dizzyingly good debut novel evokes *The Hunger Games*, *Lord of the Flies*, and *Ender's Game*. . . . [Red Rising] has everything it needs to become meteoric."—Entertainment Weekly "Ender, Katniss, and now Darrow."—Scott Sigler "Red Rising is a sophisticated vision. . . . Brown will find a devoted audience."—Richmond Times-Dispatch Don't miss any of Pierce Brown's *Red Rising Saga*: RED RISING • GOLDEN SON • MORNING STAR • IRON GOLD • DARK AGE

NEW YORK TIMES BESTSELLER • The bestselling author of *Morning Star* returns to the *Red Rising* universe with the thrilling sequel to *Iron Gold*. "Brown's plots are like a depth charge of nitromethane dropped in a bucket of gasoline. His pacing is 100% him standing over it all with a lit match and a smile, waiting for us to dare him to drop it."—NPR (Best Books of the Year) He broke the chains. Then he broke the world. . . . A decade ago Darrow led a revolution, and laid the foundations for a new world. Now he's an outlaw. Cast out of the very Republic he founded, with half his fleet destroyed, he wages a rogue war on Mercury. Outnumbered and outgunned, is he still the hero who broke the chains? Or will he become the very evil he fought to destroy? In his darkening shadow, a new hero rises. Lysander au Lune, the displaced heir to the old empire, has returned to bridge the divide between the Golds of the Rim and Core. If united, their combined might may prove fatal to the fledgling Republic. On Luna, the embattled Sovereign of the Republic, Virginia au Augustus, fights to preserve her precious democracy and her exiled husband. But one may cost her the other, and her son is not yet returned. Abducted by

enemy agents, Pax au Augustus must trust in a Gray thief, Ephraim, for his salvation. Far across the void, Lyria, a Red refugee accused of treason, makes a desperate bid for freedom with the help of two unlikely new allies. Fear dims the hopes of the Rising, and as power is seized, lost, and reclaimed, the worlds spin on and on toward a new Dark Age. Don't miss any of Pierce Brown's Red Rising Saga: **RED RISING • GOLDEN SON • MORNING STAR • IRON GOLD • DARK AGE**

NEW YORK TIMES BESTSELLER • In the epic next chapter of the Red Rising Saga, the #1 bestselling author of Morning Star pushes the boundaries of one of the boldest series in fiction. “Mature science fiction existing within the frame of blazing space opera . . . done in a style [that] borders on Shakespearean.”—NPR (One of the Best Books of the Year) They call him father, liberator, warlord, Slave King, Reaper. But he feels a boy as he falls toward the war-torn planet, his armor red, his army vast, his heart heavy. It is the tenth year of war and the thirty-third of his life. A decade ago Darrow was the hero of the revolution he believed would break the chains of the Society. But the Rising has shattered everything: Instead of peace and freedom, it has brought endless war. Now he must risk all he has fought for on one last desperate mission. Darrow still believes he can save everyone, but can he save himself? And throughout the worlds, other destinies entwine with Darrow's to change his fate forever: A young Red girl flees tragedy in her refugee camp, and achieves for herself a new life she could never have imagined. An ex-soldier broken by grief is forced to steal the most valuable thing in the galaxy—or pay with his life. And Lysander au Lune, the heir in exile to the Sovereign, wanders the stars with his mentor, Cassius, haunted by the loss of the world that Darrow transformed, and dreaming of what will rise from its ashes. Red Rising was the story of the end of one universe. Iron Gold is the story of the creation of a new one. Witness the beginning of a stunning new saga of tragedy and triumph from masterly New York Times bestselling author Pierce Brown. Don't miss any of Pierce Brown's Red Rising Saga: **RED RISING • GOLDEN SON • MORNING STAR • IRON GOLD • DARK AGE**

NEW YORK TIMES BESTSELLER • Red Rising hit the ground running and wasted no time becoming a sensation. Golden Son continues the stunning saga of Darrow, a rebel forged by tragedy, battling to lead his oppressed people to freedom. **NAMED ONE OF THE BEST BOOKS OF THE YEAR BY NPR, BUZZFEED, AND BOOKLIST** • “Gripping . . . On virtually every level, this is a sequel that hates sequels—a perfect fit for a hero who already defies the tropes. [Grade:] A”—Entertainment Weekly As a Red, Darrow grew up working the mines deep beneath the surface of Mars, enduring backbreaking labor while dreaming of the better future he was building for his descendants. But the Society he faithfully served was built on lies. Darrow's kind have been betrayed and denied by their elitist masters, the Golds—and their only path to liberation is revolution. And so Darrow sacrifices himself in the name of the greater good for which Eo, his true love and inspiration, laid down her own life. He becomes a Gold, infiltrating their privileged realm so that he can destroy it from within. A lamb among wolves in a cruel world, Darrow finds friendship, respect, and even love—but also the wrath of powerful rivals. To wage and win the war that will change humankind's destiny, Darrow must confront the treachery arrayed against him, overcome his all-too-human desire for retribution—and strive not for violent revolt but a hopeful rebirth. Though the road ahead is fraught with danger and deceit, Darrow must choose to follow Eo's principles of love and justice to free his people. He must live for more. Praise for Golden Son “Stirring . . . Comparisons to The Hunger Games and Game of Thrones series are inevitable, for this tale has elements of both.”—Kirkus Reviews “Brown writes layered, flawed characters . . . but plot is his most breathtaking strength. . . . Every action seems to flow into the next.”—NPR Don't miss any of Pierce Brown's Red Rising Saga: **RED RISING • GOLDEN SON • MORNING STAR • IRON GOLD • DARK AGE**

#1 NEW YORK TIMES BESTSELLER • Red Rising thrilled readers and announced the presence of a talented new author. Golden Son changed the game

and took the story of Darrow to the next level. Now comes the exhilarating next chapter in the Red Rising Saga: Morning Star. ITW THRILLER AWARD FINALIST • “[Brown’s] achievement is in creating an uncomfortably familiar world of flaw, fear, and promise.”—Entertainment Weekly Darrow would have lived in peace, but his enemies brought him war. The Gold overlords demanded his obedience, hanged his wife, and enslaved his people. But Darrow is determined to fight back. Risking everything to transform himself and breach Gold society, Darrow has battled to survive the cutthroat rivalries that breed Society’s mightiest warriors, climbed the ranks, and waited patiently to unleash the revolution that will tear the hierarchy apart from within. Finally, the time has come. But devotion to honor and hunger for vengeance run deep on both sides. Darrow and his comrades-in-arms face powerful enemies without scruple or mercy. Among them are some Darrow once considered friends. To win, Darrow will need to inspire those shackled in darkness to break their chains, unmake the world their cruel masters have built, and claim a destiny too long denied—and too glorious to surrender. Praise for Morning Star “There is no one writing today who does shameless, Michael Bay–style action set pieces the way Brown does. The battle scenes are kinetic, bloody, breathless, crazy. Everything is on fire all the time.”—NPR “Morning Star is this trilogy’s Return of the Jedi. . . . The impactful battles that make up most of Morning Star are damn near operatic. . . . It absolutely satisfies.”—Tordotcom “Excellent . . . Brown’s vivid, first-person prose puts the reader right at the forefront of impassioned speeches, broken families, and engaging battle scenes . . . as this interstellar civil war comes to a most satisfying conclusion.”—Publishers Weekly (starred review) “A page-turning epic filled with twists and turns . . . The conclusion to Brown’s saga is simply stellar.”—Booklist (starred review) Don’t miss any of Pierce Brown’s Red Rising Saga: RED RISING • GOLDEN SON • MORNING STAR • IRON GOLD • DARK AGE • LIGHT BRINGER

Second in the Rifters Trilogy, Hugo Award-winning author Peter Watts' Maelstrom is a terrifying explosion of cyberpunk noir. This is the way the world ends: A nuclear strike on a deep sea vent. The target was an ancient microbe—voracious enough to drive the whole biosphere to extinction—and a handful of amphibious humans called rifters who'd inadvertently released it from three billion years of solitary confinement. The resulting tsunami killed millions. It's not as though there was a choice: saving the world excuses almost any degree of collateral damage. Unless, of course, you miss the target. Now North America's west coast lies in ruins. Millions of refugees rally around a mythical figure mysteriously risen from the deep sea. A world already wobbling towards collapse barely notices the spread of one more blight along its shores. And buried in the seething fast-forward jungle that use to be called Internet, something vast and inhuman reaches out to a woman with empty white eyes and machinery in her chest. A woman driven by rage, and incubating Armageddon. Her name is Lenie Clarke. She's a rifter. She's not nearly as dead as everyone thinks. And the whole damn world is collateral damage as far as she's concerned. . . . At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The world of Pierce Brown’s Red Rising expands further in the next installment of the Sons of Ares storyline. Fitchner’s quest for revenge continues as he and the other Sons of Ares seek out the Golds who have wronged his family. But actions come with repercussions and an elaborate game of cat and mouse is on. A battle of Gold versus Gold erupts further into more than acts of vengeance and becomes the seeds of a revolution.

Written by the leading researchers in the field, this information-rich guide to improving your mood explains how gut health drives psychological well-being, and how depression and anxiety can be relieved by adjusting your intestinal bacteria. This groundbreaking book explains the revolutionary new science of psychobiotics and the discovery that your brain health and state of mind are intimately connected to your microbiome, that four-pound population of microbes living inside your intestines. Leading medical researchers John F. Cryan and Ted Dinan, working with veteran journalist Scott C.

Anderson, explain how common mental health problems, particularly depression and anxiety, can be improved by caring for the intestinal microbiome. Science is proving that a healthy gut means a healthy mind—and this book details the steps you can take to change your mood and improve your life by nurturing your microbiome.

In the distant future, the human body is a temporary and interchangeable commodity - if you can pay. For the interstellar elite, bodies are swapped out and reused without a second thought. You never grow old; you never die. However, some bodies are more temporary than others ... Takeshi Kovacs was once a member of the Envoy Corps, stormtroopers for the Interstellar Earth Protectorate, ultra-lethal adepts in switching bodies across the stars. While he served, he was known by a variety of names--Mamba Lev, One Hand Rending, the Icepick--all testament to his capacity for rapid response and extreme violence in whatever flesh he wore. Now he's out of the service and trying to live a different life. But the Protectorate hasn't changed its spots, no matter what world Kovacs drifts to, and with that old combat rage still burning deep inside him, will he ever really be able to walk away? Created by Richard K. Morgan, *Altered Carbon* was previously adapted as a Netflix television series. This original graphic novel, written by Rik Hoskin (Brandon Sanderson's *White Sand*/Pierce Brown's *Red Rising*), expands upon the *Altered Carbon* universe.

“A historical classic” that brings Mao Tse-tung, the Long March, and the Chinese revolution to vivid life (Foreign Affairs). Journalist Edgar Snow was the first Westerner to meet Mao Tse-tung and the Chinese Communist leaders in 1936—and out of his up-close experience came this historical account, one of the most important books about the remarkable events that would shape not only the future of Asia, but also the future of the world. This edition of *Red Star Over China* includes extensive notes on military and political developments in the country; interviews with Mao himself; a chronology covering 125 years of Chinese history; and nearly a hundred detailed biographies of the men and women who were instrumental in making China what it is today.
