This title is endorsed by Cambridge Assessment International Education to support the full syllabus for examination from 2022. Confidently navigate the updated Cambridge International AS & A Level Chemistry (9701) syllabus with a structured approach ensuring that the link between theory and practice is consolidated, scientific skills are applied, and analytical skills developed. - Enable students to monitor and build progress with short 'self-assessment' questions throughout the student text, with answers at the back of the book, so students can check their understanding as they work their way through the chapters. - Build scientific communication skills and vocabulary in written responses with a variety of exam-style questions. - Encourage understanding of historical context and scientific applications with extension boxes in the student text. - Have confidence that lessons cover the syllabus completely with a free Scheme of Work available online. - Provide additional practice with the accompanying write-in Practical Skills Workbooks, which once completed, can also be used to recap learning for revision.

Examines Sayyid Ahmad Khan's life and contribution in the nineteenth century and his legacy in our current times.

This edition of our successful series to support the Cambridge IGCSE Biology syllabus (0610) is fully updated for the revised syllabus for first examination from 2016. Written by an experienced teacher and examiner, Cambridge IGCSE Biology Workbook helps students build the skills required in both their theory and practical examinations. The exercises in this write-in workbook help to consolidate understanding and get used to using knowledge in new situations, develop information handling and problem solving skills, and develop experimental skills including planning investigations and interpreting results. This accessible book encourages students to engage with the material. The answers to the exercises can be found on the Teacher's Resource CD-ROM.

These resources have been created for the Cambridge IGCSE® and O Level Additional Mathematics syllabuses (0606/4037), for first examination from 2020. This coursebook gives clear explanations of new mathematical concepts followed by exercises. This allows students to practise the skills required and gain the confidence to apply them. Classroom discussion exercises and extra challenge questions have been designed to deepen students' understanding and stimulate interest in Mathematics. Answers to coursebook questions are in the back of the book.

A second edition fully updated for the current SAT (2018 and beyond) This book brings together everything you need to know for the SAT writing section, from the simplest to the most advanced grammar rule. Unlike most other test prep books, this one is truly geared towards the student aiming for the perfect score. It leaves no stones unturned. Inside, You'll Find: Clear explanations of all the tested SAT grammar

rules, from the simplest to the most obscure Tons of examples to illustrate each question type and the different ways it can show up Hundreds of drills and practice questions to help you master the concepts The most common mistakes students make (so you don't make them) Three practice tests Fun illustrations Changes from the 1st edition include: Additional chapters on topics that have been added to the exam (faulty comparisons, pairs, singular plural noun inconsistency) An overview of the present perfect and past perfect tenses (with additional exercise questions) More tips, common traps, and examples in the "Topic, Conclusion, & Transition Sentences" chapter A completely revised "Odds & Ends" chapter now with two exercises (now encompasses question mark errors, point of view errors, and more) Removal of paragraph placement section and exercises (seemingly no longer tested) Fleshed out "Data Interpretation" chapter with tips and examples Removal of "Comparatives vs. Superlatives" chapter (not tested) An even easier to understand section on Dashes and Colons More strategies in the "Combining Sentences" chapter Fixes for all known typos in the 1st edition Improvements to the "Word Choice" chapter More answer explanations to questions that students have frequently asked about A handful of edits to the practice tests This is the most thorough SAT prep out there.
