look into Crowley's life, magick and mysticism. Regardie interprets all this from the wisdom of experience. It was Regardie's main ambition to preserve and perpetuate the teachings and work of Aleister Crowley and the Golden Dawn. This new edition of *The Eye in the Triangle* was edited with a Foreword by David Cherubim from the Golden Dawn and Aleister Crowley Foundation.

In the original ten volumes of the *Equinox*, Alesiter Crowley succeeded in synthesizing the aim of

religion and the method of science. Israel Regardie's selections in Gems of the Equinox make a volume that is invaluable to readers, students, and adepts. It includes material on Crowley's magical order, magical rituals, yoga, invocations, and sex magick, among many other topics. Gems from the Equinox is a unique resource that serves as a veritable textbook for the magickal orders AA and O.T.O. Although it is written for the advanced practitioner, beginners will gain much from its many pages of wisdom, including yoga postures and breathing techniques, ceremonial

rituals and meditations, an Enochian magick primer, and The Book of the Law. In Gems from the Equinox, Israel Regardie's selections of Aleister Crowley's writings synthesize the aim of religion and the method of science, making it invaluable to readers, students, and adepts. Gems is a must have for every student of Occultism, Mysticism, Thelema, Magick, and comparative religion.

This twelve-month manual brings the serious student of consciousness to an ongoing awareness of unity. Dr. Regardie revised this edition (originally

published as Twelve Steps to Spiritual Enlightenment) to progress from the physical disciplines of body awareness, relaxation, and rhythmic breathing, through concentration, developing will, mantra practice, to the ultimate awareness that All is God.

Dr. Francis Israel Regardie was one of the most important figures in the 20th century development of the Western Mystery Tradition. From the teachings of Madame Blavatsky, the BhagavadGita, Buddhism, and yoga he came to study with Crowley and became his secretary.

The Art of True Healing details a powerful exercise that stimulates the body, mind, and spirit to help us create physical health and personal success. Originally published in 1932, predating by more than a half century the current interest in the mind's power to heal, this concise work guides readers through what Israel Regardie calls the Middle Pillar meditation – a technique

that combines the mystical concepts of yoga's chakras and the Kabbalah's Tree of Life to create a simple and effective healing tool. In this edition, editor Marc Allen brings Regardie's work into the twenty-first century – showing us how to unleash energy to heal our bodies and, ultimately, every part of our lives. Like few books before or since, *The Art of True Healing* provides both the theory and practices necessary for attaining well-being and fulfillment.
