This is a beautiful book though maybe not the easiest to read because of the olde English. Julian's revelations gave her a dilemma between what she was 'seeing' and what she had learned in her Church teachings.

Julian Of Norwich - Penguin Books

REVELATIONS OF DIVINE LOVE. CHAPTER I “ A Revelation of Love—in Sixteen Shewings ” THIS is a Revelation of Love that Jesus Christ, our endless bliss, made in Sixteen Shewings, or Revelations particular. Of the which the First is of His precious crowning with thorns; and therewith was comprehended

Coming from a society where women were barred from serious writing and teaching, Julian, an anchorite of the great medieval city of Norwich, nevertheless uses her womanlines and the English vernacular of the day to describe a series of revelations which she received from God in the year 1373. She identifies the female nature of Christ's suffering and the motherhood of God, using images from domestic daily life, emphasizing the homeliness of God's love. She writes in a lively and unpretentious manner and her theology is precise without ever being pedantic.

Julian of Norwich was an English theologian and a prominent Christian mystic. Julian was respected among many Christian denominations as she has been venerated in the Catholic, Lutheran, and Anglican churches. Norwich is also famous for writing the book Revelations of Divine Love. Revelations of Divine Love, published in 1395, is a classic devotional that is also notable for being the first book written in the English language by a woman.

We live in an age of skepticism. Our society places such faith in empirical reason, historical progress, and heartfelt emotion that it ' s easy to wonder: Why should anyone believe in Christianity? What role can faith and religion play in our modern lives? In this thoughtful and inspiring new book, pastor and New York Times bestselling author Timothy Keller invites skeptics to consider that Christianity is more relevant now than ever. As human beings, we cannot live without meaning, satisfaction, freedom, identity, justice, and hope. Christianity provides us with unsurpassed resources to meet these needs. Written for both the ardent believer and the skeptic, Making Sense of God shines a light on the profound value and importance of Christianity in our lives.

A fresh and contemporary translation of one of the best loved and influential mystical texts of all time, The Showings of Julian of Norwich brings the message and spirituality of this 14th century mystic to 21st century readers. Julian of Norwich, a contemporary of Geoffrey Chaucer, was an English anchoress in East Anglia. At the age of 30, suffering from a severe illness and believing she was on her deathbed, Julian had a series of intense visions of Jesus, which she recorded and then expanded on later in her life. Her message for today's readers is simply this: She reveals the feminine face of the Divine and reminds us to see God there. All our failings are an opportunity to learn and grow; that they should be honored, but not dwelled upon. God's love has nothing to do with love and retribution and everything to do with love and compassion. In spite of all appearances, all is well.

Biographies, poetic compositions, works that are mystical, prophetic, visionary, or meditative: the selections here reflect the developments in medieval piety, particularly in the link between female spirituality and the body. Included are the dramatic visionary writings of Hildegard of Bingen; letters and poems by Hadewijch expressing passionate love for God; and Marguerite Porete's allegorical poem "The Mirror of Simple Souls," a dialogue between Love and Soul that was condemned as heretical. Also included are biographies written by male ecclesiastics of women such as Christine the Astonishing, whose extraordinary behavior included being resurrected at her own funeral; revelations received by Bridget of Sweden, the first woman to found a religious order; and excerpts from The Book of Margery Kempe, in which Margery imagines herself as a servant caring for the Virgin Mary in her childhood. This volume, edited by Elizabeth Spearing, who also prepared some of the translations, features a rich introduction to the lives and religious experiences of its subjects, as well as full explanatory notes. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. Julian of Norwich (ca. 1343&–ca. 1416), a contemporary of Geoffrey Chaucer, William Langland, and John Wyclif, is the earliest woman writer of English we know about. Although she described herself as & “ a simple creature unlettered,& ” Julian is now widely recognized as one of the great speculative theologians of the Middle Ages, whose thinking about God as love has made a permanent contribution to the tradition of Christian belief. Despite her recent popularity, however, Julian is usually read only in translation and often in extracts rather

than as a whole. This book presents a much-needed new edition of Julian's writings in Middle English, one that makes possible the serious reading and study of her thought not just for students and scholars of Middle English but also for those with little or no previous experience with the language. • Separate texts of both Julian's works, *A Vision Shown to a Devout Woman* and *A Revelation of Love*, with modern punctuation and paragraphing and partly regularized spelling. • A second, analytic edition of *A Vision* printed underneath the text of *A Revelation* to show what was left out, changed, or added as Julian expanded the earlier work into the later one. • Facing-page explanatory notes, with translations of difficult words and phrases, cross-references to other parts of the text, and citations of biblical and other sources. • A thoroughly accessible introduction to Julian's life and writings. • An appendix of medieval and early modern records relating to Julian and her writings. • An analytic bibliography of editions, translations, scholarly studies, and other works. The most distinctive feature of this volume is the editors' approach to the manuscripts. Middle English editions habitually retain original spellings of their base manuscript intact and only emend that manuscript when its readings make no sense. At once more interventionist and more speculative, this edition synthesizes readings from all the surviving manuscripts, with careful justification of each choice involved in this process. For readers who are not concerned with textual matters, the result will be a more readable and satisfying text. For Middle English scholars, the edition is intended both as a hypothesis and as a challenge to the assumptions the field brings to the business of editing.

A profound exploration of the Bible's most controversial book—from the author of *Beyond Belief* and *The Gnostic Gospels* The strangest book of the New Testament, filled with visions of the Rapture, the whore of Babylon, and apocalyptic writing of the end of times, the Book of Revelation has fascinated readers for more than two thousand years, but where did it come from? And what are the meanings of its surreal images of dragons, monsters, angels, and cosmic war? Elaine Pagels, New York Times bestselling author and "the preeminent voice of biblical scholarship to the American public" (*The Philadelphia Inquirer*), elucidates the true history of this controversial book, uncovering its origins and the roots of dissent, violence, and division in the world's religions. Brilliantly weaving scholarship with a deep understanding of the human needs to which religion speaks, Pagels has written what may be the masterwork of her unique career.

Contains *The Cloud of Unknowing*, *The Mystical Theology of Saint Denis*, *The Book of Privy Counselling*, and *An Epistle on Prayer*. Against a tradition of devotional writings which focussed on knowing God through Christ's Passion and his humanity, these texts describe a transcendent God who exists beyond human knowledge and human language. These four texts are at the heart of medieval mystical theology in their call for contemplation, calm, and above all, love, as the way to understand the Divine.

Composed during a critical time in the evolution of European intellectual life, the works of Meister Eckhart (c. 1260-1327) are some of the most powerful medieval attempts to achieve a synthesis between ancient Greek thought and the Christian faith. Writing with great rhetorical brilliance, Eckhart combines the neoplatonic concept of oneness - the idea that the ultimate principle of the universe is single and undivided - with his Christian belief in the Trinity, and considers the struggle to describe a perfect God through the imperfect medium of language. Fusing philosophy and religion with vivid originality and metaphysical passion, these works have intrigued and inspired philosophers and theologians from Hegel to Heidegger and beyond.
