The presentation of fascial anatomy in this book provides a new context for applying knowledge of the anatomical body in a practical and relevant way to movement. Applying fascial anatomy to yoga, this book offers a way to the yoga teacher of experiencing and seeing in three dimensions - the way we really move. This enables the yoga teacher to work more creatively in the real life class.

Through The Ages The Women Have Been Maltreated In All Walks Of Life Viz. Socially, Economically And Politically. Though They Formed Half Of The Population And They Were Called Ardhangi (Half Body) Of Man In Vedic Period. Their Elicit Position Was Very High During The Vedic Period. It Was Said That Yatra Naryantu Poojante Ramante Tatra Devta Where The Women Are Worshipped There Live Gods.But Gradually The Position Of The Women Deterioted. Today They Have Been Worse Treated. Violence Against Women, Physical, Psychological, Emotional. Dowry Deaths In Name Of Stridhan, Women Are Being Burnt, Beaten, Divoreced And Tortured Throughout The Life. This Male Dominated Societies Have Always Shown Disregard And All Rights Denied To This So Called Weaker Section Of The Society. Women Empowerment Has Recently Gained A Lot Of Ground As An Area Of Policy Intervention In Most Part Of The World. Initiatives From The Government Are Being Oriented Towards Women. Efforts Towards Social, Economical, Political Rights Are Being Made. Their Participation In All Fields Of Life Is Being Encouraged. Today Women Are Well Qualified And Entering All Fields Whether It Is Medicine, Engineering, Military, Social Services, Science And Other Technical Field.

The mysteries of the fifth Canto of the Srimad Bhagavatam have long puzzled students of Vedic cosmography and astronomy. Confronted with a description of the universe that seems much at variance with the information provided by our senses and standard astronomical calculations, foreign observers and even Indian commentators from the middle ages up to the present have concluded that the Btagavatam’s account elaborated in other Puranas must be mythological. On the other hand the same persons have been much impressed with vedic astronomical treatises the jyotissastras which provide remarkably accurate measurements of the solar system.

"Throughout human history, and in many religious cultures, offerings are made into fire--known in the tantric world as homa. This collection provides detailed studies of the homa from its inception up to the present, allowing for the study of ritual change over long periods of time, and across religious cultures"--

Fans of The Winds of Hastinapur, who should be legion, will delight in reconnecting with Sharath Komarraju's alternative-Mahabharata universe, where divinities and royals are both complex, capricious beings - with the former distinguished only by slightly enhanced powers, and the latter by more immediate desires and ambition. Komarraju has set himself greater challenges in this sophomore outing of his series: the plot thickens, the players multiply and the geopolitical chessboard on which this epic game unfolds is a thing of beautiful intricacy.' - Karthika Nair, author of Until the Lions For the story of the Great War is also the story of the women . . . Amba lives for revenge, but circumstances and men conspire against her. Will her daughter bring her the only salvation she seeks? Kunti stakes all to free her brother Vasudev and his wife Devaki. Yet it is the groom-choosing ceremony that will define her life. Gandhari too has come of age, and is faced with a difficult choice: she must marry the blind prince of Hastinapur if she is to save her kingdom from the certain ruin it faces due to Hastinapur's deceit.In the background, Bhisma pulls the strings, making alliances and marriages, devising new strategies, ever increasing the might of Hastinapur.

The Hindu Samskaras give expression to aspirations and ideals of the Hindus. They aim at securing the welfare of the performer and developing his personality. They go back to a hoary antiquity. The Vedas, the Brahmanas, the Grhyasutras, the Dharmasutras, the Smritis and other treatises describe the rites, ceremonies and customs here and there but they do not present them in their historical evolution. The present work is a systematic study of all the Samskaras enjoined to be performed at the various epochs in the life of an individual from conception to crematorium. The author has cited parallels in other religions to show that they are universal and have a recognised place in ancient cultures and are still represented within the limits of modern religion. He has also shown that the sacramental beliefs and practices, far from being an irrational priestcraft, are consistent and logical and have practical utility and intention. This work discusses the source, meaning, number, purpose and the constituents of Samskaras grouped under five heads: prenatal, natal, educational, nuptial and funeral. Besides being a landmark in Hindu culture, it presents patterns of life based on high ethical, spiritual and humanistic values.

An ideal resource for courses on Hinduism or world religions, this accessible volume spans the entire field of Hindu studies. It provides a forum for the best scholars in the world to make their views and research available to a wider audience. Comprehensively covers the textual traditions of Hinduism Features four coherent sections covering theoretical issues, textual traditions, science and philosophy, and Hindu society and politics Reflects the trend away from essentialist understandings of Hinduism towards tradition and regional-specific studies Includes material on Hindu folk religions and stresses the importance of region in analyzing Hinduism Ideal for use on university courses.

This book examines the contours of this creative tension in the context of Hinduism in our own times. For Hinduism, a religion of unknown antiquity, is also, in several ways, surprisingly modern. Hinduism for Our Times is an attempt to raise this dimension of Hinduism to an unprecedented level of self-awareness.

The third edition of this well-regarded introduction to Hinduism adds new material on the religion's origins, on its relations with rival traditions, and on Hindu science.

The Hindu World is the most complete, authoritative and up-to-date one-volume guide to Hindu faith and culture available today. With twenty-four dedicated chapters written by the world's leading Hinduism scholars, it elucidates the history, philosophy and practice of one of the world's great religious traditions. The perfect reference for all students of Hinduism, it is ideal for both for introductory-level study and for use as a definitive reference source. Proving invaluable for its wealth of historical material, in addition, The Hindu World also offers new insights into all aspects of Hindu life, ranging from the devotional texts of the Vedas and Ramayana to current perspectives on dharma and kama, temple architecture, sacred food, ritual, caste, cosmic philosophy, history and modernization. The Hindu World emphasizes Hinduism's classical heritage and daily practice as well as contemporary approaches to Hindu scholarship. Exploring the enormous diversity of Hindu devotion whilst considering Hinduism's academic status as a category for analysis, the book achieves a distinctive creative balance between the beliefs and values of Hindus themselves, and scholarly 'outsider' perspectives.
