The untold story of the root cause of America's education crisis--and the seemingly endless cycle of multigenerational poverty. It was only after years within the education reform movement that Natalie Wexler stumbled across a hidden explanation for our country's frustrating lack of progress when it comes to providing every child with a quality education. The problem wasn't one of the usual scapegoats: lazy teachers, shoddy facilities, lack of accountability. It was something no one was talking about: the elementary school curriculum's intense focus on decontextualized reading comprehension "skills" at the expense of actual knowledge. In the tradition of Dale Russakoff's The Prize and Dana Goldstein's The Teacher Wars, Wexler brings together history, research, and compelling characters to pull back the curtain on this fundamental flaw in our education system--one that fellow reformers, journalists, and policymakers have long overlooked, and of which the general public, including many parents, remains unaware. But The Knowledge Gap isn't just a story of what schools have gotten so wrong--it also follows innovative educators who are in the process of shedding their deeply ingrained habits, and describes the rewards that have come along: students who are not only excited to learn but are also acquiring the knowledge and vocabulary that will enable them to succeed. If we truly want to fix our education system and unlock the potential of our neediest children, we have no choice but to pay attention.

It's all here along with a step-by-step outline on how to negotiate the entire process from job search to job offer. If you plan to teach, then you MUST have this book! Original.

This compilation of resources offers practical, ready-to-use solutions to the issues and dilemmas principals face every day.

Most school districts do not have a full time human resources administrator to conduct interviews and this important task most often becomes the responsibility of the building principal or a department head. Here is a guide designed for hiring employees, both professional staff as well as non-professional, in public, parochial, or private schools. It offers more than one thousand interview questions in forty-eight employment categories ranging from superintendent and business manager to security officer and parent volunteer. It includes discussion about the hiring process and the different types of interviews that will be particularly useful to educators trying to develop guidelines and procedures for hiring personnel. Jobseekers, too, can use the questions to help them prepare for career-making interviews.

Jonathan Kozol, National Book Award-winning author and one of America's foremost writers on social issues, offers a passionate and provocative critique on the role of the teacher in America's public school system. Writing as a teacher, Kozol advocates an approach to education that is infused with ethical values: fairness, truth, and integrity, and a driving compassion for the world beyond the classroom. Kozol not only sheds light on what it means to be a teacher, but gives constructive suggestions on how teachers can work conscientiously within the system to foster these values in concert with parents, students and fellow teachers.
