I've spent years hoping someone would finally hear me. It's easier not to try anymore... Ten years after leaving his small Minnesota hometown in his rearview mirror for what Nolan Grainger was sure would be the last time, life has decided to throw the talented musician a curveball and send him back to the town he lived in but was never really home. At twenty-eight, Nolan has traveled the world as a successful concert violinist with some of the best symphonies in the country. But success breeds envy, and when Nolan's benefactor and lover decides Nolan has flown high enough, he cruelly clips Nolan's wings. The betrayal and ensuing scandal leaves the violinist's career in shambles and with barely enough money to start fresh somewhere beyond his vindictive ex's powerful reach. But just as he's ready to get his life back on track, Nolan gets the call he's been dreading. After a stroke leaves his father a partial invalid, duty-bound Nolan returns to Pelican Bay and a life he's spent years trying to forget. When he's forced to use the last of his own money to keep from losing the family home, desperation has him turning to the one man he'd hoped never to see again... Even if I could speak, there wouldn't be anyone there to listen... Pelican Bay's golden boy, Dallas Kent, had the quintessential perfect life. Smart, gorgeous, and popular, the baseball phenom was well on his way to a life filled with fame and fortune. But more importantly, he had a one-way ticket out of Pelican Bay and far away from the family who used love as currency and whose high expectations were the law of the land. But a stormy night, sharp highway curve and one bad decision changed everything, leaving Dallas with nothing. Because the accident that took his parents, his future and his crown as the boy who could do no wrong, also stole his voice. Despised for the horrific wreck that ended the lives of two of Pelican Bay's most respected residents, Dallas has retreated to a secluded stretch of land where he's found refuge in a menagerie of unwanted animals that don't care that he once had the world at his feet or that he'll never speak again. But when the quiet, bookish boy he wasn't allowed to notice in school suddenly reappears ten years later at Dallas's wildlife rehab center in desperate need of a job, Dallas is thrust back into a world he's worked hard to escape. Dallas's silence was supposed to send Nolan scurrying, but what if Nolan ends up being the one person who finally hears him? Will two men who've been fleeing

from the past finally come home to Pelican Bay for good or will the silence drive them apart forever?

Since 1980, the number of people in U.S. prisons has increased more than 450%. Despite a crime rate that has been falling steadily for decades, California has led the way in this explosion, with what a state analyst called "the biggest prison building project in the history of the world." *Golden Gulag* provides the first detailed explanation for that buildup by looking at how political and economic forces, ranging from global to local, conjoined to produce the prison boom. In an informed and impassioned account, Ruth Wilson Gilmore examines this issue through statewide, rural, and urban perspectives to explain how the expansion developed from surpluses of finance capital, labor, land, and state capacity. Detailing crises that hit California's economy with particular ferocity, she argues that defeats of radical struggles, weakening of labor, and shifting patterns of capital investment have been key conditions for prison growth. The results—a vast and expensive prison system, a huge number of incarcerated young people of color, and the increase in punitive justice such as the "three strikes" law—pose profound and troubling questions for the future of California, the United States, and the world. *Golden Gulag* provides a rich context for this complex dilemma, and at the same time challenges many cherished assumptions about who benefits and who suffers from the state's commitment to prison expansion.

Morgan Drake witnesses a murder in an alleyway. He is the only person who can give evidence in prosecuting the cop responsible for the crime. When the FBI safe house where he's being held is compromised, he follows the instructions of the agent in charge and runs. Nik Valentinov works for Sanctuary, a foundation that offers witness protection when FBI security is questionable. When Morgan's handler sends him to Nik for safety, neither Morgan nor Nik could imagine that two weeks alone in a cabin in the woods would have their hearts racing with something much more than merely trying to keep Morgan alive.

Coming home should be the easiest thing in the world, but I've never felt more lost... When his stellar military career comes to an abrupt and terrible end, thirty-two-year-old Maddox Kent returns to the town he never planned to step foot into again, hoping to mend the rift he himself caused with the brother he left behind. But coming home means facing some hard truths about himself and his actions. When he has the chance to start making amends by helping his brother with the wildlife sanctuary he runs, Maddox is thrown another curveball when a stranger appears... As long as we keep moving, everything will be okay. That's what I keep telling myself, anyway... For twenty-one-year-old Isaac, Pelican Bay is only supposed to be a stopping point on the trek from San Francisco to New York. With his little brother, Newt, in tow,

Get Free Sancyr Found Pelican Bay Book 2

Isaac is just looking to make things right by returning something of value to a person he wronged. But "getting lost" in the next big city proves to be a problem when the brutal Minnesota winter claims Isaac's car and strands him and Newt at the animal sanctuary. When the owners of the place offer him a job, a desperate Isaac agrees, despite the presence of a man Isaac instinctively knows could be his downfall... It should be so easy to let him go, but I can't. And not just because I want to protect him... Nothing about Isaac makes sense to Maddox. Not his piercings or makeup or flashy clothes. And most certainly not the snarky mouth that doesn't match the vulnerability Maddox sees in the younger man's eyes. But one thing does make sense to the hardened former soldier. Isaac is running from something, and Maddox's gut is telling him not to let Isaac and little Newt go until he can ferret out the truth. But having Isaac around means trying to make sense of something else Maddox isn't expecting... his own body's response to the beautiful younger man. Aside from their explosive chemistry, nothing about the straitlaced soldier and the secretive misfit works. But maybe that's exactly why it does...

Lucky Two years ago I humiliated myself by declaring my love to an older man who clearly didn't share my feelings. And that's fine. One day Zach will come around. Meanwhile, I've built a life for myself in northern Montana, pursuing my college degree while working hard toward certification in high-risk alpine search and rescue on the side. And perhaps I've kept the danger part a secret from my two dads. After all, what they don't know won't hurt them... Everything's going exactly as planned until my dads send Zach to check on me just as I'm dealing with an ex who doesn't understand the meaning of the word no. It's bad enough Zach still thinks of me as a child; now he also thinks I'm incapable of looking out for myself. I need to get him off my back before he finds out I'm not heading to Wyoming for summer break like everyone thinks. I'm going to Glacier National Park to learn how to rappel from helicopters... Zach Two years ago I wanted something I couldn't have, so I threw myself back into my job as an Army Ranger and wound up scarred in more ways than one. When the army dumps my sorry self back into the real world, it's time to start over. I accept a summer job teaching high-risk search and rescue. On the way there, all I have to do is peek in on little Lucky Reed and make sure he's okay. He's not. Someone has it out for him, and I'll be damned if I'm going to let him get hurt on my watch. My plan is to keep him safe until he heads south for his summer job playing trail guide to tourists. Once he's gone, I'll be free to head to Glacier where my biggest challenge will be keeping a handful of alpine search and rescue students safe as they learn how to dangle from helicopters high above the Rocky Mountains. It's all fine. Until it's not. Danger follows us to Glacier, and by the time I finally start seeing Lucky as more than the awkward teenager he used to be, I wonder if it's too late to convince him that this scarred soldier sees him as anything but little anymore.

I've been drowning for a long time. I never thought I'd find someone who knows what that's like... Self-proclaimed playboy, Aiden Vale, has it all - good looks, successful career, plenty of cash in the bank and an endless supply of men who know the score... that one night is just that. So the last thing he wants, or needs, is to forge a connection that might mean revealing more of himself than he's ready to. But when fate intervenes, putting Aiden in the path of someone who threatens to knock down his carefully constructed walls, he's quick to realize the young man he's become infatuated with is hiding a painful secret. I finally have a shot at freedom. I'll never let anyone take that from me ever again... Ash Valentine is just looking for a way out, and the last thing he wants or needs is another man controlling every aspect of his life. Desperate for the cash that will help him flee his abusive boyfriend, Ash accepts what is supposed to be a temporary job at a local coffee shop. But nothing prepares him for the gorgeous and enigmatic Aiden Vale, and the small acts of kindness the charming coffee shop regular bestows on him or the new friends he begins to make along the way. Terrified of once again becoming too reliant on someone else to take care of him, Ash refuses Aiden's repeated offers of help in any form. But when it becomes clear that there's something more behind Aiden's need to save him, Ash begins to wonder if he's found someone who needs saving just as badly. I know he wants to save me, but what if he's the one who needs saving... As their tentative friendship turns into something more, long buried secrets begin to surface. When Aiden's need to protect Ash clashes with the younger man's desire for independence, memories of the one he couldn't save begin to tear at the fragile cords of Aiden's soul, and he's forced to face a truth he's been hiding from for a long time. Threatened with losing what they've only just found, will Aiden and Ash find a way to accept their pasts or will they let the pain drag them below the surface for good?

Three chance encounters. Two boys. First love. CHARLIE is lost in his own life. At twenty years old, his single act of rebellion has been to convince his parents to let him go to art school. Everything else, though, is a bit of a mess. He is good at art but doesn't know what he wants from it. He's not at all good at having a girlfriend and he definitely doesn't know what she wants from him. Now it's only a week until the summer holidays and he's not even begun sketching for his final assignment; instead, he's moping through central London, so distracted that he ends up shoplifting. It's a miserable day in the making...until he meets his Stranger. PIP thinks about his Good-Looking Thief for days after they meet, daydreams tinged with wistfulness more suited to the memory of a summer long ago. But he soon lets it go. Even in his own fantasies he can't bring himself to ask for the bloke's number because the truth is, he's no good at befriending people. Certainly not posh, artistic types with girlfriends. It's all right. He's used to not having his way; when you live in the kind of area he does you learn to put your head down and keep going...especially when you've been out since you were twelve. With a

Get Free Sancyr Found Pelican Bay Book 2

light touch that does not shy away from exploring complex issues of self-discovery and desire, 'Portrait of a Stranger' delivers a mesmerizing story of friendship and first love. Readers will be cheering for Charlie and Pip from their first chance encounter to the final page and beyond. Those who fell in love 'Simon vs the Homo Sapiens Agenda' ('Love, Simon') and 'Aristotle and Dante Discover the Secrets of the Universe' will enjoy 'Portrait of a Stranger'.

I had one reason for never going back to the small town I once called home, but I never guessed it would be the same one that made me want to stay... Brooks I grew up in the small town of Eden, Wyoming, but never really felt like I fit in. Until I met the one boy who changed all that. When we were kids, Xavier Price understood horses, but somehow, he got me too. He'd made me feel like I wasn't just the overdressed, too sensitive fifteen-year-old geek who loved math and didn't always say the right thing. But all that changed the night he threw my trust back in my face and betrayed my family in the worst kind of way. And while I'm back in Eden to make sure my uncle's horse ranch is operating in the black, the one thing I know I won't have to deal with is the man who'd been on the verge of stealing my heart ten years ago. Because Xavier Price is still in prison for what he did and even if he weren't, he wouldn't be foolish enough to show his face in Eden ever again. Right? Xavier Wrong. That's what returning to Eden after ten years behind bars feels like. But it wasn't like I had a whole lot of choices. And it wasn't like I was going to be handed any decent job offers, let alone my dream one of working with horses. But that's exactly what happened and now that I'm foreman of Black Hills Ranch, I'm not letting this job go for anything. Not even the spoiled little rich kid I'd thought was different when he'd glommed onto me ten years ago. I have no doubt Brooks Cunningham didn't wait long to move on to bigger and better things the second my jail cell was locked behind me, and that's just fine by me. I'd been wrong about the sweet, emotional boy who'd had a habit of wearing his heart on his sleeve anyway. Except fate has decided to have another go at me by tossing Brooks right back into my sometimes too small world. Gone is the scrawny, stars-in-his-eyes nerd who used to do math problems just for fun. In his place is a gorgeous specimen of a man who thinks he can go toe to toe with me and once again destroy everything I've worked for. Not happening.

He promised to never leave me. But when I needed him the most, that was exactly what he did... Wilderness guide Xander Reed has spent fifteen years trying to forget the night he turned to his best friend in his darkest hour, only to find the young man who'd sworn to always have his back was turning his on Xander instead. Two thousand miles and fifteen years of building a new life in the quiet backcountry of the Rocky Mountains should have been enough to put the memory of Bennett Crawford out of his mind forever, but old wounds run deep and when Bennett suddenly reappears in his life as part of a wilderness expedition Xander is guiding, the scars he thought long healed break wide open. I'd only ever wanted to protect Xander from getting hurt

Get Free Sancry Found Pelican Bay Book 2

again. I never considered the one he needed protection from was me... Bennett Crawford was faced with an impossible choice the night his best friend needed him. He chose wrong. As the only son of one of the wealthiest families in New England, he should have had the world at his feet, but losing his best friend at the tender age of fourteen changed everything. And even though Bennett's managed to hide behind a mask of contentment as he takes his place at his father's side in the family business, inside he's searching for the piece of himself that's been missing ever since Xander Reed walked out of his life. Bennett's only saving grace is his work with a group of inner city kids, and when he's given the chance to show the troubled teens that there's a bigger world out there waiting for them if they just have the courage to reach for it, he takes it. But when he steps off that bus for what was supposed to be a week of fun and adventure, he's instantly returned to the past when he discovers their expedition guide is none other than the boy he let go so long ago. Only, the soft-hearted, insecure little boy Bennett once knew is gone, and in his place is a brooding, bitter man who isn't interested in second chances. People leave. I know that now and nothing Bennett has to say to me will change anything... All Bennett wants is another chance to show Xander that friendship was only the beginning. But when a stubborn Xander refuses to even hear him out, Bennett realizes he's going to need to fight dirty. Because now that he's found Xander again, he's not letting him go a second time...
