Harmonic Trading is today's most powerful, well-proven new approach to technical analysis. Now, in the second volume of an indispensable two volume set, Harmonic Trading creator Scott Carney presents even more new and advanced techniques for unlocking valid market signals as if they were the combination to a safe. Harmonic Trading of the Financial Markets, Volume 2 begins with a brand-new review of today's markets from a harmonic trading perspective. Next, it introduces a series of new and advanced concepts presented in no other book, including the 5-0 pattern and Alternate Bat pattern. Carney also introduces the RSI BMM Advanced Execution Model, a breakthrough approach to applying Harmonic Trading in real trades. The natural harmonic patterns in this book are designed to consistently identify critical price levels and market turning points: patterns analogous to the predictable behavior of natural systems. Carney supports them with examples from widely diverse markets, including 2008's extraordinarily bearish environment. As in Volume 1, Carney guides traders gently up the learning curve, sharing personal experiences and presenting many clear illustrations. These books don't just introduce valuable new technical analysis techniques: they provide the tools and help traders need to succeed with them.

The Definitive Introduction to Harmonic Trading—By the Originator of This Approach, Scott Carney! Harmonic Trading creator Scott Carney unveils the entire methodology to turn patterns into profits. These strategies consistently identify the price levels and market turning points that reveal the natural order within the chaos of the financial markets. Analogous to the predictable behavior of many of life's natural processes, Harmonic Trading examines similar relationships within the financial markets to define profitable opportunities in an unprecedented manner. Carney introduces new discoveries such as the Bat pattern, Alternate AB=CD structures, the 0.886 retracement, and more. These strategies are entirely new to the trading community, and they represent a profound advancement beyond all other Fibonacci methodologies! After you've discovered how to identify harmonic patterns, Carney presents a complete methodology for applying them in trade execution and handling them throughout the entire trade management process. From savage bear to rampaging bull, Harmonic Trading can be employed in all markets—equities, currencies, commodities, and foreign markets—for both short- and long-term timeframes.

The MOST ADVANCED Harmonic Trading Techniques Ever Published-- by Their CREATOR, Scott Carney! Now, in Harmonic Trading: Volume 2, Carney takes a quantum leap forward, introducing new strategies, patterns, and methods that make Harmonic Trading an even more powerful tool for trading the financial markets.
