The main character Seraphina's character development from a very cautious person to a more trusting and open one is mirrored in the tone of the narration, that starts out rather subdued, almost sinister to get more colourful yet never light when Seraphina meets and opens up to some people, interspersed with unexpected bursts of humour. Overall, the tone is rather on the serious side.

A new vision of knights, dragons, and the fair maiden caught in between . . . Four decades of peace have done little to ease the mistrust between humans and dragons in the kingdom of Goredd. Folding themselves into human shape, dragons attend court as ambassadors, and lend their rational, mathematical minds to universities as scholars and teachers. As the treaty's anniversary draws near, however, tensions are high. Seraphina has reason to fear both sides. An unusually

gifted musician, she joins the court just as a member of the royal family is murdered. While a sinister plot to destroy the peace is uncovered, Seraphina struggles to protect the secret behind her musical gift, one so terrible that its discovery could mean her very life. Seraphina's tortuous journey to self-acceptance will make a magical, indelible impression on its readers.

The kingdom of Goredd is populated by humans and by dragons who fold themselves into a human form. Though they live alongside each other, the peace between them is uneasy. But when a member of the royal family is murdered, and the crime appears to have been committed by a dragon the peace and treaty between both worlds is seriously threatened . . . Into this comes Seraphina, a gifted musician who joins the royal court as the assistant to the court composer. She

the politics of her world. When war breaks out between the dragons and humans, she must travel the lands to find those like herself—for she has an inexplicable connection to all of them, and together they will be able to fight the dragons in powerful, magical ways. As Seraphina gathers this motley crew, she is pursued by humans who want to stop her. But the most terrifying is another half dragon, who can creep into people's minds and take them over.
