~~In this wonderfully readable book, Alistair Horne tells the huge and romantic story of Paris through seven ages of turmoil and change: the Middle Ages, the 100 years war, the Paris of Louis XIV, the age of Napoleon, the Commune, the Empire days of Louis-Napoleon and Eugenie, and the First World War and De Gaulle.~~

~~Seven Ages of Paris- Portrait of a City- Amazon.co.uk----~~

~~Seven Ages of Paris is a detailed summary of the history of the city beginning with the Romans and then neatly divided into stages sorted by certain kings or famous events or Wars that greatly influenced the development of Paris. Each section covers the major aspects as well as the cultural ones and so gives the reader a general as well as a specific sense of the time period.~~

~~Seven Ages of Paris begins with the reign of the forceful Philippe Auguste, who greatly expanded the Capetian kingdom before devoting himself to fortifying the city and to the construction of the Louvre. Paris shed blood in the Hundred Years War and in the religious wars between Catholics and Huguenots and prospered under Henri IV's reconciliation.~~

~~After reading Seven Ages of Paris and then visiting (sixth visit so I had a background), I came away sympathetic to and impressed by the French people, and Parisians in particular, their way of life, their views and their attitudes. America can learn important lessons from France. And the French know they can learn important lessons from America.~~

~~In this luminous portrait of Paris, the celebrated historian gives us the history, culture, disasters, and triumphs of one of the world's truly great cities. While Paris may be many things, it is never boring. From the rise of Philippe Auguste through the reigns of Henry IV and Louis XIV (who abandoned Paris for Versailles); Napoleon's rise and fall; Baron Haussmann's rebuilding of Paris (at the cost of much of the medieval city); the Belle Epoque and the Great War that brought it to an end; the Nazi Occupation, the Liberation, and the postwar period dominated by de Gaulle--Horne brings the city's highs and lows, savagery and sophistication, and heroes and villains splendidly to life. With a keen eye for the telling anecdote and pivotal moment, he portrays an array of vivid incidents to show us how Paris endures through each age, is altered but always emerges more brilliant and beautiful than ever. The Seven Ages of Paris is a great historian's tribute to a city he loves and has spent a lifetime learning to know. "Knowledgeable and colorful, written with gusto and love.... [An] ambitious and skillful narrative that covers the history of Paris with considerable brio and fervor." -LOS ANGELES TIMES BOOK REVIEW~~

~~In this wonderfully readable book, Alistair Horne tells the huge and romantic story of Paris through seven ages of turmoil and change: the Middle Ages, the 100 years war, the Paris of Louis XIV, the age of Napoleon, the Commune, the Empire days of Louis-Napoleon and Eugenie, and the First World War and De Gaulle. Interweaving historical narrative with telling detail, this is a fluent and definitive work of social and cultural history. 'The best book I have read on Paris in a long time' Gregor Dallas, BBC History Books of the Year 'Reading Seven Ages of Paris is like taking an exciting trip in a French balloon' Antonia Fraser, New Statesman Books of the Year 'Provides not only a panorama of the capital, but also a well-crafted history of France with a nice balance between broad overviews and engaging episodes and details' Jonathan Fenby, The Times~~

~~Traces the development of Paris from the twelfth century to the mid-twentieth century, identifying seven key periods in the city's history, from the medieval and Renaissance ages, through revolutionary and Napoleonic Paris, to the German occupation during World War II and its liberation. 30,000 first printing.~~

~~When Paris became the ultimate destination city.~~

~~If Adam Gopnik's Paris to the Moon described daily life in contemporary Paris, this book describes daily life in Paris throughout its history: a history of the city from the point of view of the Parisians themselves. Paris captures everyone's imaginations: It's a backdrop for Proust's fictional pederast, Robert Doisneau's photographic kiss, and Edith Piaf's serenaded soldier-lovers; a home as much to romance and love poems as to prostitution and opium dens. The many pieces of the city coexist, each one as real as the next. What's more, the conflicted identity of the city is visible everywhere-between cobblestones, in bars on the m\u00e9tro. In this lively and lucid volume, Andrew Hussey brings to life the urchins and artists who've left their marks on the city, filling in the gaps of a history that affected the disenfranchised as much as the nobility. Paris: The Secret History ranges across centuries, movements, and cultural and political beliefs, from Napoleon's overcrowded cemeteries to Balzac's nocturnal flight from his debts. For Hussey, Paris is a city whose long and conflicted history continues to thrive and change. The book's is a picaresque journey through royal palaces, brothels, and sidewalk caf\u00e9s, uncovering the rich, exotic, and often lurid history of the world's most beloved city.~~

~~Documents the phenomenal mid-19th-century transformation of Paris through which the Louvre Palace was expanded, the Notre-Dame Cathedral was restored and the Op\u00e9ra Garnier was built, citing the contributions of such figures as Napoleon III and George-Eug\u00e8ne Haussmann. 25,000 first printing.~~

~~In an original and evocative journey through modern Paris from the mid-eighteenth century to World War II, Patrice Higonnet offers a delightful cultural portrait of a multifaceted, continually changing city. In examining the myths and countermyths of Paris that have been created and re-created over time, Higonnet reveals a magical urban alchemy in which each era absorbs the myths and perceptions of Paris past, adapts them to the cultural imperatives of its own time, and feeds them back into the city, creating a new environment. Paris was central to the modern world in ways internal and external, genuine and imagined, progressive and decadent. Higonnet explores Paris as the capital of revolution, science, empire, literature, and art, describing such incarnations as Belle Epoque Paris, the Commune, the surrealists' city, and Paris as viewed through American eyes. He also evokes the more visceral Paris of alienation, crime, material excess, and sensual pleasure. Insightful, informative, and gracefully written, "Paris" illuminates the intersection of collective and individual imaginations in a perpetually shifting urban dynamic. In describing his Paris of the real and of the imagination, Higonnet sheds brilliant new light on this endlessly intriguing city.~~

~~A historian and lifelong Francophile takes readers on a fascinating journey through the ages, revealing a rarely seen Paris, as he, using 21 stops of the subway system as focal points, reveals the often violent events that shaped one of the world's most romanticized city. 50,000 first printing.~~

~~A humiliating military defeat by Bismarck's Germany, a brutal siege, and a bloody uprising--Paris in 1871 was a shambles, and the question loomed, "Could this extraordinary city even survive?" With the addition of an evocative new preface, Mary McAuliffe takes the reader back to these perilous years following the abrupt collapse of the Second Empire and France's uncertain venture into the Third Republic. By 1900, Paris had recovered and the Belle Epoque was in full flower, but the decades between were difficult, marked by struggles between republicans and monarchists, the Republic and the Church, and an ongoing economic malaise, darkened by a rising tide of virulent anti-Semitism. Yet these same years also witnessed an extraordinary blossoming in art, literature, poetry, and music, with the Parisian cultural scene dramatically upended by revolutionaries such as Monet, Zola, Rodin, and Debussy, even while Gustave Eiffel was challenging architectural tradition with his iconic tower. Through the eyes of these pioneers and others, including Sarah Bernhardt, Georges Clemenceau, Marie Curie, and C\u00e9sar Ritz, we witness their struggles with the forces of tradition during the final years of a century hurtling towards its close. Through rich illustrations and vivid narrative, McAuliffe brings this vibrant and seminal era to life.~~

~~In this extensively illustrated work, one of Paris' leading historians links the beauty of the city to its harmonious architecture, the product of a powerful tradition of classical design running from the Renaissance through the 20th century.~~
