A few friends, who always enjoyed playing and roaming around the Kruger National Park and looking for food together, were gathered round the waterhole. They had a lot to discuss this afternoon. Nkonkoni Wildebeest, their dear friend, had a longing to trek all the way to the Serengeti National Park in Tanzania, one of the best known wildlife sanctuaries in the world; to join his family in the next big wildebeest migration.

The advent of the holy prophet Muhammad (PBH) was foretold in so many pages of all the previous scriptures. He was finally unveiled by the Almighty God, with a message to all the world (the holy Quran). The holy Quran (as prophesied in the previous scriptures) is the actual word of the Almighty God Allah. It was revealed for the benefit of all mankind: "Blessed is He who sent down the criterion to His servant, that it may be an admonition to all creatures". (Q.25:1). It is complete and comprehensive and in conformity with the prophecy in the previous scriptures. The Almighty Allah says: " Nothing have we omitted from the Book". (Q.6:38) The message given to the holy prophet Muhammad (PBH) by the Almighty Allah for mankind thus contains a complete code which provides for all areas of life, whether spiritual, intellectual, political, social or economic. It is a code which has no boundaries of time, place or nation. Before Islam, religion was on the authority of its own leaders, and was thus the avowed enemy of reason resulting in making theology to be based on intricate subtleties and credulous admiration of miracles. The holy Quran came and took religion by a new road untrodden by the previous scriptures in fulfillment of Jesus' prophecy. It spoke to the rational mind and alerted the intelligence. It sets out the order in the Universe, the principles and certitudes within it, and required a lively scrutiny of them that the mind might thus be sure of the validity of its claim and message. Even in relation to the narratives of the past, it proceeded on the conviction that the created order follows invariable laws, as the holy Quran says: "Such was the way of God in days gone by and you will find (that) it does not change (Q.48:23). And again, "God does not change people's case until they change their own disposition (Q.13:11). Even in matters of

morality, the holy Quran relies on evidence: "Requite evil with good and your worst enemy will become your dearest friend (Q.41:34). Thus for the first time in a revealed scripture, reason finds its brotherly place; and toleration made a corner stone of religion as the holy Quran says: "There is no compulsion i

This is a story of seven friends that find a great tree and figure out how to build a summertime clubhouse, so they are able to get away from the usual, the boring, and the "normal." It starts with an idea for fun and turns out to be work, but it provides them with the place away from family pressure that they were seeking.

A case for friendship as a radical practice of love, courage, and trust, and seven strategies that pave the way for profound social change. Grounded in the Buddha's teachings on spiritual friendship, *Radical Friendship* shares seven strategies to help us embody our deepest values in all of our relationships. Drawing on her experiences as a leading meditation teacher, as well as personal stories of growing up multiracial in a racist world, Kate Johnson brings a fresh take on time-honored wisdom to help us connect more authentically with ourselves, with our friends and family, and within our communities. The divides we experience within us and between us are not only a threat to our physical and emotional health—they are also the weapons and the outcomes of structural oppression. But through wise relationships, it is possible to transform the barriers created by societal injustice. Johnson leads us on a journey to becoming better friends by offering ways to show up for our own and each other's liberation at every stage of a relationship. Each chapter ends with a meditation or reflection practice to help readers cultivate vibrant, harmonious, revolutionary friendships. *Radical Friendship* offers a path of depth and hope and shows us the importance of working toward collective wellbeing, one relationship at a time.
