warships have supplemented the official record with their personal recollections. Shadow Divers Exposed works on a multitude of levels. It presents the actual circumstances that surrounded the loss of the U-869. It puts the discovery of the U-869 into perspective with other U-boats that

have been found in American waters. It provides an overview of the U-boat war through accounts of other U-boat losses. And it corrects some of the gross errors, wild exaggerations, and deliberate distortions that filled the pages of Shadow Divers. The author interviewed a number of witnesses
