ignorant of his deadly secret and mistrustful of his ruthless methods. The Complete Sharpe Collection with a new introduction by the author

A year after the victory at Talavera, Wellington's army, outnumbered and out of money, is on the verge of collapse. Its only hope lies in a cache of gold hidden in the Portugese mountains and the only man capable of stealing it is Captain Richard Sharpe.

An up-from-the-ranks officer in Wellington's army determines to capture one of the golden eagles possessed by each of Napoleon's battalions, his private revenge and a small part of the panorama of the epochal Battle of Waterloo.

For more than twenty years, Richard Sharpe, the brave and dashing officer who rose from rags on the street to a commission in his majesty's army, has been thrilling audiences on both the page and on screen. Now the incomparable Bernard Cornwell ("the greatest writer of historical novels today"*) returns with a thrilling new installment—the first new Sharpe novel in more than two years. The year is 1811. With the British army penned into a small part of Portugal, and all of Spain fallen to the invader except for the coastal city of C á diz, the French appear to have won their war. Captain Richard Sharpe has no business being in C á diz, but when an attack on a French-held bridge goes disastrously wrong, Sharpe—accompanied by Harper, his loyal Irish sergeant, and the obnoxious Brigadier Moon—finds himself in a city under French siege. It is also a town riven by political rivalry. Some Spaniards believe their country's future would be best served if they broke their alliance with Britain and forged a friendship with Napol é on's

France; their cause is only strengthened when some letters written to a prostitute by the British ambassador fall into their possession. They resort to blackmail, and Sharpe, raised in the gutters of London and taught to fight, is released into the alleys of C á diz to find the woman and retrieve the letters. Yet defeating the blackmailers will not save the city. That is up to the charismatic Scotsman, Sir Thomas Graham, who takes a small British force o attack the French siege lines. The attack goes horribly wrong; Sir Thomas's outnumbered army is trapped between the devil and the deep blue sea, and on a March morning, at Barrosa, Richard Sharpe finds himself embroiled in one of the most desperate infantry struggles ever fought. Sir Thomas has his own reasons for revenge, as does Sharpe, who goes into battle seeking the French colonel who precipitated the disaster that stranded Sharpe in C á diz. In a bloody and stirring battle, Sharpe and the English get their revenge and their victory, but at a terrible cost. A triumph of both historical and battle fiction, Sharpe's Fury will sweep both old and new Sharpe fans into their hero's incredible adventures.

Richard Sharpe and his men, quartered in a crumbling Portuguese fort, are attacked by an elite French unit, led by an old enemy of Sharpe's, and suffer heavy losses. The army's high command blame Sharpe for the disaster and his military career seems to be ruined. His only hope is to redeem himself on the battlefield. So with his honour at stake, against an overwhelming number of French troops, Sharpe leads his men to battle in the narrow streets of Fuentes de O ñ oro.

"The greatest writer of historical adventures today." —Washington Post Critically acclaimed, perennial New York Times bestselling author Bernard Cornwell (Agincourt, The Fort, the Saxon Tales) makes real history come alive in his breathtaking historical fiction. Praised as "the direct heir to Patrick O'Brian" (Agincourt, The Fort), Cornwell has brilliantly captured the fury, chaos, and

excitement of battle as few writers have ever done—perhaps most vividly in his phenomenally popular novels following the illustrious military career of British Army officer Richard Sharpe during the late 18th and early 19th centuries. In Sharpe's Prey, Sharpe must prove his mettle once again after performing courageously on Wellesley's battlefields in India and the Iberian Peninsula, as he undertakes a secret mission to Copenhagen, Denmark in 1807 to prevent a resurgent Napoleon from capturing the Danish fleet. Perhaps the San Francisco Chronicle said it best: "If only all history lessons could be as vibrant."
