Inhabitants of a planet taken over by a terrifying power flee their world, planning to conquer a new one, and only five powerful teenagers, possessed by shards of a shattered star, stand between them and Earth.

Erin Hunter's #1 bestselling Warriors series continues in A Vision of Shadows #3: Shattered Sky. ShadowClan has fallen. A group of rogues now rules the pine forest, and their cruel leader, Darktail, will not stop until he has conquered the rest of the Clans. Alderheart is more certain than ever that their only hope is to find the lost SkyClan and fulfill StarClan's prophecy—before Darktail's vicious reign puts an end to the warrior Clans forever. Humanity's last surviving heroes must protect a shattered civilization from an all-conquering enemy in this thrilling sequel to The Cruel Stars. "[The Shattered Skies] is a delightful military space adventure that runs at full tilt."—Booklist The Sturm, an empire of "species purists," have returned from the farthest reaches of Dark Space to wage a war against what they call mutants and borgs: any human being with genetic or neural engineering. In a sneak attack, they overwhelmed almost all of humanity's defenses, blasting vicious malware across galaxy-spanning networks, dark code that transformed anyone connected to the system into a mindless psychotic killer. The Sturm's victory seemed complete, their final triumph inevitable, until one small band of intrepid, unlikely heroes struck back. Commander Lucinda Hardy and Admiral Frazer McLennan used the Armadalen Navy's final surviving warship to fend off the Sturm, destroying the massed power of an entire Attack Fleet. With brilliant tactics—and support from drunken, grief-ravaged pirate Sephina L'trel and treasonous battle-rig operator Booker—this ragtag crew sent the Sturm running, managing to save Princess Alessia, the sole surviving heir to the gigantic Montanblanc ul Haq Corporation and perhaps Earth's only remaining senator. Now left with the remains of a fallen civilization, they must work together to rebuild what was lost and root out the numberless enemies of Earth. The Sturm invaders remain vastly more powerful—and they may not be the only threat lurking in the darkness of space.

Elizabeth Bear is an astonishing writer, whose prose draws you into strange and wonderful worlds, and makes you care deeply about the people and the stories she tells. The world of The Eternal Sky is broadly and deeply created—her award-nominated novella, "Bone and Jewel Creatures" is also set there. On a routine surveillance flight east of the Australian coast, Captain Lauren Bennett's crew pick up a mayday call. A yacht is under fire. For the international smugglers operating below the radar of the navy and Border Watch, sinking a pleasure craft is just part of their day's work. Lauren has other ideas. As she pursues the men into the isolated country of Cape York, she'll need all the help she can get. That will mean joining forces with the cynical navy officer Callam Granger, who's already shown his contempt for her. What will it take to convince him she's right this time? Can they put aside their old animosities to outwit, outrun and ultimately out-fly the traffickers? Or will another death shatter Lauren's life completely?

Hope Lancaster's world is falling apart-but her career is careening into the fast lane. While she sits at the anchor desk reporting ominous weather her

daughter, Jennifer, and husband, Mark, huddle in a closet for protection from a tornado. It gets worse. Earthquakes on the New Madrid fault buckle bridges and drain parts of the Mississippi River. Life grows hectic as the network sends Hope to chase down natural disasters, power blackouts, and suicide bombings. Surely the rapture is near. When her daughter is diagnosed with a virulent strain of leukemia, Hope comes to terms with what the Bible teaches about death. Next assignment: Jerusalem. Meanwhile Hope has been studying Bible teaching on the end times. "Weren't these things supposed to happen after the rapture?" she asks. Slowly she begins to doubt what she was taught. As war breaks out in the Middle East Hope's questions detonate in her father's congregation, provoking a battle between truth and tradition. In this action-packed spiritual thriller you too will discover something new about the second coming of Jesus.

They thought the Sturm were dead. They were wrong. Centuries after their defeat, the enemy has returned with an overwhelming attack on the fringes of human space. On the brink of annihilation, humankind's only hope is a few brave souls who survived the initial onslaught: Commander Lucinda Hardy, thrust into uncertain command of the Royal Armadalen Navy's only surviving warship; Booker3, a soldier of Earth, sentenced to die for treason, whose time on Death Row is cut short by the invasion; Alessia, a young royal of the Montanblanc Corporation, forced to flee when her home planet is overrun and her entire family executed; Sephina L'trel, the leader of an outlaw band who must call on all of their criminal skills to resist the invasion. And, finally, retired Admiral Frazer McLennan, the infamous hero of the first war with the Sturm hundreds of years ago, who hopes to rout his old foes once and for all – or die trying. These five flawed, reluctant heroes must band together to prevail against a relentless enemy and near-impossible odds. For if they fail, the future itself is doomed.
