disagreement about facts, a blurring of the line between opinion and fact, an increase in the relative volume of opinion compared with fact, and lowered trust in formerly respected sources of factual information. This report explores the causes and wide-ranging consequences of Truth Decay and proposes strategies for further action.

For the intermediate-level course, the Fifth Edition of this widely used text takes modern physics textbooks to a higher level. With a flexible approach to accommodate the various ways of teaching the course (both one- and two-term tracks are easily covered), the authors recognize the audience and its need for updated coverage, mathematical rigor, and features to build and support student understanding. Continued are the superb explanatory style, the up-to-date topical coverage, and the Web enhancements that gained earlier editions worldwide recognition. Enhancements include a streamlined approach to nuclear physics, thoroughly revised and updated coverage on particle physics and astrophysics, and a review of the essential Classical Concepts important to students studying Modern Physics.

Long-awaited second edition of classic textbook, brought completely up to date, for courses on tropical soils, and reference for scientists and professionals.

This publication is about the world's surface ice on land outside the two polar ice sheets. It provides a sound and well illustrated review on the basis of available data, the global distribution of glaciers and ice caps and their changes since maximum extents of the so-called Little ice Age. The work also presents the latest state of knowledge on glacier changes and discusses the challenges of the 21st century for the monitoring of glaciers and ice caps.

Shard is a gryphon in danger. He and other young males of the Silver Isles are old enough to fly, hunt, and fight--old enough to be threats to their ruler, the red gryphon king. In the midst of the dangerous initiation hunt, Shard takes the unexpected advice of a strange she-wolf who seeks him out, and hints that Shard's past isn't all that it seems. To learn his past, Shard must abandon the future he wants and make allies of those the gryphons call enemies. When the gryphon king declares open war on the wolves, it throws Shard's past and uncertain future into the turmoil between. Now with battle lines drawn, Shard must decide whether to fight beside his king . . .or against him.

This book provides a concise and comprehensive overview of vehicular communication technologies. It classifies all relevant standards, protocols and applications, so as to enable the reader to gain a holistic approach towards the subject of vehicular communications. The primary methods are algorithmic processes and simulation results. First, an overview and classification of vehicular technologies is presented. Then, the book focuses on specific applications of V2V and V2I communications. Special attention is given to recent research and development results regarding R&D projects in the field, in cooperation with car manufacturing companies and universities at a global level. Designed to facilitate understanding of vehicle to vehicle and vehicle to infrastructure technologies, this textbook is appropriate for undergraduate and graduate students of vehicular communications or mobile networks.

A heartwarming and hilarious novel from the Sunday Times bestselling author 'The feeling you get when you read a Milly Johnson book should be bottled and made available on the NHS' Debbie Johnson When five women become friends, it's one for all, and all for one! When dynamic, power-dressing Christie blows in like a warm wind to take over their department, five very different women find themselves thrown together at work. But none of them could have predicted the fierce bond of friendship that her leadership would inspire ... Anna, 39, is reeling from the loss of her fiancé, who ran off with a much younger woman. Her pride in tatters, these days Anna finds it difficult to leave the house. So when a handsome, mysterious stranger takes an interest in her, she's not sure whether she can learn to trust again? Then there's Grace, in her fifties, trapped in a loveless marriage with a man she married because, unable to have children of her own, she fell in love with his motherless brood. Grace worries that Dawn is about to make the same mistake: orphaned as a child, engaged to love-rat Calum, is Dawn more interested in the security that comes with his tight-knit, boisterous family? When a sexy, footloose rock singer catches her eye, will Dawn have the courage to follow her heart? At 28, Raychel is the youngest member of their little gang. And with a loving husband, Ben, and a cosy little nest for two, she would seem to be the happiest. But what dark secrets are lurking behind this perfect facade, that make sweet, pretty Raychel so guarded and unwilling to open up? Praise for Milly Johnson: 'Every time you discover a new Milly book, it 's like finding a pot of gold' heat 'A glorious, heartfelt novel' Rowan Coleman ' Absolutely loved
