ad's new guide to the Outer Hebrides: The Western Isles of Scotland, from Lewis to Barra, by experienced writer and

journalist Mark Rowe is the only full-size guide to focus solely on the islands of Lewis, Harris, St Kilda, North Uist, Benbecula, South Uist, Eriskay, Barra and Vatersay. Masses of background information is included, from geography and geology to art and architecture, with significant coverage of wildlife, too, as well as all the practical details you could need: when to visit, suggested itineraries, public holidays and festivals, local culture, plus accommodation and where to eat and drink. Walkers, bird-watchers, wildlife photographers, beach lovers and genealogists are all catered for, and this is an ideal guide for those who travel simply with curious minds to discover far-flung places of great cultural, historical and wildlife interest. The Outer Hebrides is an archipelago of 15 inhabited islands and more than 50 others that are free of human footprint. Huge variations in landscape are found across the islands, from Lewisian gneiss, which dates back almost three billion years, to rugged Harris with its magnificent sands running down its western flanks and the windswept, undulating flatness and jagged sea lochs of the Uists. This is a land where Gaelic is increasingly spoken and ancient monuments abound, where stunning seabird colonies and birds of prey can be watched, and where the grassy coastal zones known as the machair are transformed into glorious carpets of wildflowers in late spring and summer. Whether visiting the Standing Stones of Callanish, the Uig peninsula, Barra's Castle Bay, or historic St Kilda, or if you just want to experience the romance of the Sound of Harris, one of the most beautiful ferry journeys in the world, Bradt's Outer Hebrides: The Western Isles of Scotland, from Lewis to Barra has all the information you need.

Written by Skye residents Paul and Helen Webster, these walks reveal both the wild and gentler sides of this dramatic

Officially launched in 2017, the Hebridean Way offers walkers the opportunity to experience the magic of Scotland's Outer Hebrides in one inspirational journey. The waymarked route stretches 247km (155 miles) from Vatersay to Stornaway, linking ten major islands of the archipelago by means of causeways and two ferry crossings: Vatersay, Barra, Eriskay, South Uist, Benbecula, Grimsay, North Uist, Berneray, Harris and Lewis. Suitable for most walkers with a moderate level of fitness, it can be completed in 8-14 days and is rich in natural, historical and cultural interest. This guidebook presents the Hebridean Way in 10 stages of 16-35km (10-22 miles), plus two additional stages to extend the route to the Butt of Lewis in line with future plans. Detailed route description is accompanied by 1:50,000 OS mapping, stunning photography to whet your appetite and a wealth of information about local points of interest. The introduction offers an overview of the islands'

geology, history, plants and wildlife as well as comprehensive practical advice for walking the route, such as when to go, how to get there (and back) and what to take. Accommodation listings can be found in the appendices. The route is a celebration of the diverse landscapes of the Hebrides, from dazzling white shell beaches to wild moorland and flower-strewn machair. It visits Neolithic and Bronze Age remains, ruined forts and castles and monuments commemorating Bonnie Prince Charlie and the Highland Land Struggle. The islands are also a great location to spot seabirds, raptors and a number of migratory species.
