Social Psychology 4th edition is a superb introductory text, now fully revised and updated. It remains very accessible, written to engage and involve. It is clearly structured and comprehensive, exploring key aspects of social psychology. Through its many features and lively approach, Social Psychology will inform and challenge students everywhere.

This definitive resource in social psychology includes engaging study tools designed to help students grasp the underlying theories and the latest research in the field. In the 7th edition of An Introduction to Social Psychology, students will discover a wealth of tools to help them understand the theories and fundamental knowledge in the ever-evolving field of social psychology. With contributions leading psychologists, this feature-rich edition includes Theory Boxes, Research Close-ups, and Lab Boxes to help cement students' understanding of the study material. This essential study guide has been engaging and educating students on social psychology theories and research for over 34 years. For students entering into the world of social psychology for the first time, this book covers foundational topics, such as: ● The history of social psychology throughout Europe ● Updated research methods and newly developed theories ● In-depth looks at social cognition, aggression, prosocial behavior, and relationships ● Strategies for changing attitude and behavior ● Critical study materials for multiple-choice testing The combination of traditional academic study with cohesion of topics, accessibility of material, and pedagogy in this 7th edition makes it a definitive resource for both instructors and beginning psychology students alike.

"The fifth edition of this highly successful text, An Introduction to Social Psychology has been fully revised and updated. Accessibility for students has been improved, including better illustrations, greater use of colour and a more approachable format, as well as a wealth of online resources. Combining its traditional academic rigour with a contemporary level of cohesion, accessibility, pedagogy and instructor support, the fifth edition of An Introduction to Social Psychology provides the definitive treatment of social psychology"--

The eighth edition of this lively introduction places social psychology in a contemporary, real-world context and explores new, cutting-edge research as well as bringing classic theories to life. Thoroughly revised to enhance accessibility, and updated to include over 250 new references, this trusted, market-leading, cutting edged textbook remains as comprehensive as ever. Key features: ● In-depth scientific coverage of social psychological theory and research ● Combines UK, European and North American perspectives effectively to provide coverage with a unique global take ● Updated and expanded coverage of morality, affect and emotion, rumour and gossip, trust and leadership, social media-based communication, multiculturalism, radicalization, deviance, and sexual minorities ● Thoroughly revised and rewritten chapters and sections on aggression, prosocial behaviour, close relationships, and attitude-behaviour relations particularly in the context of health Social Psychology 8th edition includes a range of pedagogically developed features to aid independent study: ● Research Classic and Research highlight sections focus on either seminal or contemporary areas of research to help you to refine your understanding of these key areas. ● Your Life sections explore everyday social psychological and encourage you to apply the ideas within your own life. ● Our World boxes consider examples of social psychology or social issues within the wider world to help you gain a deeper and applied understanding of concepts and issues. ● A range of photos, reflective questions and the film/literature and TV section in each chapter further help to bring alive this fascinating subject for everyone.

Readable research. This distinctive, theory-driven text uses "The Self" as a theme to give students a meaningful context for exploring the key concepts of social psychology. "Applications" sections have been incorporated into most chapters, and "Featured Study" sections at the end of every chapter summarize the purpose, method, and results of recently published scientific articles. Retaining the emphasis on methodology, the text also continues the tradition of strong gender coverage, while expanding the coverage of social cognition and social neuroscience.

This fully revised and updated edition of Social Psychology is an engaging exploration of the question, "what makes us who we are?" presented in a new, streamlined fashion. Grounded in the latest research, Social Psychology explains the methods by which social psychologists investigate human behavior in a social context and the theoretical perspectives that ground the discipline. Each chapter is designed to be a self-contained unit for ease of use in any classroom. This edition features new boxes providing research updates and "test yourself " opportunities, a focus on critical thinking skills, and an increased emphasis on diverse populations and their experiences.

Revised edition of the authors' Social psychology, [2016]

This is the eBook of the printed book and may not include any media, website access codes, or print supplements that may come packaged with the bound book. Reveals social behavior motives, and bridges the person and the social situation. A unique integrated approach to social behavior, Social Psychology, 6/e invite readers to consider the interplay of influences inside and outside the person in social situations. The authors emphasizes how social psychology is an important discipline, connecting different areas of psychology (e.g., clinical, organizational, and neuroscience) as well as other behavioral sciences (e.g., anthropology, biology, economics, medicine, and law). Organized around the two broad questions -"What purposes does this behavior serve for an individual?" and "Which factors lead an individual to use this behavior to achieve those goals?" - each chapter considers factors in the person, in the situation, and in their interaction, to form an understanding of human behavior. REVEL from Pearson is an immersive learning experience designed for the way today's student read, think, and learn. REVEL modernizes familiar and respected course content with dynamic media interactives and assessments, and empowers educators to increase engagement in the course, better connecting with students. The result is increased student engagement and improved learning. REVEL for Kenrick Social Psychology, 6/e will be available for Fall 2014 classes. Teaching and Learning Experience This program will provide a better teaching and learning experience- for you and your students. It: Immersive Learning Experiences with REVEL: REVEL delivers immersive learning experiences designed for the way today's students read, think, and learn. Explore Research: Students can explore research around the world with new Original Research Videos. Investigation questions further encourage students to analyze the material in each chapter. Demonstrates Practically: Several features throughout the book help readers connect abstract ideas to real-life situations. Improves Learning: Effective pedagogy features promote students' learning. For examples, Quick Quiz Self-tests in each chapter allows students to test their understanding of the material. Support Instructors: Video embedded PowerPoints, MyTest, clicker questions, and an instructor's manual provide instructors with extensive materials to supplement the text.

An introduction to how social psychological theories, methods and interventions can be applied to manage real-world social problems.
