Sofia Petrovna is Lydia Chukovskaya's fictional account of the Great Purge. Sofia is a Soviet Everywoman, a doctor's widow who works as a typist in a Leningrad publishing house. When her beloved son is caught up in the maelstrom of the purge, she joins the long lines of women outside the prosecutor's office, hoping against hope for good news. Confronted with a world that makes no moral sense, Sofia goes mad, a madness which manifests itself in delusions little different from the lies those around her tell every day to protect themselves. Sofia Petrovna offers a rare and vital record of Stalin's Great Purges.

The author shares her memories of growing up with her father Kornei Chukovsky, a Russian writer known for his children's stories, literary criticism, and translations

Focusing on urban areas in the 1930s, this college professor illuminates the ways that Soviet city-dwellers coped with this world, examining such diverse activities as shopping, landing a job, and other acts.

An examination of political, social and cultural developments in the Soviet Union. The book identifies the social tensions and political inconsistencies that spurred radical change in the government of Russia, from the turn of the century to the revolution of 1917. Kenez envisions that revolution as a crisis of authority that posed the question, 'Who shall govern Russia?' This question was resolved with the creation of the Soviet Union. Kenez traces the development of the Soviet Union from the Revolution, through the 1920s, the years of the New Economic Policies and into the Stalinist order. He shows how post-Stalin Soviet leaders struggled to find ways to rule the country without using Stalin's methods but also without openly repudiating the past, and to negotiate a peaceful but antipathetic coexistence with the capitalist West. In this second edition, he also examines the post-Soviet period, tracing Russia's development up to the time of publication.

Beyond their acute depiction of life in the Soviet Union, Yuri Trifonov's novellas offer an extraordinarily rich literary encounter in the tradition of great nineteenth-century Russian writing. "Another Life" is the story of Olga, a woman suddenly widowed and attempting to grasp the memory of her brilliant, erratic husband and to understand their life together. Possessed with a passion for truth, able to appreciate how the past affects the present, he could not hope to flourish in a society where intrigue and moral compromise were the norm. A sharp, satirical portrait of an academic opportunist, "The House on the Embankment" is paradoxically laced with compassion and humor. Vadim Alexandrovich Glebov rises from shabby origins to become an apparatchik yet in so doing suffers his share of oppression - from society, from former friends, and, most significantly, from his total inability to make decisions.

Discusses the background behind the sweeping reforms in the Soviet Union, describes issues that must still be resolved, and suggests future directions for change
