ENGLISH GRAMMAR FOR STUDENTS OF SPANISH explains the grammatical terms that are in Spanish textbooks and shows students how they relate to English grammar. Once students have understood the terms and concepts in their own language, it is easier for them to understand their textbook. With simple explanations and numerous examples, this brief handbook compares English and Spanish grammar and points out the similarities and differences.

Thousands of students have learned to speak Spanish quickly using The Spanish Book Level 1 and 2. You will soon realize that this book offers you an opportunity to truly learn Spanish, whether you have previously tried to learn Spanish, or you are just starting. This book will give you the tools to learn Spanish quickly with our concise and direct method. It will teach you the structure of the Spanish language. I don't want you to memorize prefabricated sentences like many other methods out there. I want you to build your own sentences. The ability to build your own sentences is what you need in a real conversation. To memorize prefabricated sentences doesn't work. You will be able to communicate in Spanish with your employees, the families of your students, your patients, your clients, your coworkers, and when traveling to Spanish speaking countries. This book offers the most effective Spanish learning method available today. That's what my students have been saying for years. Since graduating from Central Washington University, I have taught thousands of students to speak Spanish quickly using this effective method. Begin learning Spanish with my proven system, based on over 20 years of experience and success at North Seattle Community College in Seattle, WA, and at The Spanish Class Cafe in Edmonds, WA. This knowledge has been incorporated into the lessons you will find in this book.Some of my students have traveled, moved to Spanish speaking countries, and have even written books in Spanish. You can visit the book's web site, www.TheSpanishBook.com, to learn more about the method, me, and read some student testimonies. Do you want to be able to learn Spanish quickly? The Spanish Book is the solution!

You're about to discover over one thousand Spanish verbs exemplified in Spanish & English sentences. Learning a new language is never an easy task but it doesn't have to be hard. By learning the one thousand most used verbs in a language you give yourself a fantastic foundation to start building upon to your road to fluency. In my book, 1000 Spanish Verbs in Context, I give you over one thousand of the most common Spanish verbs used today. You are given the verb in Spanish and English with examples of the verb in a sentence, also in Spanish and English. No more confusion about how to use the verb. One thousand words are a perfect number to aim for. It is important to give yourself goals to stay motivated and to keep yourself learning. Imagine if you learnt ten words a day. Five in the morning and five at night. After only a hundred days (that's just over 3 months) you would have access to a thousand verbs in your vocabulary. That really is quite a lot and would give you an excellent grasp of the language. Far too many people expect to be speaking a new language far too quickly without putting in the time or effort. As a language teacher I can testify to seeing this too many times. I can also say that by exposing yourself to a new language daily you will surely learn it. It does take time and effort but ten words a day will give you a massive boost. If you prefer a slower pace then you could set yourself different goals. The key to learning new vocabulary is to see it in context, that means in use. Seeing how it's used will help you remember the word a lot better. It is also important to understand how that word should be used in a sentence. As a FREE bonus I have included the top one hundred most used words in Spanish. Yes, I really want you to learn this beautiful language.

"Clearly exposed with some sample explanations of difficult issues. An excellent and necessary idea for teaching Spanish. A very useful reference book" (Lisa Clughen, Nottingham Trent University) "The students that have bought the book on my recommendation have found it very useful. They find it difficult to understand grammatical terms as they haven't got a grounding in English grammar. The book helps them to understand how their own language works and how this can be applied to another language. It speeds up their progress in Spanish" Thousands of students have found this book the ideal way to master Spanish. This new fifth edition offers: * explanation of a concept as it applies to English * the same concept as it applies to Spanish * similarities and differences between English and Spanish * common pitfalls for English speakers * review exercises with answer key * Study Tips: learning vocabulary, word forms, developing memorization skills

One boy's search for his father leads him to Puerto Rico in this moving middle-grade novel, for fans of Ghost and See You in the Cosmos. Marcus Vega is six feet tall, 180 pounds, and the owner of a premature mustache. When you look like this and you're only in the eighth grade, you're both a threat and a target. After a fight at school leaves Marcus facing suspension, Marcus's mom decides it's time for a change of environment. She takes Marcus and his younger brother to Puerto Rico to spend a week with relatives they don't remember or have never met. But Marcus can't focus knowing that his father--who walked out of their lives ten years ago--is somewhere on the island. So begins Marcus's incredible journey, a series of misadventures that take him all over Puerto Rico in search of his elusive namesake. Marcus doesn't know if he'll ever find his father, but what he ultimately discovers changes his life. And he even learns a bit of Spanish along the way.
