Wild ride in Wheels 3D.

Created by David E. Klutho, the noted photographer who brought you 3D Sports Blast and Zoo 3D, this new book is filled with every kind of vehicle - photographed with the latest eye-popping 3D technology. Get up close to everything on wheels, from Monster Trucks to fun miniature models, roaring motorcycles to muddied BMX bikes. With vehicles accelerating off the page, this is a must-have book for any kid who loves sweet rides.

Read Free Sports Illustrated 20 October 2014 True

This book is the first complete history of swimming that looks at multiple aspects of the sport, including the top swimmers, major moments, controversies, developments, innovations, and more. Leading up to the 2020/2021 Olympic Games, it is the most up-to-date resource on competitive swimming.

American football and postmodernist theory are both objects of popular and scholarly interest that

True reveal remarkable sociological insights. Analysis of media-driven commercial football documents how narratives of sportsmanship/brutality, heroism/antiheroism, athleticism/self-indulgence, honor/chicanery, and chivalry/sexism compete and thrive.

Recent years have been among the most challenging in NFL history, culminating in the 2020-21 coronavirus and social justice issues. Yet a complete understanding of where the NFL is today begins with a five-year period that was the most transformative for the

Illustrated 20 October 2014

League. From 1957 to 1962, the NFL saw: the advent of unionization, with a landmark Supreme Court decision; the legendary 1958 title game, the first to go into sudden death overtime; a challenge from the American Football League that would have important consequences for decades; the introduction of computerization and statistical analysis; the first steps towards globalization; and the hiring of legends Vince Lombardi and Tom Landry, who both contributed to the league's growing mythology. This book describes in detail the key events that

Read Free Sports

Illustrated 20 October 2014

Helped shape the modern NFL, and why this period was so momentous to the league and its fans.

One of the most influential sportsmen of the late 20th century, Johnny F. Bassett's marketing wizardry belied his impact on professional hockey and football. A Canadian showman with a Barnumesque flair for spectacle, Bassett challenged the orthodoxy of sports, building sporting utopias in the fatally flawed World Football League, World Hockey Association, and United States Football League. He catered to the common fan,

Read Free Sports

Illustrated 20 October 2014

Tdemanded fair treatment of athletes, and forced the sporting establishment to change the way it did business, often to his own detriment. Drawing on archival research and interviews with Bassett's contemporaries, this comprehensive biography chronicles his life in and around professional sports: his quixotic attempt to compete with the Maple Leafs; his stunning coup in signing three members of the reigning Super Bowl champions for his WFL team; his battles with the Canadian government over American football; his audacious marketing of

Hockey in Alabama; and his rivalry with Donald Trump for the soul of the USFL.

This book shows how the dynamic interplay of a powerful "golden triangle" of sports, media, and business interests with social, cultural, economic, and political forces shapes sport in a changing world. This edition is a condensed and updated version of the first edition, with an emphasis on current social issues in sport. It also has more global content. The golden triangle concept is more developed and applied more extensively. Other key themes of the first

Read Free Sports

Illustrated 20 October 2014

edition—power, status, and inequality—are also more developed. New "Stop and Think Questions" have been added to challenge students to think about the meaning of what they have read. The book is now divided into five sections. The new sections highlight sociology and the sociology of sport; inequality and diversity; globalization and social deviance; major social contexts of sport, including the high school, college, and professional levels; and power, political economy, and global sports.
