This ultimate study guide to prepare for the NCLEX-RN exam includes key facts about the exam, content review in all major clinical settings, and surefire ways to improve test-taking skills. The accompanying CD-ROM offers 1,500 practice questions not found in the text to ensure optimum preparation. Two pretests and two comprehensive post-tests assess exam readiness.  
The ultimate study guide to prepare for the NCLEX-RN features all-new content presented in an appealing new format. Includes key facts about the exam, content review in all major clinical settings, and surefire ways to improve test-taking skills. Accompanying CD-ROM offers 1,200 practice questions not found in the text to ensure optimum preparation. New to this edition are sections on leadership and management, cultural issues, and law and ethics. Two pretests and two comprehensive post-tests assess exam readiness. New study features, updated case studies, and new appendices enhance this completely revised and updated Fifth Edition.

With questions on the front and answers on the back, these review cards are a valuable study aid when preparing for the NCLEX-RN. Over 300 NCLEX-style questions presented in multiple choice as well as the new alternate-format provide answers with rationales to help students understand the reasoning behind each answer. 384 cards.  
Organized according to the major topics of the exam, the 250 questions in this title, written specifically in the Alternate-Format style introduced in the NCLEX-PX exam are designed to serve as preparation tools and confidence boosters for the exam.

The completely redesigned fourth edition of this comprehensive study guide for nursing students offers extra content, updated case studies, and a CD-ROM with 750 NCLEX-style practice questions. It also helps with optimum exam preparation with the inclusion of key facts key study points in shaded boxes, spot check questions posed randomly throughout the book to verify understanding, and quick study text boxes with memory tips such as mnemonic devices and limericks. Also included are numerous charts and illustrations, as well as handy appendices covering topics such as patient positioning, recommended childhood immunization and NANDA taxonomy of nursing diagnoses.

Completely updated to match the 2007 test plan, Springhouse NCLEX-RN® Review Cards, Fourth Edition provides hundreds of questions in the same style and formats as those used on the actual NCLEX-RN®. Review questions cover fundamental nursing concepts and skills, medical-surgical nursing, psychiatric and mental health nursing, maternal-neonatal nursing, and pediatric nursing. The front of each card poses a multiple-choice or alternate-format question. The back of each card contains the correct answer and rationales for correct and incorrect responses, followed by the client needs category, client needs subcategory, and cognitive level. The card deck also includes a comprehensive practice test.

This ultimate study guide to prepare for the NCLEX-RN® includes key facts about the exam, content review in all major clinical settings, and surefire ways to improve test-taking skills. The accompanying CD-ROM offers 1,500 practice questions not found in the text to ensure optimum preparation. Two pretests and two comprehensive post-tests assess exam readiness. Springhouse Review for NCLEX-RN®, Sixth Edition can be purchased in a package with NCLEX-RN® 250 New-Format Questions: Preparing for the Revised NCLEX-RN®, Second Edition. This newly updated review guide has 250 questions written specifically in the five alternate-format styles currently used in the NCLEX-RN® examination—multiple-response multiple-choice questions, fill-in-the-blank items, chart/exhibit items, drag and drop, and questions based on illustrations.

This thoroughly updated review software mimics the actual exam! Users find more than 3,000 multiple-choice questions-including 1,000 that are brand new - covering 29 major topic areas in five major nursing categories (fundamentals, pediatric, psychiatric and mental health, maternal, and medical-surgical). Three study modes (pretest, review, and test) give correct and incorrect answers with rationales. New features include a client -needs subcategory for every question, a "hints" button, a glossary, graphs that track results and progress, and a larger capacity CD-ROM format.  
Organized according to the major topics of the exam, the 250 questions in this title, written specifically in the Alternate-Format style introduced in the NCLEX-PX exam are designed to serve as preparation tools and confidence boosters for the exam.
