"Lars Kepler ... [has] a taste for the macabre and a surefire recipe for the lurid serial-killer thriller. ... This is not a book for anyone on heart medication. Kepler is a virtuoso at delivering scenes of suspense." --Marilyn Stasio, *The New York Times Book Review* The internationally bestselling authors of *The Sandman* and *The Hypnotist* return with a terrifying new thriller: Detective Joona Linna--recently returned from compassionate leave--reunites with hypnotist Erik Maria Bark in a search for a seemingly unassailable sadistic killer. The Swedish National Crime Unit receives a video of a young woman in her home, clearly unaware that she's being watched. Soon after the tape is received, the woman's body is found horrifically mutilated. With the arrival of the next, similar video, the police understand that the killer is toying with them, warning of a new victim, knowing there's nothing they can do. Detective Margot Silverman is put in charge of the investigation, and soon asks Detective Joona Linna for help. Linna, in turn, recruits Erik Maria Bark, the hypnotist and expert in trauma, with whom Linna's worked before. Bark is leery of forcing people to give up their secrets. But this time, Bark is the one hiding things. Years before, he had put a man away for an eerily similar crime, and now he's beginning to think that an innocent man may be behind bars--and a serial killer still on the loose. . .

INTERNATIONAL BEST SELLER • “ A nonstop roller coaster of suspense, taking us deep into the hearts and minds of perfectly realized characters. And, oh, what a villain! ... The definition of a one-sitting read! ” —Jeffery Deaver, New York Times best-selling author of The Goodbye Man Sometimes the past won't stay buried. All across Europe, the most ruthless criminals are suffering gruesome deaths. At first, it seems coincidental that their underworld affiliations are finally catching up to them. But when two of the victims are found to have disturbing connections to Detective Joona Linna, it becomes clear that there's a single killer at work. Still, police are reluctant to launch an investigation. If a mysterious vigilante is making their jobs easier, why stand in his way? Joona, however, is convinced this is no would-be hero. These deaths serve a much darker purpose. Desperate for help, Joona turns to Saga Bauer. If his hunch is correct, she's one of the few people who stands a chance at bringing this criminal mastermind down. But Saga is fighting her own demons—and the killer knows just how to use them to his advantage. He continues to strike with impunity, and no one, it seems, is safe. When the killer begins targeting those closest to Saga and Joona, it appears more and more likely that Joona has been right all along, and that tracking down the person responsible will force him to confront a ghost from his past ... the most terrifying villain he's ever had to face.

IT'S ALL A GAME . . . UNTIL YOU DIE. A brutal killing spree at a home for wayward teens. One girl is dead, another is missing. The police scramble to track her down before the death toll mounts. But as Joona Linna digs deeper into the case, he finds himself on a collision course with a terrifying killer whose past is more troubling than anyone could imagine.

Lars Kepler returns with a piercing, bestselling sequel to The Hypnotist After spellbinding audiences in The Hypnotist, Detective Inspector Joona Linna is back in The Nightmare, an internationally bestselling Swedish thriller published to critical acclaim in dozens of countries. As the Swedish newspaper Arbetarbladet put it, "The reader is ready to sell his own soul for the opportunity to read this book without interruption, in one sitting." On a summer night, police recover the body of a young woman from an abandoned pleasure boat drifting around the Stockholm archipelago. Her lungs are filled with brackish water, and the forensics team is sure that she drowned. Why, then, is the pleasure boat still afloat, and why are there no traces of water on her clothes or body? The next day, a man turns up dead in his state apartment in Stockholm, hanging from a lamp hook. All signs point to suicide, but the room has a high ceiling, and there's not a single piece of furniture around—nothing to climb on. Joona Linna begins to piece together the two mysteries, but the logistics are a mere prelude to a dizzying and dangerous course of events. At its core, the most frightening aspect of The Nightmare isn't its gruesome crimes—it's the dark psychology of its characters, who show us how blind we are to our own motives.

Sweden's crime thriller duo serve up another spine-tingling, page-turning sensation with Stalker, the fifth novel in their Joona Linna series. The police receive a video clip of a woman in a window and reason that someone must have been standing in the garden just outside her house to be able to film her. The next day the woman is found dead in her home, the vicious violence of the scene shocks even the most seasoned investigators. A few days later, another clip is sent anonymously to the police, but there's no way of identifying the woman before she too falls victim to a brutal attack. When he finds her, the woman's husband is so traumatized by the violent scene that, in a state of panic, he starts cleaning the house. He even washes the blood from his wife's body and puts her to bed, as if nothing is the matter. He may have seen a vital clue but is in such an extreme state of shock, and seems to be suffering from short-term memory loss that the police cannot usefully question him. Criminal psychiatrist and hypnotist Erik Maria Bark is called in to hypnotize the man in order to unlock his memories of the murder scene. But what Dr Bark uncovers in his sessions with the dead woman's husband
