DIY TRIFOLD HARDBACK BOOK: How I Made Mine! Practical Magic Inspired 159. My Book Of Shadows 2020 || Mandi See No. 152 - *Writing Rituals in our Book of Shadows/Magical Journal* ~~Stolen Magic Shadows Of The "Stolen Magic (Shadows of the Immortals #1)"~~ is not lesfic, but it is a frenetically paced adventure with plenty of humor, and it's narrated wonderfully by Hollie Jackson. In a world of "shapers" (elites able to use control elements such as fire, water, earth and air), "shifters" (yep - werewolves etc) and "humans", MC Lexi doesn't quite know how she fits in.

~~Stolen Magic (Shadows of the Immortals, #1) by Marina ...~~

Unexpected Idea, Stolen magic is quite a twist. I loved the idea of finding a different form of magic in mortals, as well as the world of magic existing in a mortal world without the mortal world being aware of its existance, Looking forward to reading the next in the Shadows of the Immortals series.

~~Stolen Magic (Shadows of the Immortals Book 1) by Marina ...~~

Stolen by Shadows, book one in the Into the Labyrinth series follows Isabella Doherty aka Izzy, her crush Vaughn Latimer and her roommate Chloe. All her life, they told her that her illusions of goblins and other fairy tale creatures were all her imagination and that medication would fix her visions and make her normal.. imagine her surprise when everything she saw growing up was actually real.

Lexi Jardine may be a thief, but she's not stupid. When a crooked fireshaper offers her a job that's a one-way ticket to sleeping with the fishes she skips town. But when her best friend disappears, she must take on the fireshapers to save them both from the flames.

With only days to go before her sister Angeline's long-delayed wedding to Frederick Carlyle, the impetuous Kat Stephenson has resigned

herself to good behaviour. But Kat's initiation into the magical Order of the Guardians is fast approaching, and trouble seems to follow her everywhere. Kat must contend with the wretched Mrs. Carlyle's attempts to humiliate her sister, the arrival of the mysterious Marquise de Valmont, who bears a suspicious resemblance to Kat's late mother, and Frederick's bewitching cousin Jane, who has Charles Stephenson tripping over his feet. But when a menacing boy with powerful magic starts hunting Kat, a dastardly villain tries to kill Angeline, and the Guardians face a magical robbery that could spell the end of their Order, propriety becomes the least of Kat's concerns. Can Kat save her sister's life, the Order of the Guardians, and England itself before it's too late?

Lexi didn't set out to steal a god's ring, but when a magic artifact starts trying to talk to you, what's a girl supposed to do? She's always had the ability to talk to animals, but this new development amps up the crazy. Now she's afraid her power is out of control and she's losing her mind. The only person who could possibly reassure her that she's not going mad is her mother, who has always refused to discuss the source of Lexi's strange ability. Now that the jewellery is getting chatty, maybe she'll finally spill the beans. Unfortunately, going home means a trip back to the human territories, and Lexi only just made it out of there alive last time. She's hoping for a quick visit, but with a god hellbent on retrieving the ring and a fireshaper she might have accidentally betrayed on her tail, life is about to get horribly complicated--for her and everyone she cares about.

The New York Shade is home to all kinds of supernaturals. It is a safe haven for all of us and it makes no exceptions. Until I did something to piss it off and now it doesn't like me. Bad smells at every turn, empty bags of food on my face, and you can forget all about shortcuts. I don't even know what I did wrong, but that's about to become the least of my problems. When a hellbeast mercenary like me asks for my help, I can't refuse. All I have to do is help him kill off a few maneaters--but I get much more than I bargained for. The next thing I know, the Uprising is after me again, and I'm racing to find a forgotten planet that's not on any maps. That's not even the end of it. Damian Reed is back, and he demands I tell him what I have that the Uprising wants. After four months of not hearing from him, I want nothing to do with him. But all alone, I have no chance against his crazy ex girlfriend. Accepting his help means going right back to where we started, but if I don't, I won't be able to help my new friend. This time, though, things between us just might end up worse than before.

A geeky librarian fae steals a bride and chaos ensues

"M. J. Putney has created true magic. . . . Romantic and lyrical, this tale will fill your reading time with pleasure."--Catherine Asaro,

author of *The Misted Cliffs* Simon Malmain, the Earl of Falconer, enforces the law for the Guardians, humans with magical powers derived from nature. A routine mission to confront a rogue Guardian turns disastrous when Simon's quarry, Lord Drayton, captures his pursuer in a transformation spell. Aid arrives in the form of Meg, a fey young woman who has also been ensorcelled by Drayton. Bound by the need for each other's magic, Simon and Meg join forces to defeat the evil Guardian—and in the process unleash the more ancient magic of passion. But even their combined power may not be enough to stave off Drayton's diabolical plans. Only a desperate act of love may win back the future—or destroy all they hold dear. Praise for *Stolen Magic* "Putney's fully imagined magical system, combined with Georgian detail, is a terrific setting for a tale of intrigue and danger."—Booklist (boxed and starred review) "A fast-paced, irresistible read with a powerful ending. Each page is more enjoyable than the last."—The Huntsville Times "Delightful . . . enchants from beginning to end."—Elizabeth Haydon, author of the *Symphony of Ages* series

Allison Beckstrom's magic has taken its toll on her, physically marking her and erasing her memories—including those of the man she supposedly loves. But lost memories aren't the only things preying on Allie's thoughts. Her late father, the prominent businessman—and sorcerer—Daniel Beckstrom, has somehow channeled himself into her very mind. With the help of The Authority, a secret organization of magic users, she hopes to gain better control over her own abilities—and find a way to deal with her father?

"A bold girl, a kingdom under attack, magic everywhere—I devoured it in one sitting! This book is one wild ride!" —Tamora Pierce on *Stormrise* Nothing is quite as it seems in this thrilling YA fantasy adventure by Jillian Boehme, *The Stolen Kingdom*! For a hundred years, the once-prosperous kingdom of Perin Faye has suffered under the rule of the greedy and power-hungry Thungrave kings. Maralyth Graylaern, a vintner's daughter, has no idea her hidden magical power is proof of a secret bloodline and claim to the throne. Alac Thungrave, the king's second son, has always been uncomfortable with his position as the spare heir—and the dark, stolen magic that comes with ruling. When Maralyth becomes embroiled in a plot to murder the royal family and seize the throne, a cat-and-mouse chase ensues in an adventure of dark magic, court intrigue, and forbidden love. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Tricia Levenseller, author of *Daughter of the Pirate King*, is back with an epic YA tale of ambition and love in *The Shadows Between Us*... "They've never found the body of the first and only boy who broke my heart. And they never will." Alessandra is tired of being overlooked, but she has a plan to gain power: 1) Woo the Shadow King. 2) Marry him. 3) Kill him and take his kingdom for herself. No one knows the

extent of the freshly crowned Shadow King's power. Some say he can command the shadows that swirl around him to do his bidding. Others say they speak to him, whispering the thoughts of his enemies. Regardless, Alessandra knows what she deserves, and she's going to do everything within her power to get it. But Alessandra's not the only one trying to kill the king. As attempts on his life are made, she finds herself trying to keep him alive long enough for him to make her his queen—all while struggling not to lose her heart. After all, who better for a Shadow King than a cunning, villainous queen? "Tricia Levenseller's latest, *The Shadows Between Us*, is a decadent and wickedly addictive fantasy, full of schemes and court intrigue, and delightful descriptions of food, which I am always a fan of." —Kendare Blake, #1 New York Times bestselling author of the *Three Dark Crowns* series
