The NASA Graphics Standards Manual, by Richard Danne and Bruce Blackburn, is a futuristic vision for an agency at the cutting edge of science and exploration. Housed in a special anti-static package, the book features a foreword by Richard Danne, an essay by Christopher Bonanos, scans of the original manual (from Danne's personal copy), reproductions of the original NASA 35mm slide presentation, and scans of the Managers Guide, a follow-up booklet distributed by NASA.

Ideal for students of design, independent designers, and entrepreneurs who want to expand their understanding of effective design in business, Identity Designed is the definitive guide to visual branding. Written by best-selling writer and renowned designer David Airey, Identity Designed formalizes the process and the benefits of brand identity design and includes a substantial collection of high-caliber projects from a variety of the world's most talented design studios. You'll see the history and importance of branding, a contemporary assessment of best practices, and how there's always more than one way to exceed client expectations. You'll also learn a range of methods for conducting research, defining strategy, generating ideas, developing touchpoints, implementing style guides, and futureproofing your designs. Each identity case study is followed by a recap of key points. The book includes projects by Lantern, Base, Pharus, OCD, Rice Creative, Foreign Policy, Underline Studio, Fedoriv, Freytag Anderson, Bedow, Robot Food, Together Design, Believe in, Jack Renwick Studio, ico Design, and Lundgren+Lindqvist. Identity Designed is a must-have, not only for designers, but also for entrepreneurs who want to improve their work with a greater understanding of how good design is good business.

WWW may be an acronym for the World Wide Web, but no one could fault you for thinking it stands for wild, wild West. The rapid growth of the Web has meant having to rely on style guides intended for print publishing, but these guides do not address the new challenges of communicating online. Enter The Yahoo! Style Guide. From Yahoo!, a leader in online content and one of the most visited Internet destinations in the world, comes the definitive reference on the essential elements of Web style for writers, editors, bloggers, and students. With topics that range from the basics of grammar and punctuation to Web-specific ways to improve your writing, this comprehensive resource will help you: - Shape your text for online reading - Construct clear and compelling copy - Write eye-catching and effective headings - Develop your site's unique voice - Streamline text for mobile users - Optimize webpages to boost your chances of appearing in search results - Create better blogs and newsletters - Learn easy fixes for your writing mistakes - Write clear user-interface text This essential sourcebook—based on internal editorial practices that have helped Yahoo! writers and editors for the last fifteen years—is now at your fingertips.

Your brand is and should be unique. It should stand out from others in a similar business or service. What makes your brand so different? It's your unique promise and value that you provide to your customers and clients. But how do you communicate this to your potential network? Through branding. Like humans, brands have a character. Like us, they need to have a style, a dressing sense, and a style of communication to grab people's attention. In this book, we'll get into the depth of each of the brand assets from brand name, story, logo, colors, typography, tone of voice, imagery, iconography, illustrations to compiling them in a holy brand style guide. It'll be an exciting journey. If you're a brand strategist, marketer, brand agency team member, at a manager post, a business owner, or an entrepreneur looking to establish your business as a brand, this is for you. If you're a young design or business graduate struggling to understand the practical applications of your theory classes in Branding and Marketing, this is for you. If you're a 9-5 stuck employee at a stressful job and willing to set up your own business or brand but don't have the capital to invest in building your brand, this will help you construct it. In the last book, 'BYOB Building Your Own Brand', we talked about the first steps towards creating a brand strategy, value proposition statement, brand character, and the various types of brand logos. This book is a continuation of where we left in the last book. Although you can read it without going through the previous book, I would recommend you to read it too if you wish to gain a better foundation in brand building. Here we will understand what a particular brand asset is used for, how it needs to be created, where it should be used, and how to make it a successful brand asset that evokes a strong brand recall in the minds of your audience. All the chapters are supported by examples from brands all over the world. The last chapter focuses on compiling the valuable brand assets in the form of a style guide with guidelines, descriptions, information, standards, best practices, do's and don'ts, and instructions for anyone who will be involved in brand building exercises. A strong visual identity is the need for a modern brand to evolve in this digital era and a necessity for a legacy brand to continue growing business. Over 90% of businesses around the world today depend on highly aesthetical and meaningful visual communication. How do we achieve this? With all the visual and emotional clutter filling the digital space and no one really looking at your advertisements anymore? How do we attract people and hook them to your brand? We do it by providing them value. Value through an exclusive visual means of communication. Obviously, there's

something particular about how your brand dresses up to perform in front of your audience. These accessories it wears are your brand's assets and, in this book, you'll discover how to make them.

The revolutionary guide that challenged businesses around the world to stop selling to their buyers and start answering their questions to get results; revised and updated to address new technology, trends, the continuous evolution of the digital consumer, and much more In today's digital age, the traditional sales funnel—marketing at the top, sales in the middle, customer service at the bottom—is no longer effective. To be successful, businesses must obsess over the questions, concerns, and problems their buyers have, and address them as honestly and as thoroughly as possible. Every day, buyers turn to search engines to ask billions of questions. Having the answers they need can attract thousands of potential buyers to your company—but only if your content strategy puts your answers at the top of those search results. It's a simple and powerful equation that produces growth and success: They Ask, You Answer. Using these principles, author Marcus Sheridan led his struggling pool company from the bleak depths of the housing crash of 2008 to become one of the largest pool installers in the United States. Discover how his proven strategy can work for your business and master the principles of inbound and content marketing that have empowered thousands of companies to achieve exceptional growth. They Ask, You Answer is a straightforward guide filled with practical tactics and insights for transforming your marketing strategy. This new edition has been fully revised and updated to reflect the evolution of content marketing and the increasing demands of today's internet-savvy buyers. New chapters explore the impact of technology, conversational marketing, the essential elements every business website should possess, the rise of video, and new stories from companies that have achieved remarkable results with They Ask, You Answer. Upon reading this book, you will know: How to build trust with buyers through content and video. How to turn your web presence into a magnet for qualified buyers. What works and what doesn't through new case studies, featuring real-world results from companies that have embraced these principles. Why you need to think of your business as a media company, instead of relying on more traditional (and ineffective) ways of advertising and marketing. How to achieve buy-in at your company and truly embrace a culture of content and video. How to transform your current customer base into loyal brand advocates for your company. They Ask, You Answer is a must-have resource for companies that want a fresh approach to marketing and sales that is proven to generate more traffic, leads, and sales.

Brand Bible is a comprehensive resource on brand design fundamentals. It looks at the influences of modern design going back through time, delivering a short anatomical overview and examines brand treatments and movements in design. You'll learn the steps necessary to develop a successful brand system from defining the brand attributes and assessing the competition, to working with materials and vendors, and all the steps in between. The author, who is the president of the design group at Sterling Brands, has overseen the design/redesign of major brands including Pepsi, Burger King, Tropicana, Kleenex, and many more.

Promote your business with clarity, ease, and authenticity. The Human Centered Brand is a practical branding guide for service based businesses and creatives, that helps you grow meaningful relationships with your clients and your audience. If you're a writer, marketing consultant, creative agency owner, lawyer, illustrator, designer, developer, psychotherapist, personal trainer, dentist, painter, musician, bookkeeper, or other type of service business owner, the methods described in this book will assist you in expressing yourself naturally and

creating a resonant, remarkable, and sustainable brand. Read this book to learn: Why conventional branding approaches don't work for service based businesses. How to identify your core values and use them in your business and marketing decisions. Different ways you can make your business unique among all the competition. How to express yourself verbally through your website, emails, articles, videos, talks, podcasts... What makes your "ideal clients" truly ideal, and how to connect with real people who appreciate you as you are. How to craft an effective tagline. What are the most important elements of a visual brand identity, and how to use them to design your own brand. How to craft an exceptional client experience and impress your clients with your professionalism. How your brand relates to your business model, pricing, company culture, fashion style, and social impact. Whether you're a complete beginner or have lots of experience with marketing and design, you'll get new insights about your own brand, and fresh ideas you'll want to implement right away. The companion workbook, checklists, templates, and other bonuses ensure that you not only learn new information, but create a custom brand strategy on your own. Learn more at humancenteredbrand.com

This book demonstrates the step-by-step process involved in designing a Web site. Readers are assumed to be familiar with whatever Web publishing tool they are using. The guide gives few technical details but instead focuses on the usability, layout, and attractiveness of a Web site, with the goal being to make it as popular with the intended audience as possible. Considerations such as graphics, typography, and multimedia enhancements are discussed.

Creating a brand identity is a fascinating and complex challenge for the graphic designer. It requires practical design skills and creative drive as well as an understanding of marketing and consumer behaviour. This practical handbook is a comprehensive introduction to this multifaceted process. Exercises and examples highlight the key activities undertaken by designers to create a successful brand identity, including defining the audience, analyzing competitors, creating mood boards, naming brands, designing logos, presenting to clients, rebranding and launching the new identity. Case studies throughout the book are illustrated with brand identities from around the world, including a diverse range of industries – digital media, fashion, advertising, product design, packaging, retail and more.
