Albert Hofmann. He traces LSDs path from a promising psychiatric research medicine to a recreational drug sparking hysteria and prohibition. We follow Dr. Hofmanns trek across Mexico to discover sacred plants related to LSD, and listen in as he corresponds with other notable figures about his remarkable discovery. Underlying it all is Dr. Hofmanns powerful conclusion that mystical experience may be our planets best hope for survival. Whether induced by LSD, meditation, or arising spontaneously, such experiences help us to comprehend the wonder, the mystery of the divine in the microcosm of the atom, in the macrocosm of the spiral nebula, in the seeds of plants, in the body and soul of people. Now, more than sixty years after the birth of Albert Hofmanns problem child, his vision of its true potential is more relevant, and more needed, than ever.

The focus of Thermodynamics: Concepts and Applications is on traditional thermodynamics topics, but structurally the book introduces the thermal-fluid sciences. Chapter 2 includes essentially all material related to thermodynamic properties clearly showing the hierarchy of thermodynamic state relationships. Element conservation is considered in Chapter 3 as a way of expressing conservation of mass. Constant-pressure and volume combustion are considered in Chapter 5 - Energy Conservation. Chemical and phase equilibria are treated as a consequence of the 2nd law in Chapter 6. 2nd law topics are introduced hierarchically in one chapter, important structure for a beginner. The book is designed for the instructor to select topics and combine them with material from

The "Shadow Tree Series" comprises a unique collection of Western Esoteric studies and practices which Jacobus G. Swart, spiritual successor to William G. Gray and co-founder of the Sangreal Sodality, has actuated and taught over a period of forty years. "The Book of Seals & Amulets" comprises a comprehensive investigation into the meaning and relevance of Celestial Alphabets, Magical Seals, Magic Squares, Divine and Angelic Names, etc., as well as their employment in Hebrew Amulets in order to benefit personal wellbeing in a most significant manner. Continuing the standards set in "The Book of Self Creation" and "The Book of Sacred Names," Jacobus Swart offers detailed instruction on the contents and construction of Hebrew Amulets. He again consulted the enormous array of relevant primary Hebrew literature, large sections of which are available to an English readership for the first time.
