How an Asian batting champ became American baseball's newest star! Meet baseball's rookie sensation Ichiro Suzuki...from the top spot in Japan to the Seattle Mariners' right field. Seven-time batting champion for Japan's Pacific League, he is a paradoxical combination of modesty and ego, calling himself simply "Ichiro." But when the Seattle Mariners signed him to a fourteen-million-dollar contract, scoffers said the 5-foot-9 inch, 156-pound Ichiro wasn't even in the ballpark. He proved them wrong. With fast legs and an even faster bat, he led the Mariners to their best start in franchise history. Now, sportswriter Rob Rains takes an in-depth look at Ichiro and the new wave of talented Japanese players, including last year's Rookie of the Year, Kazuhiro Sasaki of the Seattle Mariners, and Hideo Nomo of the Boston Red Sox, former Yankee Hideki Irabu and Mets outfielder Tsuyoshi Shinjo. American fans are learning what the Japanese already know-- these amazing players are already mapping out baseball's future, proving that this grand slam Asian invasion is here to stay... With 8 pages of thrilling photos.

Offers a window into the vanity and silliness of almost every decade as expressed by the ultimate status symbol of the car, showcasing the cheapest, tackiest, and most mechanically inept vehicles built from the 1960s to the 1990s.

How the samurai cultivated Zen, relating its teaching of a free and spontaneous mind to the experience of a warrior in individual combat, and finding philosophical strength in Zen as they prepared themselves for death.

Ayaan was just an average boy like most of the kids in school. He dreamed big- owning fancy cars, a big mansion, and all the luxuries to live a good life. But as he grew older, he realizes how his parents depended on him for survival. Life took a turn, he lived with a job he wasn't happy about, and also had a broken heart. His weaknesses and sorrows were drowned by addictions that seemed hard to get rid of. With fallen ambitions and an almost nil bank balance, he reaches a point to quit this life by thinking of extreme means. Until he met the Samurai who Sold his Suzuki. The encounter with the Samurai was an eye opener for Ayaan to get back on his feet and mend his ways. Every aspect of life, every unspoken truth being revealed and every answer to Ayaan's questions had finally found a direction. Time flies – it always has. But the best way to live a life of progress is to manage the time in hand. To live without regrets is to forgive yourself. To love others is to practice the art of self-love. And to love yourself is to balance the positive and negative energies in life. Embark on a journey to seek and bring out the best in you. This book entails the fundamental aspects that have been practiced and achieved by the greatest scholars of all time. Right from ricocheting from a downfall to reaching the spotlight, you will find yourself in places where you can excel in life. For no matter what the circumstances befall, the show must go on.

With over 300 stunning photographs and woodblock prints along with extensive historical and cultural commentary, Japanese Swords is the ultimate authority on Samurai weaponry. Historically, Japanese warriors considered their swords to be far greater than simple weaponry. Their swords were both lethal tools and divine companions — social and religious icons. Traditionally worn by the samurai as a sign of social status, the Japanese sword represented the junction between the reigning military class and those whom they ruled. Moreover, the samurai sword was a technological and artistic marvel. Many scholars consider it to be the finest sword ever constructed. In terms of symbolism and historical importance, no other blade comes close to the Japanese sword. With a historical, iconographical, and technological perspective, author Cohn M. Roach provides an in-depth study of these magnificent weapons in Japanese Swords. This richly illustrated sword book weaves the blade's primary influences together, tracking its history and illuminating its progress from infancy to grandeur. By studying the evolution of the Japanese sword from this perspective, we better understand Japan and its warrior archetype. Combining research materials from multiple disciplines, Roach uses his expertise as an educator to guide readers through the sword's rise to greatness in a unique way. This book discusses the history, development, and spiritual symbolism of the sword, as well as the esoteric metallurgical techniques used in making it. It also covers the difficult training practices used by skilled swordsmen. Japanese Swords also includes a companion DVD featuring a beautifully-filmed documentary that explores the traditional swordmaker's craft. The DVD also contains an introduction to the Japanese sword at a sword shop in Kyoto and a visit to a dojo for a beginner's class in the medieval sword-drawing art called iaido.

Biography and views of Shosan (1579-1655), a samurai turned Zen Buddhist monk, by a noted scholar.
