In a world increasingly indifferent to Christian truth, followers of Christ need to be equipped to communicate with those who do not speak their language or accept their source of authority. Gregory Koukl demonstrates how to get in the driver's seat, keeping any conversation moving with thoughtful, artful diplomacy. You'll learn how to maneuver comfortably and graciously through the minefields, stop challengers in their tracks, turn the tables and---most importantly---get people thinking about Jesus. Soon, your conversations will look more like diplomacy than D-Day. Drawing on extensive experience defending Christianity in the public square, Koukl shows you how to: - Initiate conversations effortlessly - Present the truth clearly, cleverly, and

Get Free Tactics For Listening Second Edition

persuasively - Graciously and effectively expose faulty thinking - Skillfully manage the details of dialogue - Maintain an engaging, disarming style even under attack
Tactics provides the game plan for communicating the compelling truth about Christianity with confidence and grace.

This major revision updates Wayne Hughes's 1986 landmark study that is credited with providing decision makers a sound foundation for battle planning and tactical thinking. The book integrates the historical evolution of tactics, analysis, and fleet operations, and today it can serve as a primer for anyone who wants to learn how navies fight and win. This second edition includes much new material on combat in the missile age and

Get Free Tactics For Listening Second Edition

reflects the reconfiguration of many tactics for littoral operations after the fall of the Soviet Union. Hughes recreates famous battles to show how tactics have changed through the ages and the ways in which they have remained unchanged. He covers tactical interaction between land and sea, the sensory revolution of WWII, secret weapons and maritime surprise, the role in battle of leadership and morale, and the importance of surface warships in today's U.S. fleet. He suggests that naval tactics, unlike ground combat, are dominated by the offense and concludes that the great tactical maxim must be attack effectively first. A new chapter traces the evolution of missile tactics at sea and includes details of attacks on ships. Many changes emphasize joint operations and coastal combat. The

Get Free Tactics For Listening Second Edition

already extensive appraisal of command and control and information warfare is further expanded to cover modern naval operations and the character of modern salvo warfare. In the tradition of Mahan and Clausewitz, this classic text incorporates literature, politics, and a knowledge of human nature. Indispensable reading for all those interested in naval tactics, it is also a valuable reference for wargamers

This book illuminates the evolution of Quaker war tax resistance in America, as told by those who resisted and those who debated the limits of the Quaker peace testimony where it applied to taxpaying. Among the writers featured in this documentary history are Isaac Sharpless, Thomas Story, William Penn, James Logan,

Get Free Tactics For Listening Second Edition

Benjamin Franklin, John Woolman, John Churchman, James Pemberton, Joshua Evans, Anthony Benezet, Job Scott, Warner Mifflin, Timothy Davis, James Mott, Isaac Grey, Samuel Allinson, Moses Brown, Stephen B. Weeks, Rufus Hall, Gouverneur Morris, Elias Hicks, Joshua Maule, and Cyrus G. Pringle.

Genghis Khan was the founder and Great Khan (emperor) of the Mongol Empire, which became the largest contiguous empire in history after his demise. He came to power by uniting many of the nomadic tribes of northeast Asia. After founding the Mongol Empire and being proclaimed "Genghis Khan," he started the Mongol invasions that resulted in the

Get Free Tactics For Listening Second Edition

conquest of most of Eurasia. These included raids or invasions of the Kara-Khitan Khanate, Caucasus, Khwarezmid Empire, Western Xia and Jin dynasties. These campaigns were often accompanied by wholesale massacres of the civilian populations – especially in the Khwarezmian controlled lands. By the end of his life, the Mongol Empire occupied a substantial portion of Central Asia and China. Beyond his military accomplishments, Genghis Khan also advanced the Mongol Empire in other ways. He decreed the adoption of the Uyghur script as the Mongol Empire's writing system. He also promoted religious tolerance in the Mongol Empire, and created a unified empire from the nomadic tribes of northeast Asia. Present-day Mongolians regard him as the founding father of

Get Free Tactics For Listening Second Edition

Mongolia. Genghis Khan is also credited with bringing the Silk Road under one cohesive political environment. This increased communication and trade from Northeast Asia to Muslim Southwest Asia and Christian Europe, thus expanding the horizons of all three cultural areas. Historians have noted that Genghis Khan instituted meritocracy, and encouraged religious tolerance.
