Travel Tales from India and Abroad Menu. Postcards from Hanoi, Vietnam. October 17, 2020 August 20, 2020 by Mridula Dwivedi. I visited Vietnam in the October of 2019 on a blogging trip with IndiGo when they launched their inaugural flight from Kolkata to Ho Chi Minh City, Vietnam. This trip happened pre-covid. If I have learned one thing in 2020, it is not to take travel for granted. In today ...

### **Exeter Blog Famine Tales from India and Britain**

Tales from India presents the very best of Kipling's short stories. His vignettes of life in British India give vivid insights into Anglo-India at work and play, and into the character of the Indians themselves. Witty, wry, sometimes cynical, these tales with their brevity and concentration of effect are landmarks in the history of the short story as an art-form. Politics, the Raj, and the ...

Traditional Indian lore through the eyes of two artists. "Their collaboration is nothing short of phenomenal. The illustrations take you into another world." –Medium A shape-shifting tiger and a pretentious rat. A generous goddess and a powerful demon. A clever princess and a prince who returns from the dead. This collection of sixteen traditional tales transports readers to the beguiling world of Indian folklore. Transcribed by Indian and English folklorists in the nineteenth century, these stories brim with wit and magic. Fans of fairy tales will encounter familiar favorites—epic quests and talking animals—alongside delightful surprises—an irreverent sense of humor and an array of bold, inspiring heroines. Each tale in this ebook comes alive alongside exquisite artwork by a pair of contemporary Indian artists.

Presents an anthology of traditional tales from different regions of India.

A collection of 20 stories from India's rich folklore heritage. From wicked magicians to wise old priests, charming princes and beautiful princesses, to greedy tigers and wily jackals, these magical tales are full of adventure and trickery, and infused with deeper messages about morality, Life and the world around us. Founded on the work of folklorist, Joseph Jacob, and from tales from India's Mughul period, award-winning author Bali Rai's lively retellings are a delight for readers of all ages. The book includes endnotes with a glossary, additional information as well as ideas for activities that children can do to explore the stories further.

Presents adaptations of tales and fables selected from Sanskrit and Pali sources that comprise the ancient literature and folklore of India.

The magical story of how Ganesh, the son of Shiva and Parvati, was brought back to life with the head of an elephant • The story of one of the most beloved characters in Indian lore, made accessible for Western children • Illustrated throughout with paintings from the classic Indian tradition Any Indian child can tell you how the beloved god Ganesh got his elephant's head--now American children can know

as well. For centuries Indian children have grown up hearing Ganesh's story--how his mother, Parvati (an incarnation of the great mother goddess), created a small boy from sandalwood soap and commanded that he guard the palace against all intruders while she took her bath. How her husband, Shiva (the fearsome god of destruction), didn't take kindly to being barred from his own home. How Shiva beheaded the boy during the cosmic war that followed, but then, when he realized that the balance of the entire universe was at stake, brought the boy back to life by grafting an elephant's head onto his body and made him the people's intercessor against the powers of destruction. Ganesh's timeless story teaches children about the steadfast power of dedication to duty, the awe-inspiring power of a mother's love for her child, and the gentle power of compassion, which holds the world together. Accompanied by rich, color illustrations prepared according to the traditional Hindu canon, How Ganesh Got His Elephant Head will transport children to a magical world filled with ancient wisdom.

"This admirably produced and well-translated volume of stories from the Sanskrit takes the Western reader into one of the Golden Ages of India. . . . The world in which the tales are set is one which placed a premium upon slickness and guile as aids to success. . . . Merchants, aristocrats, Brahmins, thieves and courtesans mingle with vampires, demi-gods and the hierarchy of heaven in a series of lively or passionate adventures. The sources of the individual stories are clearly indicated; the whole treatment is scholarly without being arid."--The Times Literary Supplement "Fourteen tales from India, newly translated with a terse and vibrant effectiveness. These tales will appeal to any reader who enjoys action, suspense, characterization, and suspension of disbelief in the supernatural."--The Personalist

A collection of forty-nine stories by foreign sojourners through India spans the breadth and depth of the sub-continent, from the pristine peaks of the Himalayas to the grimy streets of Calcutta, covering an Indian wedding, a visit to a famous Indian chef, and an encounter with caretakers of the dead on the Ganges, among other fascinating tales. Original.

Hailed by Ezra Pound as the "American Ovid" and renowned as a linguist and a self-described "amateur anthropologist," Jaime de Angulo drew on his forty years among the Pit River tribe of California to create the amalgam of fiction, folklore, tall tales, jokes, ceremonial ritual, and adventure that is Indian Tales. He first wrote these stories to entertain his children, borrowing freely from the worlds of the Pit, and also of the Miwok, Pomo, and Karok. Here are the adventures of Father Bear, Mother Antelope, the little boy Fox, and, of course, Old Man Coyote in a time when people and animals weren't so very far apart. The author's intent was not so much to rer anthropologically faithful translations--though they are here--as to create a magical world fueled by the power of storytelling while avoiding the dangers for the romantic and picturesque. True to the playful and imaginative spirit he portrays, de Angulo mischievously recommends to readers: "When you find yourself searching for some mechanical explanation, if you don't know the answer, invent one. When you pick out some inconsistency or marvelous improbability, satisfy your curiosity like the old Indian folk: 'Well, that's the way they tell that story. I didn't make it up!'"
