Our desire to own unusual animals as pets often leads us to bring wild animals home. However, instances of a pet chimp attacking its owner or a big cat mauling its keeper are not rare. These incidents have often raised questions about the practice of having wild animals as pets. Let us weigh the pros and cons of this trend, which seems to be on the rise.

Theirs to Tame. Theirs to Train. When the scheming of her father's political enemies makes it impossible to continue hiding the fact that she is an unauthorized third child, twenty-year-old Isabella Bedard is sent to a detainment facility in deep space where she will be prepared for her new life as an alien's bride. Her situation is made far worse after some ill-advised mischief forces the strict warden to ensure that she is sold as quickly as possible, and before she knows it, Isabella is standing naked before two huge, roughly handsome alien men, helpless and utterly on display for their inspection. More disturbing still, the men make it clear that they are buying her not as a bride, but as a pet. Zack and Noah have made a career of taming even the most headstrong of females, and they waste no time in teaching their new pet that her absolute obedience will be expected and even the slightest defiance will earn her a painful, embarrassing bare-bottom spanking, along with far more humiliating punishments if her behavior makes it necessary. Over the coming weeks, Isabella is trained as a pony and as a kitten, and she learns what it means to fully surrender her body to the bold dominance of two men who will not hesitate to claim her in any way they please. But though she cannot deny her helpless arousal at being so thoroughly mastered, can she truly allow herself to fall in love with men who keep her as a pet? Publisher's Note: Taming Their Pet is a stand-alone novel which is the third book in the Captive Brides series. It includes spankings and sexual scenes. As an unauthorized third child, nineteen-year-old Aimee Harrington has spent her life avoiding discovery by government authorities, but her world comes crashing down around her after she is caught stealing a vehicle in an act of petulant rebellion. Within hours of her arrest, she is escorted onto a ship bound for a detention center in the far reaches of the solar system. This facility is no ordinary prison, however. It is a training center for future brides, and once Aimee has been properly prepared, she will be intimately, shamefully examined and then sold to an alien male in need of a mate. Worse still, Aimee's defiant attitude quickly earns her the wrath of the strict warden, and to make an example of her, Aimee is offered as a wife not to a sophisticated gentleman but to three huge, fiercely dominant warriors of the planet Ollorin. Though Ollorin males are considered savages on Earth, Aimee soon realizes that while her new mates will demand her obedience and will not hesitate to spank her soundly if her behavior warrants it, they will also cherish and protect her in a way she has never experienced before. But when the time comes for her men to master her completely, will she find herself begging for more as her beautiful body is claimed hard and thoroughly by all three of them at once? sent to a special prison in deep space to be trained for her future role as an alien's bride. Despite the public bare-bottom spanking she receives upon her arrival at the detention center, Jenny remains defiant, and before long she earns herself a trip to the notorious medical wing of the facility. Once there, Jenny quickly discovers that a sore bottom will now be the least of her worries, and soon enough she is naked, restrained, and shamefully on display as three stern, handsome alien doctors examine and correct her in the most humiliating ways imaginable. The doctors are experts in the treatment of naughty young women, and as Jenny is brought ever closer to the edge of a shattering climax only to be denied again and again, she finds herself begging to be taken in any way they please. But will her captors be content to give Jenny up once her punishment is over, or will they decide to make her their own and master her completely? Publisher's Note: Her Alien Doctors is a stand-alone novel which is the second book in the Captive Brides series. It includes spankings and sexual scenes. The vampires didn't just kill my father. They turned him into a murderer. I don't know how they did it and I don't know why, but I do know one thing. I'm going to make them pay dearly for it.

After her brother's life of crime is brought to a sudden end, twenty-two-year-old Kara Jennings fears she may be the next target of the men who killed him. It comes as a shock, however, when she is taken captive by a mysterious man who promises to keep her safe but quickly demonstrates that he will not hesitate to punish her in any way he sees fit if she disobeys him. Devin Stringer is certain there is something important that Kara is refusing to share with him--something related to her brother's death--and he is fully prepared to be as firm as necessary to get her to tell him the truth, even if that means stripping her bare, spanking her soundly, and keeping her caged like a pet. Despite her shame at being made to kneel naked at her captor's feet, eat from his hand, and surrender her body to him completely, Devin's dominance leaves Kara helplessly aroused and yearning for him to master her even more thoroughly. When he brings her to the edge of an intense climax only to leave her desperate and wanting, her need for him to claim her properly compels Kara to confess the secret her brother shared with her before his death. But will that information help Devin protect his beautiful pet or will it ultimately put her in greater danger? Publisher's Note: Protecting His Pet is a stand-alone book which is the first entry in the Owned and Protected series. It includes spankings, sexual scenes, extensive pet play, elements of BDSM, and more. If such material offends you, please don't buy this book.

Blake Turner is not a man to be trifled with, and he wastes no time in making it clear that Aubree will obey him or be punished. After she puts his word to the test, Aubree's bottom is bared for a painful, embarrassing strapping, and when she continues to defy her strict captor, she quickly discovers that he is prepared to take things much further. Soon enough, she finds herself stripped naked, outfitted with a collar and tail, and eating from Blake's hand like a well-trained pet. To her dismay, Aubree's arousal grows more intense with every shameful display of forced submission. But even as he masters her body and claims her in every way, Blake must keep his captive pet safe from both her enemies and her own recklessness. Will he prove up to the task? Publisher's Note: His Captive Pet is a stand-alone book which is the third entry in the Owned and Protected series. It includes spankings and sexual scenes. Lenore Lee wants nothing more than to make new friends in her new town of Whitby, Yorkshire, and to forget about the disturbing dreams that hold her captive at night. But what she discovers in Whitby, might be even more disturbing than the dreams. Dreams which may hold the key to her survival in the hidden world of the Supernatural...

As a newcomer to the alien tribe, I've struggled to find my place. It might be because I'm a tad headstrong at times. And yes, I might have thrown a few things at people's heads. But I had a good reason to pitch a fit - my shy sister was stolen away right under my nose. Of course, now she's back and mated. Everyone's happy...except me. I need...affection. Attention. Okay, I'm lonely. Really lonely. Strangely enough, the only person that I think understands what I'm going through is the same blue-skinned brute that stole my sister. It's wrong to hook up with him, even as a mindless fling. Except...I'm not so good with the whole 'rules' thing. And he's not so great with the 'fling' thing.

A boy, a patchwork girl, and a glass cat go on a mission to find the ingredients for a charm which will transform some people turned to marble.

After her efforts to track down her missing mother nearly get her killed, twenty-seven-year-old Julie Sampson ends up on the run, hiding out in a cabin with police officer John Hamish. Though Julie is used to fending for herself, John demands her absolute obedience while she remains in his custody, and she quickly discovers that her gruff, infuriatingly sexy protector will not hesitate to strip her bare and take a leather strap to her naked bottom when she defies him. Determined to teach Julie to submit for her own safety, John decides to treat her as his pet, and the beautiful, headstrong young woman soon finds herself sleeping in a cage, wearing nothing but a tail, and learning the hard way that her master will not hesitate to show a sassy little kitty a better use for her mouth. But even when she is punished in ways more shameful than she would have thought possible, Julie cannot deny her body's desperate need for John's stern dominance. When he takes her in his arms and claims her hard and thoroughly, she is left sore, spent, and satisfied, but can she bring herself to trust that no matter what, her master will never abandon his kitten? Publisher's Note: His Captive Kitten is a stand-alone novel which is the fourth entry in the Owned and Protected series. It includes spankings, sexual scenes, intense and humiliating punishments, and strong D/s and pet play themes. If such material offends you, please don't buy this book.
