historian. In this work, Pappé, as the book title would suggest, deconstructs ten commonly-accepted myths about Israel, from before the state's official creation to today.

*Ten Myths about Israel by Ilan Pappé - Goodreads*

Israel's negation of Palestinian existence in the Land of Palestine is, however, a falsification of history. "Ten Myths About Israel" came out in Germany in 2016 under the title "What's wrong with Israel? The Ten Main Myths of Zionism". The mainstream media ignored it, which could also be the case in the US.

the Balfour Declaration, as well as the formation of Zionism and its role in the early decades of nation building. He asks whether the Palestinians voluntarily left their homeland in 1948, and whether June 1967 was a war of “no choice.” Turning to the myths surrounding the failures of the Camp David Accords and the official reasons for the attacks on Gaza, Pappe explains why the two-state solution is no longer viable.

The myths and reality behind the state of Israel and Israeli-Palestinian conflict—from “the most eloquent writer on Palestinian history” (New Statesman) In this groundbreaking book, published on the fiftieth anniversary of the Occupation, the outspoken and radical Israeli historian Ilan Pappe examines the most contested ideas concerning the origins and identity of the contemporary state of Israel. The “ten myths” that Pappe explores—repeated endlessly in the media, enforced by the military, accepted without question by the world’s governments—reinforce the regional status quo. He explores the claim that Palestine was an empty land at the time of the Balfour Declaration, as well as the formation of Zionism and its role in the early decades of nation building. He asks whether the Palestinians voluntarily left their homeland in 1948, and whether June 1967 was a war of “no choice.” Turning to the myths surrounding the failures of the Camp David Accords and the official reasons for the attacks on Gaza, Pappe explains why the two-state solution is no longer viable.

The book that is providing a storm of controversy, from 'Israel's bravest historian' (John Pilger) Renowned Israeli historian, Ilan Pappé's groundbreaking book revisits the formation of the State of Israel. Between 1947 and 1949, over 400 Palestinian villages were deliberately destroyed, civilians were massacred and around a million men, women, and children were expelled from their homes at gunpoint. Denied for almost six decades, had it happened today it could only have been called "ethnic cleansing". Decisively debunking the myth that the Palestinian population left of their own accord in the course of this war, Ilan Pappé offers impressive archival evidence to demonstrate that, from its very inception, a central plank in Israel's founding ideology was the forcible removal of the indigenous population. Indispensable for anyone interested in the current crisis in the Middle East.

An update of the history of Palestine since the 1800s, which includes recent dramatic events.

This book chronicles the local histories written by modern Palestinians about their villages that were destroyed in the 1948 war.

Since its foundation in 1948, Israel has drawn on Zionism, the movement behind its creation, to provide a sense of self and political direction. In this groundbreaking new work, Ilan Pappé looks at the continued role of Zionist ideology. The Idea of

## Bookmark File PDF Ten Myths About Israel

Israel considers the way Zionism operates outside of the government and military in areas such as the country's education system, media, and cinema, and the uses that are made of the Holocaust in supporting the state's ideological structure. In particular, Pappe examines the way successive generations of historians have framed the 1948 conflict as a liberation campaign, creating a foundation myth that went unquestioned in Israeli society until the 1990s. Pappe himself was part of the post-Zionist movement that arose then. He was attacked and received death threats as he exposed the truth about how Palestinians have been treated and the gruesome structure that links the production of knowledge to the exercise of power. The Idea of Israel is a powerful and urgent intervention in the war of ideas concerning the past, and the future, of the Palestinian-Israeli conflict.

Even before he wrote his bestselling book *The Ethnic Cleansing of Palestine*, historian Ilan Pappe was a controversial figure in Israel. In *Out of the Frame*, he gives a full account of his break with conventional Israeli scholarship and its consequences. Growing up in a conventional Israeli community influenced by the utopian visions of Theodor Herzl, Pappe was barely aware of the Nakbah in his high school years. Here he traces his journey of discovery from the whispers of Palestinian classmates to his realisation that the 'enemy's' narrative of the events of 1948 was correct. After producing his PhD at Oxford university based on recently declassified documents in the early 1980s he returned to Palestine determined to protect the memory of the Nakbah and struggle for the rectification

of its evils. For the first time he gives the details of the formidable opposition he faced in Israel, including death threats fed by the media, denunciations by the Knesset and calls for him to be sacked from his post at Haifa university. This revealing work, written with dignity and humour, highlights Israel's difficulty in facing up to its past and forging a peaceful, inclusive future in Palestine.

Ten Myths about the Jews analyzes the complex facets of anti-Semitism and anti-Judaism in an accessible and easy-to-read format. Based on wide research, Brazilian historian Maria Luiza Tucci Carneiro examines different manifestations against Jews and their faith through history and political culture along the centuries. Tucci Carneiro unmaskes the roots of anti-Semitism and exposes contemporary prejudices. Her book is an invitation to reflect upon current realities marked by racism and shows how the main myths about the Jews have been vested of a verisimilitude that has persisted for the last 2000 years, all over the world, by means of hatred of the other, political/religious opportunism, and economic deceit. The myths are kept alive by means of constant repetition and re-elaboration of a particular narrative, invariably seductive. The author proves each of the ten myths in terms of their historical record, their origins, and purposes. Even though Jews are fully integrated into western society in multiple ways (entrepreneurship, medicine, literature, philosophy, the arts), racist myths against the community have been particularly resilient; they attempt to override common sense and their continuous circulation and rehashing through scapegoating and

caricature has had profound negative repercussions for society as a whole. Ten Myths, now published in five languages, is an essential tool in the struggle against the discourse of racist hatred.

One of Israel's most controversial writers demystifies the "peace camp" liberals Yitzhak Laor is one of Israel's most prominent dissidents and poets, a latter-day Spinoza who helps keep alive the critical tradition within Jewish culture. In this work he fearlessly dissects the complex attitudes of Western European liberal Left intellectuals toward Israel, Zionism and the "Israeli peace camp." He argues that through a prism of famous writers like Amos Oz, David Grossman and A.B. Yehoshua, the peace camp has now adopted the European vision of "new Zionism," promoting the fierce Israeli desire to be accepted as part of the West and taking advantage of growing Islamophobia across Europe. The backdrop to this uneasy relationship is the ever-present shadow of the Holocaust. Laor is merciless as he strips bare the hypocrisies and unarticulated fantasies that lie beneath the love affair between "liberal Zionists" and their European supporters.

Examines how Israeli Palestinians have fared under Jewish rule, revealing both Israel's attitude toward minorities and Palestinians' attitudes toward the Jewish state and analyzes the Israeli state's policy towards its Palestinian citizens.
