Praise for Portfolio Life "Dave Corbett's book turns two simple ideas into a program for life-enrichment, that you can create a life expressly for yourself and that the so-called retirement years are the best time to do it. Drawing on a lifetime of work with people who were rethinking what they wanted and their direction, he shows how to do both those things. Be warned: If you read the book, you're going to be changed. But I think you'll like how you turn out." --Bill Bridges, author, Transitions and Job Shift "Dave's book reveals a powerful and profound formula for crafting a genuinely rich life. If you agree that retirement is passé, and you are a lifelong learner and have a desire to make your life count in a deeply fulfilling way, you will love this book." --Fred Harburg, former chief learning officer and president, Motorola University "Healthy, fit, financially secure, and happy for another 40 years? Is there really that kind of gold over them thar' hills? Yes, and Portfolio Life is the guide, leading boomers to a life path never before traveled by so many. Don't pass 50 without it." --Natalie Jacobson, news anchor, WCVB-TV Boston "This is the work of a wise, thoughtful author with decades of experience helping people be more successful in the next chapter of their lives. It will help you embrace change and explore the possibilities that come with an additional 20 to 30 productive years to be designed and lived on your own terms." --Anne Szostak, chairman, The Boys & Girls Clubs of America "This timely book should be read by anyone of any age who wants his or her life to have meaning and purpose beyond the accumulation of money and things." --Millard Fuller, founder, Habitat for Humanity and the Fuller Center for Housing

Are you considering a job switch or a career change? Perhaps you are actively interviewing, but haven't advanced beyond the phone screen or been offered the job. Or maybe just one or two questions always seem to find you at a loss for the right response. Everyone can benefit from developing and keeping interviewing skills in top shape. In this straightforward guide, executive search expert and author of The 20-Minute Networking Meeting, Marcia Ballinger, spells out exactly what it takes to win your executive interview. In this book, Marcia reveals: - What really goes on during an executive interview--from the other side of the desk -How to prepare for different kinds of interviews, and position yourself for success- The very best ways to answer the most common interview questions This practical book gives you the strategy and tools for every interview, and is a must-have for any executive job candidate.

A job-search manual that gives career seekers a systematic, tech-savvy formula to efficiently and effectively target potential employers and secure the essential first interview. The 2-Hour Job Search shows job-seekers how to work smarter (and faster) to secure first interviews. Through a prescriptive approach, Dalton explains how to wade through the Internet's sea of information and create a job-search system that relies on mainstream technology such as Excel, Google, LinkedIn, and alumni databases to create a list of target employers, contact them, and then secure an interview(with only two hours of effort. Avoiding vague tips like "leverage your contacts," Dalton tells job-hunters exactly what to do and how to do it. This empowering book focuses on the critical middle phase of the job search and helps readers bring organization to what is all too often an ineffectual and frustrating process.

If you are interviewing with a company, you are likely qualified for the job. Through the mere action of conducting the interview, the employer essentially implies this. So why is it difficult to secure the job you love? Because there are three reasons you actually get the job:one of which are your qualifications and, unfortunately, you can only control one of them. INTERVIEW INTERVENTION creates awareness of these undetected reasons that pose difficulty for the job-seeker and permeate to the interviewer, handicapping the employer's ability to secure the best talent. It teaches interview participants to use effective interpersonal communication techniques aimed at overcoming these obstacles. It guides job-seekers through the entire interview process to ensure they get hired. It teaches interviewers to extract the most relevant information to make sound hiring decisions. INTERVIEW INTERVENTION will become your indispensable guide to: ? Create self-awareness to ensure you understand the job you want before/not after/the fact. ? Conduct research to surface critical employer information. ? Share compelling stories that include the six key qualities that make them believable and memorable. ? Respond successfully to the fourteen most effective interview questions. ? Sell yourself and gather intelligence through effective question asking. ? Close the interview to ensure the interviewer wants to hire you.

Use the latest technology to target potential employers and secure the first interview--no matter your experience, education, or network--with these revised and updated tools and recommendations. [The most practical, stress-free guide ever written for finding a white-collar job.]Dan Heath, coauthor of Switch and Made to Stick Technology has changed not only the way we do business, but also the way we look for work. The 2-Hour Job Search rejects laundry lists of conventional wisdom in favor of a streamlined job search approach that produces results quickly and efficiently. In three steps, creator Steve Dalton shows you how to select, prioritize, and make contact with potential employers so you can land that critical first interview. In this revised second edition, you'll find updated advice on how to efficiently surf online job postings, how to reach out to contacts at your dream workplace and when to follow up, and advice on using LinkedIn. Indeed, and Google to your best advantage. Dalton incorporates ideas from leading thinkers in behavioral economics, psychology, and game theory, as well as success stories from readers of the first edition. The 2-Hour Job Search method has proven so successful that it has been shared at schools across the globe and is a formal part of the curriculum for all first-year MBAs at Duke University. With this book, you'll learn how to make it work for you too.
