Sir Richard Burton's The Arabian Nights was an immediate hit upon its publication in 1885. Based on the 1881 translation by John Payne, Burton's work not only fed the growing demand of English readers for tales and images from the Oriental reaches of their empire, but its comparatively frank sexual references, its bawdiness, and its wild adventures also spoke to, as much as it shocked, the repressed prurient interests of its Victorian readership.

The tales within Arabian Nights span a large geographical area that stretches from Egypt, across the Middle East, and into Mongolia and China. This collection of Eastern cultures and traditions has attracted Western readers since the 18th century. However, it has lent great confusion to the discussion of where exactly the Nights first originated. Many scholars concede the tome to be Persian due to the Persian origins of the names "Shahrayar" and "Shahrazad."

The Context - The Arabian Nights

The Arabian Nights have a history that is largely mysterious. However, it is widely considered that they may include tales told by ancient travelers and merchants along the Chinese Silk Route . As they made their way from Northern China to the Middle East and Egypt, the travelers stopped in various towns and trading posts where they would tell these stories to each other for entertainment.

Alf layla wa layla (known in English as A Thousand and One Nights or The Arabian Nights) changed the world on a scale unrivalled by any other literary text. Inspired by a fourteenth-century Syrian manuscript, the appearance of Antoine Galland's twelve-volume Mille et Une Nuits in English translation (1704-1717), closely followed by the Grub Street English edition, drew the text into European circulation. Over the following three hundred years, a widely heterogeneous series of editions, compilations, translations, and variations circled the globe to reveal the absorption of The Arabian Nights into English, Continental, and global literatures, and its transformative return to modern Arabic literature, where it now enjoys a degree of prominence that it had never attained during the classical period. The Arabian Nights in Historical Context

The Arab world's greatest folk stories re-imagined by the acclaimed Lebanese novelist Hanan al-Shaykh, published to coincide with the world tour of a magnificent musical and theatrical production directed by Tim Supple

“The Arabian Nights” has become a synonym for the fabulous and the exotic. Every child is familiar with the stories of Aladdin, Sinbad the Sailor and Ali Baba. Yet very few people, even specialists in oriental literature, have a clear idea of when the book was written or what exactly it is. Far from being a batch of stories for children, “The Arabian Nights” contains hundreds of narratives of all kinds - fables, epics, erotica, debates, fairy tales, political allegories, mystical anecdotes and comedies. It is a labyrinth of stories within stories. Widely held in contempt in the Middle East for its frivolity and occasional obscenity, the work has nevertheless had a major influence on European and American culture, to the extent that the story collection must be considered as a key work in Western literature. A full understanding of the writings of Voltaire, Dickens, Melville, Proust and Borges, or indeed of the origins of science fiction, is impossible without some familiarity with the stories of the "Nights". This companion aims to guide the reader into this labyrinth of storytelling. It traces the development of the stories from prehistoric India and Pharaonic Egypt to modern times, and explores the history of translation and imitation. Above all, it uses the stories as a guide to the social history and counter-culture of the medieval Near East and the world of the storyteller, the snake charmer, the burglar, the sorcerer, the drug-addict, the treasure hunter and the adulterer.

The final volume of The Cambridge History of Arabic Literature explores the Arabic literary heritage of the little-known period from the twelfth to the beginning of the nineteenth century. Even though it was during this time that the famous Thousand and One Nights was composed, very little has been written on the literature of the period generally. In this volume Roger Allen and Donald Richards bring together some of the most distinguished scholars in the field to rectify the situation. The volume is divided into parts with the traditions of poetry and prose covered separately within both their 'elite' and 'popular' contexts. The last two sections are devoted to drama and the indigenous tradition of literary criticism. As the only work of its kind in English covering the post-classical period, this book promises to be a unique resource for students and scholars of Arabic literature for many years to come.

A magnificent and richly illustrated volume?with a groundbreaking translation framed by new commentary and hundreds of images—of the most famous story collection of all time. A cornerstone of world literature and a monument to the power of storytelling, the Arabian Nights has inspired countless authors, from Charles Dickens and Edgar Allan Poe to Naguib Mahfouz, Clarice Lispector, and Angela Carter. Now, in this lavishly designed and illustrated edition of The Annotated Arabian Nights, the acclaimed literary historian Paulo Lemos Horta and the brilliant poet and translator Yasmine Seale present a splendid new selection of tales from the Nights, featuring treasured original stories as well as later additions including “Aladdin and the Wonderful Lamp” and “Ali Baba and the Forty Thieves,” and definitively bringing the Nights out of Victorian antiquarianism and into the twenty-first century. For centuries, readers have been haunted by the homicidal King Shahriyar, thrilled by gripping tales of Sinbad’s seafaring adventures, and held utterly, exquisitely captive by Shahrazad’s stories of passionate romances and otherworldly escapades. Yet for too long, the English-speaking world has relied on dated translations by Richard Burton, Edward Lane, and other nineteenth-century adventurers. Seale’s distinctly contemporary and lyrical translations break decisively with this masculine dynasty, finally stripping away the deliberate exoticism of Orientalist renderings while reclaiming the vitality and delight of the stories, as she works with equal skill in both Arabic and French. Included within are famous tales, from “The Story of Sinbad the Sailor” to “The Story of the Fisherman and the Jinni,” as well as lesser-known stories such as “The Story of Dalila the Crafty,” in which the cunning heroine takes readers into the everyday life of merchants and shopkeepers in a crowded metropolis, and “The Story of the Merchant and the Jinni,” an example of a ransom frame tale in which stories are exchanged to save a life. Grounded in the latest scholarship, The Annotated Arabian Nights also incorporates the Hanna Diyab stories, for centuries seen as French forgeries but now acknowledged, largely as a result of Horta’s pathbreaking research, as being firmly rooted in the Arabic narrative tradition. Horta not only takes us into the astonishing twists and turns of the stories’ evolution. He also offers comprehensive notes on just about everything readers need to know to appreciate the tales in context, and guides us through the origins of ghouls, jinn, and other supernatural elements that have always drawn in and delighted readers. Beautifully illustrated throughout with art from Europe and the Arab and Persian world, the latter often ignored in English-language editions, The Annotated Arabian Nights expands the visual dimensions of the stories, revealing how the Nights have always been—and still are—in dialogue with fine artists. With a poignant autobiographical foreword from best-selling novelist Omar El Akkad and an illuminating afterword on the Middle Eastern roots of Hanna Diyab’s tales from noted scholar Robert Irwin, Horta and Seale have created a stunning edition of the Arabian Nights that will enchant and inform both devoted and novice readers alike.
