While exploring a strange place near her new home, ten-year-old Chihiro is horrified when her mother and father turn into pigs and, hoping to save them, soon finds herself working in a bath house for Japanese spirits.

The thought-provoking, aesthetically pleasing animated films of Hayao Miyazaki attract audiences well beyond the director's native Japan. Princess Mononoke and Spirited Away were critically acclaimed upon U.S. release, and the earlier My Neighbor Totoro and Kiki's Delivery Service have found popularity with Americans on DVD. This critical study of Miyazaki's work begins with an analysis of the visual conventions of manga, Japanese comic books, and animé; an overview of Japanese animated films; and a consideration of the techniques deployed by both traditional cel and computer animation. This section also details Miyazaki's early forays into comic books and animation, and his output prior to his founding of Studio Ghibli. Part Two concentrates on the Studio Ghibli era, outlining the company's development and analyzing the director's productions between 1984 and 2004, including Castle in the Sky, My Neighbor Totoro and his newest film, Howl's Moving Castle. The second section also discusses other productions involving Studio Ghibli, including Grave of the Fireflies and The Cat Returns. Appendices supply additional information about Studio Ghibli's merchandise production, Miyazaki's global fan base, and the output of other Ghibli directors.

The latest in the perennially popular line of Studio Ghibli artbooks, which includes interviews, concept sketches, and finished animation cels from classics such as Spirited Away and My Neighbor Totoro. The Wind Rises is Miyazaki's love letter to the power of flight and the imagination, an examination of the rise of Japan's military might in the years leading up to the Second World War, and a call for worldwide peace and harmony in the face of destruction. This book captures the art of the film, from conception to production, and features in-depth interviews with the filmmakers.

After meeting the arachnoid Kamaji and the slug girl Lin, Chihiro encounters the giant, all-powerful sorceress Yu-baaba, who renames Chihiro "Sen."

Ponyo, loosely based on Hans Christian Andersen's The Little Mermaid, is a hand-drawn feature-length film of breathtaking beauty and charm. The art of the film entails not only cels, but striking watercolor and pastel concept sketches and layout pages. Interviews with production principles about their daring choice to hand draw a film in the age of CGI, and the voice-over screenplay itself, complete the package.

The definitive examination of the art and animation of Studio Ghibli's masterpiece of fantasy and flight, Castle in the Sky! The latest in the perennially popular line of Studio Ghibli art books, which includes interviews, concept sketches, and finished animation cels from classics such as Spirited Away and My Neighbor Totoro. Hayao Miyazaki's Castle in the Sky was the first feature film produced by the legendary Studio Ghibli. Sheeta, a girl who has the power to defy gravity, is on the run from pirates when she meets the young inventor Pazu. Together they explore the secrets of Laputa, a flying city constructed by a long-lost race of people. All of Miyazaki's major themes—the power of flight, the bravery of young women, and a world wrecked by change—are captured with beautiful animation and joyous storytelling.

Beloved by millions, praised by film critic Roger Ebert as "the best animation filmmaker in history," and referred to as the "Japanese Walt Disney," Hayao Miyazaki is known for his sense of whimsical adventure, deep reverence for nature, and strong female characters. As a prolific creator, his influence and admirers include Steven Spielberg, Wes Anderson, and Akira Kurosawa. Curated by Spoke Art Gallery, My Neighbor Hayao features work from more than 250 artists in celebration of the acclaimed Japanese filmmaker and animator. Showcasing a diverse array of original painting, embroidery, sculpture, and limited edition prints that were first exhibited at Spoke during three highly popular group exhibitions attracting more than 10,000 attendees, this beautiful book grants fans of Miyazaki another creative avenue to explore his inspired worlds through interpretations of characters and themes found in iconic films including My Neighbor Totoro, Howl's Moving Castle, Spirited Away, and Princess Mononoke.

An in-depth look at the concept and watercolor artwork of the film "My Neighbor Totoro," the story of children who discover a new world in a tree trunk inhabited by magical creatures called Totoros, which can't be seen by adults.

An in-depth look at the concept and artwork of the movie features a collection of concept sketches, fully rendered character and background drawing, paintings and cell images, along with interviews and comments from the production staff and director.
