~~"When We Was Fab" is a song by English musician George Harrison, which he released on his 1987 album Cloud Nine. It was also issued as the second single from the album, in January 1988. The lyrics serve as a nostalgic reflection by Harrison on the days of Beatlemania during the 1960s, when the Beatles were first referred to as "the Fab Four". Harrison co-wrote the song with Jeff Lynne, who also co-produced the track. The recording references the psychedelic sound that the Beatles had helped popu~~

The Beatles Were Fab (and They Were Funny)

How America fell for the Fab Four: The Beatles arrived in the U.S. like a tidal wave (with half a ton of mop-top wigs) - and with 12 hits in the top 100, they really were here, there and everywhere...

How America fell for the Fab Four: The Beatles arrived in ...

The Beatles were an English rock band formed in Liverpool in 1960. The group, whose best-known line-up comprised John Lennon, Paul McCartney, George Harrison and Ringo Starr, are regarded as the most influential band of all time. They were integral to the development of 1960s counterculture and popular music's recognition as an art form. Rooted in skiffle, beat and 1950s rock and roll, their ...

The Beatles - Wikipedia

The Beatles 101 tells the story of the fab four using a unique method of cutting down their stories into 101 defined chapters. The stunning hardback delves into such cultural enigmas as "Paul...

The Beatles 101 author details exactly what sets the Fab ...

Formed in 1991, The Fab Beatles have risen through sheer hard work and dedication, to be one of the most sought after Beatles tribute bands in the world today, with concerts performed all over the UK, Europe, Middle East and the Americas. The Fab Beatles show starts with early 'Hamburg' material and goes right through the singles and album tracks to 'Let It Be and the Beatles 'breakup', with a repertoire that is second to none !

The Fab Beatles

The Beatles Were Fab (and They Were Funny): Krull, Kathleen, Brewer, Paul, Innerst, Stacy: Amazon.nl

The Beatles Were Fab (and They Were Funny): Krull ...

The book concludes with a simple timeline of The Beatles's big moments, from birth to deaths (*sigh). The illustration style really hits what the title means when it says "and They Were Funny". The drawings are caricature style complete with mop heads, super dark eyebrows, long, long, skinny legs, and Ringo having a seriously large nose.

The Beatles Were Fab - Mrs. Brooke's Books

Gr 3-5-This big, bright, bold picture book introduces the Beatles and describes their fan culture. The authors have used actual quotes from the "Fab Four" to demonstrate their self-deprecating humor. It comes through loud and strong. The rise to fame happens quickly and seems almost as unbelievable today as it did in the Beatles' glory days.

Amazon.com: The Beatles Were Fab (and They Were Funny ...

The Beatles, or the Fab Four, were one of the most famous bands in the history of pop music. The line-up: John Lennon (vocalist): born 9 October 1940, died 8 December 1980. Paul McCartney (vocalist...

CBBC Newsround | THE BEATLES | Who were The Beatles?

Over the next two years, they would play nearly 300 gigs in the clubs in the area. Along the way, they would find a new drummer (Ringo Starr) and lose their handsome bass guitarist (Stuart ...

Chronicles the legendary band's rise to prominence and highlights the humor of each member.

In 1957 in Liverpool, England, a young lad named John Lennon and his band played music at a local church fair. In the audience was Paul McCartney, who liked what he heard and soon joined the group. Paul's friend George Harrison kept showing up at rehearsals until the older boys finally let him in. Eventually they found the perfect drummer, Ringo Starr, and the perfect name: The Beatles. Told through a lyrical text and stunning paintings, this book spotlights four ordinary boys growing up amid the rubble of postwar England who found music to be a powerful, even life-saving, force.

A bite-sized collection of more than 170 quotes by and about the Fab Four from Liverpool. You say you want a revolution? The Beatles created one, unleashing a fan frenzy with their music and style. Beatlemaniacs will love this collection of quips from the band, their collaborators, and others. The quotes range from John's "I'd like to say thank you on behalf of the group and ourselves, and I hope we passed the audition," to Paul's "There are only four people who knew what the Beatles were about anyway."

* The first travel guide to focus on the four cities that defined The Beatles: Liverpool, Hamburg, London and New York* Compiled by four leading Beatles authorities* Four port cities that are different, yet so similar* Includes a wealth of information, connections, timelines, Beatles trivia, and illuminating photographs* The perfect gift for Beatles enthusiasts and globetrottersJohn Lennon said: "We were born in Liverpool, but we grew up in Hamburg."To paraphrase Lennon, we could say that: "The Beatles were born in Liverpool, grew up in Hamburg, reached maturity in London, and immortality in New York." Four cities. Four stars. The Fab Four - the Beatles - are revered the world over, but it is in these urban centres that their legacy shines brightest. Liverpool: where the band graduated from church halls, leaving their initial line-up as 'The Quarrymen' far behind. Hamburg: where their raucous stage act was honed; where arrests earned them a more notorious celebrity reputation, but they became a true emblem of rock 'n' roll. London: where The Beatles produced Sgt Pepper, and home to the iconic album cover for Abbey Road. And New York: the city that became John Lennon's home, where their appearance on the Ed Sullivan Show announced them to 73 million Americans.The Beatles: Fab Four Cities invites the reader on a cosmopolitan trek across continents, tracing the Beatles' rise to fame from one metropolis to the next. Flush with timelines, stories, trivia, the numerous links and connections between the cities and both pop cultural and local history, this is a travel guide like no other.

Hundreds of books have been written about The Beatles. Over the last half century, their story has been mythologized and de-mythologized and presented by biographers and journalists as history. Yet many of these works do not strictly qualify as history and the story of how the Beatles' mythology continues to be told has been largely ignored. This book examines the band's historiography, exploring the four major narratives that have developed over time: The semi-whitewashed "Fab Four" account, the acrimonious breakup-era Lennon Remembers version, the biased "Shout!" narrative in the wake of John Lennon's murder, and the current Mark Lewisohn orthodoxy. Drawing on the most influential primary and secondary sources, Beatles history is analyzed using historical methods.

Chronicles the Beatles' use of instruments from 1956 through 1970, including photographs and discussion about Paul's 1963 Hofner 500/1 violin bass, John's Rickenbacker 325 12-string, and George's Gibson Les Paul.

This book provides a fan's-eye account of the Fab Four as they conquered the world. From their skiffle days as The Quarrymen, their thrilling early gigs at the Cavern Club in Liverpool through to the Beatlemania of the Shea Stadium concerts in the USA. Share in the excitement of more than 400 first-hand encounters with The Beatles: the teenagers, kids, twenty-somethings, promoters and support bands who can all proudly say 'I was there!' Featuring fascinating anecdotes, stories, photographs and memorabilia that have never been published before, this book is a portrait of an amazing era. It's like being at your very own Beatles gig!

An NPR Best Book of the Year □ Winner of the Virgil Thomson Award for Outstanding Music Criticism "This is the best book about the Beatles ever written" —Mashable Rob Sheffield, the Rolling Stone columnist and bestselling author of Love Is a Mix Tape offers an entertaining, unconventional look at the most popular band in history, the Beatles, exploring what

they mean today and why they still matter so intensely to a generation that has never known a world without them. Dreaming the Beatles is not another biography of the Beatles, or a song-by-song analysis of the best of John and Paul. It isn't another exposé about how they broke up. It isn't a history of their gigs or their gear. It is a collection of essays telling the story of what this ubiquitous band means to a generation who grew up with the Beatles music on their parents' stereos and their faces on T-shirts. What do the Beatles mean today? Why are they more famous and beloved now than ever? And why do they still matter so much to us, nearly fifty years after they broke up? As he did in his previous books, *Love is a Mix Tape*, *Talking to Girls About Duran Duran*, and *Turn Around Bright Eyes*, Sheffield focuses on the emotional connections we make to music. This time, he focuses on the biggest pop culture phenomenon of all time—The Beatles. In his singular voice, he explores what the Beatles mean today, to fans who have learned to love them on their own terms and not just for the sake of nostalgia. *Dreaming the Beatles* tells the story of how four lads from Liverpool became the world's biggest pop group, then broke up—but then somehow just kept getting bigger. At this point, their music doesn't belong to the past—it belongs to right now. This book is a celebration of that music, showing why the Beatles remain the world's favorite thing—and how they invented the future we're all living in today.

40 years after the release of the iconic Sgt. Pepper's Lonely Hearts Club Band, the Beatles continue to captivate music fans of all ages. There's something always more to discuss about the Fab Four. What were their greatest live performances? Their worst moments? Stories still unknown by most music fans, trends still unseen, history still uninterpreted are all revealed in *Fab Four FAQ*. Pop culture authors Stuart Shea and Rob Rodriguez provide must-know fan trivia and offer obscure Beatles facts and stories in an easy-to-read, provocative format that will start as many arguments as will end them. With more than sixty chapters of stories, history, observation, and opinion, *Fab Four FAQ* lays bare the whys and wherefores that made the Beatles so great, giving credit where credit is due and maybe bursting some bubbles along the way.

Winner of the 2020 Baillie Gifford Prize for Non-Fiction A distinctive portrait of the Fab Four by one of the sharpest and wittiest writers of our time "If you want to know what it was like to live those extraordinary Beatles years in real time, read this book." —Alan Johnson, *The Spectator* Though fifty years have passed since the breakup of the Beatles, the fab four continue to occupy an utterly unique place in popular culture. Their influence extends far beyond music and into realms as diverse as fashion and fine art, sexual politics and religion. When they appeared on *The Ed Sullivan Show* in 1964, fresh off the plane from England, they provoked an epidemic of hoarse-throated fandom that continues to this day. Who better, then, to capture the Beatles phenomenon than Craig Brown—the inimitable author of *Ninety-Nine Glimpses of Princess Margaret* and master chronicler of the foibles and foppishness of British high society? This wide-ranging portrait of the four lads from Liverpool rivals the unique spectacle of the band itself by delving into a vast catalog of heretofore unexamined lore. When actress Eleanor Bron touched down at Heathrow with the Beatles, she thought that a flock of starlings had alighted on the roof of the terminal—only to discover that the birds were in fact young women screaming at the top of their lungs. One journalist, mistaken for Paul McCartney as he trailed the band in his car, found himself nearly crushed to death as fans climbed atop the vehicle and pressed their bodies against the windshield. Or what about the Baptist preacher who claimed that the Beatles synchronized their songs with the rhythm of an infant's heartbeat so as to induce a hypnotic state in listeners? And just how many people have employed the services of a Canadian dentist who bought John Lennon's tooth at auction, extracted its DNA, and now offers paternity tests to those hoping to sue his estate? *150 Glimpses of the Beatles* is, above all, a distinctively kaleidoscopic examination of the Beatles' effect on the world around them and the world they helped bring into being. Part anthropology and part memoir, and enriched by the recollections of everyone from Tom Hanks to Bruce Springsteen, this book is a humorous, elegiac, and at times madcap take on the Beatles' role in the making of the sixties and of music as we know it.
